VOL. 66, NO. 310

TWIN FALLS, IDAHO, SUNDAY, MARCH 29, 1970

TWENTY CENTS

AN ARMY OF young "Easter bunnies" marched on City Park in Twin Falls Saturday morning for the annual egg hunt sponsored by the Twin Falls Exchange Club and Twin Falls City Recreation Department. Many of the younger children were accompanied by parents, and Don Hymas, chairman of the event estimated there were as many children as eggs, which adds up to 200 dozen of each.

change Club an Twin Falls City Recreation Department. Many of the younger children were accompanied by parents, and Don Hymas, chairman of

the event estimated there were as many children as eggs, which adds up to 200 dozen of each.

Air Controllers Tighten Squeeze On U.S. Flights

By United Press International
Striking air controllers ignored a government ultimatum to return to work Saturday, tightening their squeeze on operations at New York airports and causing flight delays and cancellations from coast to coast.

The control tower at Chicago's O'Hare International Airport, the world's busiest air terminal, was evacuated briefly after police received six telephoned bomb threats. No explosives were found.

The Federal Aviation Administration said the air controllers' protest "sick-out" had spread to regional air traffic control centers at Memphis and Great Falls, Mont., for the first time and acknowledged that New York was "a very critical problem."

lars' protest "sick-out" had spread to regional air traffic control centers at Memphis and Great Falls, Mont., for the first time and acknowledged that New York was "a very critical problem."

Increase Walkout

New York area controllers increased their walkout from 55 per cent to nearly 75 per cent of the work force on duty. But primarily because the peak of Easter weekend departures had passed, the FAA reported that delays at Kennedy, LaGuardia and Newark airports were "lower, much lower" than on Friday.

Delays at the three fields ranged from 35 to 75 minutes.

Here's National Labor Situation At A Glance

By United Press International
POSTAL — Administration and postal union negotiators, scheduled to hold fourth day of bargaining Saturday, postponed the session until 10 a.m. EST Monday to give the government more time to study union proposals. Principals have agreed pay raise needed, but no accord has been reached on how much or when.

CONTROLLERS — Easter vacation travelers were delayed at major U.S. airports as air traffic controllers continued "sick-out." Lawyer F. Lee Bailey and other officers of professional air traffic controllers organization have been ordered to show cause by next Wednesday why they should not be held in contempt for defying a strike ban. Bailey said the sick-out will get worse before it gets better.

TEAMSTERS — Negotiations involving 420,000 truck drivers have reached an impasse and federal mediators will enter the dispute Monday. Contract expires at midnight Tuesday.

MACHINISTS — Machinists and National Airlines reached tentative agreement providing full seniority for nearly 1,000 union members locked out more than 14 months ago.

RAILS — Four shopcraft unions continue on the job during a 37-day period imposed by Congress in their long dispute.

Religious Riot Flares In Ireland

ARMAGH, Northern Ireland (UPI) — About 8,000 militant Protestants, beating bass drums and shouting battle cries, marched through the city's center Saturday and were met with a barrage of stones and rotten apples thrown by angry Roman Catholics.

A force of 1,000 police and British troops, who sealed off Roman Catholic streets with barbed wire, kept the two factions apart. There were minor scuffles and at least 10 persons, including one policeman, suffered slight injuries. The Protestants marched in a parade called to counter Roman Catholic celebrations throughout the country commemorating the 1916 Easter Monday uprising which led eventually to independence for the South from Britain.

JULIUS KRUG KIES (UPI) — Funeral services will be held Tuesday in Washington for Julius Albert Krug, 62, former secretary of interior, who died here Thursday.

Cambodians Gird To Halt Viet Cong

PHNOM PENH, Cambodia (UPI) — The government Saturday announced mobilization of all former servicemen in the face of a reported advance on Phnom Penh by 3,600 Viet Cong. Cambodian regulars were moved to frontline positions.

Unofficial reports said Cambodian forces used tanks to counter a Viet Cong attack on Koh-Ky on the Mekong River 12 miles from Phnom Penh. The reports said at least 10 persons were killed.

Both the Viet Cong and the North Vietnamese governments have pledged support for the comeback bid by Prince Norodom Sihanouk, the deposed chief of state who is in exile in Peking whipping up support for a counter coup.

County Agrees To Settlement Of \$200,069 For Fire At Fairgrounds

Nearly five months of negotiation between Twin Falls County fair board and commission members and insurance representatives came to an end Friday with a settlement on the November fairgrounds fire loss.

Commissioners agreed Friday to accept the offer of the insurance companies at \$200,069.10 to cover loss of the grandstands and other items destroyed in November in a fairgrounds fire.

Carlson moved the county accept the Friday offer and the vote was unanimous, although Commissioners Chancey and Loughmiller agreed they felt the figure is still somewhat low. The adjuster said he felt the amount might be a bit more than the county's coverage.

Commissioner Chairman Heber Loughmiller said the county is accepting the figure in order to get construction of new stands under way and said the county

Meeting with the county commissioners and Tom Shouse, fair manager, Friday were Glen E. Bradford, manager of the General Adjustment Bureau, Inc., Twin Falls; A. K. "Ooch" Dodds, Kimberly, and John Barker, Buhl, insurance agents. Commissioner Morris W.

Kids, Thousands Of 'Em, Hunt Eggs

Despite some un-spring-like weather Saturday morning, more than 2,000 youngsters gathered in Twin Falls City Park to hunt for Easter eggs, most hoping to find a prize-winning golden colored egg.

Under direction of the Exchange Club, with Don Hymas as chairman, and the City Recreation Department, 200 dozen eggs were hidden in the park for the youngsters of all ages.

Twenty-one golden eggs were found by the children and earned cash prizes for the finders.

Mr. Hymas was assisted by about eight other Exchange

Club members in directing the hunt. Eggs were cooked and colored by members of the O'Leary Junior High School home economics classes under the direction of Ana Davis, teacher.

Winners included Ken Potter, Muffy Fink, LaRene Waldron, Robin Sterlin, Kristine Fochs, Kia Hamilton, Terry Miller, Stacey Gibson, Timmy Fisco, Sandy Mills, Brenda Silcock, Mark Mills, Rod Rosenberg, Jeff Wokersten, Lisa Bealer, Mike Graefe, Melanie Lamborn, Barbie Sangster, Fernando Herminiz, Twila Star and David Gould.

OK Given Hike In Veteran Benefits

KEY BISCAYNE, Fla. (UPI) — President Nixon Saturday approved a 34.6 per cent increase in GI bill benefits for Vietnam-era veterans that would give a full-time student with a wife and child \$230 per month.

The measure, retroactive to Feb. 1, would cost an estimated \$132.4 million for the remainder of the current fiscal year and \$275.5 million for the year beginning July 1.

Although the bill provides for larger increases than Nixon had asked, Press Secretary Ronald L. Ziegler said the President felt it was "reasonable" and non-inflationary.

Preserve Surplus
The \$1.3 billion surplus Nixon has written into his 1971 budget would be preserved, Ziegler said.

Nixon, here for a long Easter weekend with his family, spent most of the day Saturday cruising through the lagoons on

the Grand Cays, a cluster of islands in the Bahamas about 150 miles northeast of here, under a brilliant sunshine.

Nixon spent nearly two hours aboard the Sea Lion II, an 8-foot fishing boat belonging to Robert H. Abplanalp, much of it atop a tuna tower where he had an unobstructed view. The boat flew the American and Bahamian flags and the Presidential ensign.

Nixon, dressed in a white golf shirt and navy blue shorts, cruised near some of the small islands nearby and waved to passing yachtsmen. The area, about 75 miles west of Stuart, Fla., is a favorite haunt for sports fishermen.

Abplanalp, a New York industrialist, hosted Nixon and C. G. (Bebe) Rebozo, a Florida real estate man and Nixon confidant, for an overnight visit to his private island estate overlooking a small inlet in the Grand Cays.

Nixon was expected to return by helicopter late Saturday to Key Biscayne and join the rest of the "First Family" for an Easter celebration.

Andrus Is Expected To File

BOISE (UPI) — Close political friends of State Sen. Cecil Andrus, formerly of Lewiston and now a Boise resident, said Saturday they expect Andrus to announce his candidacy for governor in the Democratic primary sometime next week.

There has been speculation for several months that the 1966 gubernatorial candidate would again make the race. However, when Andrus recently was promoted to Idaho manager of the Paul Revere Insurance Co. and moved to Boise, doubts arose as to whether he would run.

A recent private poll paid for by Andrus and conducted by a professional New York polling firm showed Andrus far ahead of other potential Democratic candidates included in the poll for the state's highest office.

Consul Is Freed By Kidnapers

BUENOS AIRES (UPI) — Paraguayan Consul Waldemar Sanchez was freed Saturday, successfully ending the first refusal of a Latin American nation to meet the demands of diplomatic kidnappers.

The Argentine Liberation Front (FAL) released Sanchez at dawn on the outskirts of Buenos Aires after failing in a nerve-racking, four-day "tug of war" to get the government to free two supposedly imprisoned students.

Foreign Minister Juan B. Fortin said Argentina's success was an example for other countries of Latin America, which has been hit by a wave of diplomatic kidnappings.

Low Blow

MIAMI (UPI) — An official of the National Organization of Women (NOW) wants the directors of the National Hurricane Center at the University of Miami to stop naming hurricanes after women.

"The naming of hurricanes with female names reflects and creates an extremely derogatory attitude toward women," said Mrs. Davis Bolton, national vice president of NOW.

Colleagues Endorse Carswell

KEY BISCAYNE, Fla. (UPI) — Eleven of Judge G. Harold Carswell's 19 colleagues on the 5th U.S. Circuit Court of Appeals Saturday endorsed his nomination for the Supreme Court.

In a telegram to President Nixon, the jurists expressed their "complete confidence" in Carswell "from the standpoint of integrity, fairness and ability."

The telegram, and the endorsement of Sen. John Sherman Cooper, R-Ky., a key border state moderate who voted against Judge Clement F. Haynsworth, gave administration forces new ammunition in their battle to win confirmation for the Florida jurist.

A vote is scheduled April 6 on a liberal move to pigeonhole Carswell's nomination by returning it to the Senate Judiciary Committee.

Bomb Blast Probed In California

SAN FRANCISCO (UPI) — Police said Saturday they had recovered fragments of the bomb which blew out two closets and part of a wall at a restaurant and bar where a young Negro was shot to death this month by an off-duty policeman.

"It was a pretty good sized bomb," said police Inspector Daniel Mahoney. He said officers recovered a battery and part of a timing device. Bits of blue and red cloth also were found.

The bomb was apparently put into a cloth bag and then set inside a closet. It destroyed two closets, shattered plate glass doors into the dining room vestibules and tore out wall siding on a stairway at the El Trovatore restaurant Friday night.

No one was injured. Damage was estimated at \$10,000.

Charles Puccinelli, who operates the restaurant and bar with his brother Boyd, was in a third floor office about 20 feet away.

"I was sitting in the office smoking a cigarette, when all of a sudden I heard this noise like a big firecracker," he said.

Troops Do Cross Cambodia Border

KEY BISCAYNE, Fla. (UPI) — U.S. military commanders in Vietnam in some cases move troops across the border into Cambodia in response to Communist attacks, the White House said Saturday.

The same rules would apply to forays into Laos, which also has a long border with South Vietnam, but not across the Demilitarized Zone into North Vietnam, White House officials said.

Press Secretary Ronald L. Ziegler acknowledged for the first time that the policy of "protective reaction" under which U.S. and other Allied troops operate, does not preclude forays into Viet Cong and North Vietnamese sanctuaries in Cambodia.

He added, however, that this did not represent an expansion of the war and that U.S. commanders have had a right for sometime to maneuver their troops wherever necessary to deal with Communist forces inflicting casualties on their units.

Ziegler did not specify at what level the decision to cross the border could be made. But other administration sources indicated it would require prior approval by the U.S. military headquarters in Saigon.

Turkey Shaken By Earthquake

ISTANBUL (UPI) — A strong earthquake shook Turkey Saturday night along its Aegean seacoast, damaging several villages and apparently causing numerous casualties.

A government official said more than 500 persons were thought to have been killed in the town of Gediz alone. The town, located about 125 miles south of Istanbul, was heavily damaged by the earthquake and subsequent fires that it sparked.

Many of the communications lines in the area were cut by the quake, and initial reports of damage were sketchy.

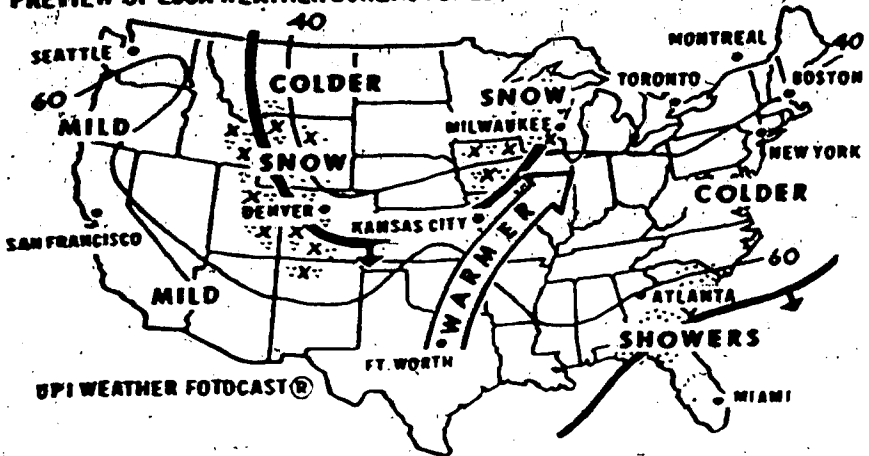

FAST EXPANSION OF SPACE, where the old wooden grandstands stood at the Twin Falls County Fairgrounds until a fire last November, will soon be

less noticeable. County officials have accepted a \$200,000 insurance settlement, an action that paves the way for construction of new concrete stands. The new

structure will be located slightly south of the old stands. Here the camera looks north from the site of the old wooden structure to the backing cluster.

Daily Weather Report

PREVIEW OF ESSA WEATHER BUREAU FORECAST TO 7:00 P.M. EST 3 -29-70

FOR PERIOD ENDING 7 p.m. EST Sunday:
Snow and snow flurries are forecast for the Central Rockies and the western Great Lakes area. Showers and thunderstorms are expected from Northern Florida through the coastal areas

of Georgia and South Carolina. It will be colder in the Northern Plains and the coastal areas of the Middle and North Atlantic States. Warmer weather is predicted for the Southern Plains and the Middle Mississippi Valley.

Magic Valley Obituaries

Robert Rikken

HAILEY — The rosary for Robert DeRoy Rikken, 46, of Hailey, who died Friday morning from injuries sustained in a traffic accident near Jerome, will be recited at 8 p.m. Monday at the Bird Funeral Home by Rev. W. Douglas Ellway, Hailey Emmanuel Episcopal Church. Funeral services will be conducted at 2 p.m. Tuesday at the Wood River High School by Rev. Ellway. Burial will follow with military rites at the Hailey Cemetery.

Mr. Rikken was born May 8, 1923, at Ketchum, and graduated from Hailey High School. He joined the Navy in 1941, serving with the submarine service in the Pacific during World War II. He was discharged in 1945, and was married to Moyra Bradley on Sept. 11, 1945, at Fremantle, Western Australia.

Mrs. Rikken moved to the U. S. in 1946, and the couple had resided in Hailey since that time.

In 1950, Mr. Rikken joined the Idaho National Guard, serving as a captain for four years. He then transferred to the Army Reserve, and was a major at the time of his death.

He was an electrician at the Triumph Mine until it closed, at which time he opened Bob's Electric in Hailey, operating the firm until his death.

Mr. Rikken was a member of the American Legion, Blaine County Chapter No. 24; the Veterans of Foreign Wars, Rotary Club, Hailey Chamber of Commerce, the Hailey volunteer fire department, and was a past member of the Hailey Junior Chamber of Commerce. He had served three terms in the Hailey City Council, and had been on the executive board of the Blaine County Hospital since the hospital opened in 1960. He was also a member of the Emmanuel Episcopal Church.

Survivors include his wife, Hailey; one son, Robert DeRoy Rikken J., Hailey; a daughter, Mrs. Rod (Lynne) Haller, Crested Butte, Colo.; his mother, Mrs. Rosa Smith, Hailey; two brothers, James Rikken, Hailey, and Staff Sgt. Ralph Rikken, in Germany; his maternal grandfather, Jim McCoy, Hailey, and one granddaughter.

The family suggests memorials to the Blaine County Memorial Fund.

Mrs. Hoffman

BUHL — Mrs. Carl (Delores) Hoffman, former Buhl resident, died Saturday morning at the Valley Memorial Hospital, Yakima, Wash., of a short illness.

Funeral services will be announced by the Hopkins Buhl Funeral chapel.

Mr. Otto McChristian

Otto McChristian, 59, 2061 11th Ave. E., Twin Falls, died Friday night in Magic Valley Memorial Hospital of a long illness.

Born Oct. 24, 1910, in Mulberry, Ark., he resided in Twin Falls the past 10 years, coming from Filer where he had resided the previous four years. He was a former resident of Nevada and California. A graduate of the Northern State College, Tahlequah, Okla., he taught sixth grade in the Twin Falls school system until his recent illness forced him to take a leave of absence. He was a member of the National Education Association, Idaho Education Association, a member of the Mosholabubee Lodge 13 AF & AM in Cameron, Okla., and of the Mosholabubee Chapter 170, Order of Eastern Star and the McAlester, Okla., consistory, Scottish Rite Masons.

He married Mildred McDonald May 25, 1936, in Chandler, Okla., and she survives, as do a son, Richard Eugene McChristian, Boise; a sister, Mrs. Nettie Bell, Van Buren, Ark.; two brothers, Riley and Jake McChristian, both Mulberry, Ark., and two grandchildren, Danna Lea and Shelly Lynn McChristian, Boise.

Funeral services will be conducted at 2 p.m. Monday in the White Mortuary Chapel. Burial will be in the Sunset Memorial Park Mausoleum. The family suggests memorials to the Cancer Fund or the Idaho Youth Ranch.

Mr. Osborne

HEYBURN — Ulsá Voy Osborne, 33, Heyburn, died early Saturday morning at Minidoka Memorial Hospital of a lingering illness.

He was born May 27, 1936, at Rupert and married Patsy Pollard July 28, 1953, at Heyburn. They have resided in Heyburn where Mr. Osborne operated a trucking business until ill health forced his retirement eight years ago.

He was preceded in death by his parents.

Survivors include his widow, Heyburn; three sons, Steven Osborne, Ronnie Osborne and Bryan Osborne, all Heyburn; one daughter, Glenda Osborne, Heyburn; one brother, Alvy Osborne, Canby, Ore., and two uncles, Ruel Smith, Oakley, and Ira Taylor, Heyburn.

Funeral services will be announced by Walk Mortuary. Final rites will be held in the Rupert Cemetery.

Journalism enrollment in the nation's colleges increased 19 per cent in 1969, says the Newspaper Fund, Inc.

Mr. Clemons

GOODING — Emmett C. Clemons, 60, died Thursday in Gooding Memorial Hospital of a lingering illness.

He was born Oct. 17, 1909, in Quinter, Kan., coming to Gooding with his parents as a child. He was graduated from the former Gooding College in 1931.

On Dec. 21, 1929, he married Masie Ruscoe in Logan, Utah. Mr. Clemons taught school south of Twin Falls for one year and was a teacher and high school principal in the Gooding schools for 11 years, from 1934 until 1945.

He served as lieutenant, junior grade, in the Navy during World War II. From 1947 until his death he owned and operated the Clemons Feed Store in Gooding. Mr. Clemons belonged to the Gooding Lions Club, the Chamber of Commerce and the Veterans of Foreign Wars.

Survivors include his widow, Gooding; three sons, Duane Clemons, Gooding; Richard Clemons, Idaho Falls; and Jackson Clemons, Nampa; two brothers, Blythe Clemons, Gooding, and Dale Clemons, Boise; six grandchildren.

Funeral services will be conducted at 2 p.m. Monday at the United Methodist Church by Rev. Edmund Stanton and Rev. Harold Hake. Final rites will be held in Elmwood Cemetery. Friends may call at the Thompson Chapel Sunday and until 11 a.m. Monday and at church from noon until time of services. The family suggests donations to either the Idaho Youth Ranch or the Easter Seal Center.

Mrs. Lucich

GLENNS FERRY — Mrs. Anna Lucich, 61, Glens Ferry, died Thursday in a Mountain Home nursing home of a long illness.

She was born Sept. 15, 1888, in Dubrovnik, Yugoslavia, coming to the U.S. in 1906. On Nov. 18, 1908, she was married to Martin Lucich at Butte, Mont. They lived there until 1909 when they moved to Richfield.

In 1920 they came to King Hill where he farmed until 1946. Mr. Lucich died in 1947 and since then she had lived with a daughter in Glens Ferry. Mrs. Lucich belonged to the Aileen Rebekah Lodge No. 62.

Survivors include six daughters, Mrs. Anna Barnes, King Hill; Mrs. Lucy Wakefield, Glens Ferry; Mrs. Helen Chapman, Pocatello; Mrs. Donice Ginston, Mrs. Mary Franklin and Mrs. Eva Dalrymple, all Seattle; two sons, Steve Lucich, Reno, Nev., and George Lucich, Alamogordo, N. M.; 18 grandchildren, 16 great-grandchildren.

Funeral services will be conducted at 11 a.m. Monday in the Glens Ferry Smith chapel by Rev. Rolf A. Leed, Grace Episcopal Church. Final rites will be held in Glenn Rest Cemetery.

Brevs

Twin Falls Friday Night
Duplicate Bridge club winners were Mrs. V. R. Teasley and H. C. Powers, first; Mrs. H. M. Proctor and L. J. Robertson, second; Mr. and Mrs. John Hahn, third, and Mr. and Mrs. J. W. Brown, fourth.

Hiedi Gupion

Hiedi Noel Gupion, infant daughter of Mr. and Mrs. Dale A. Gupion Jr., 422 5th Ave. E., DIED Friday in the Magic Valley Memorial Hospital shortly after birth.

She is survived by her parents; paternal grandparents, Mr. and Mrs. D. A. Gupion Sr., Las Vegas, Nev., and Mrs. Edna Gupion, Phoenix, Ariz.; great-grandmother, Mrs. Rose Ulmer, Eugene, Calif., and maternal grandparents, Mr. and Mrs. Don Cooke, Phoenix. Several uncles and aunts also survive.

Graveside services will be conducted Monday at 3:30 p.m. in the Twin Falls Cemetery by Rev. Dr. Harold Nye and under the direction of the White Mortuary.

The first motion picture studio was established in Hollywood in 1911.

THIS IS WHAT it looks like when you take a mobar test, a test which can measure the percentage of alcohol in the system. Mrs. Glenda Monette, a secretary for the Idaho State Police in Twin Falls, is waiting the required minute here

before checking her reading. She passed with flying colors, but because of new legislation passed by the 1970 Legislature, officers might not be so fortunate.

Officers Waiting To See Effect Of Laws To Curb Drunken Driving

New laws are now in effect in an effort to keep the state's traffic death toll down and to keep people who drink to excess from driving.

Just how effective these laws will be is something to be seen, but indications in area courts are there might be more trials.

On Feb. 9 a law reducing the blood alcohol level to presume driving while under the influence of alcohol to .10 percent went into effect. Idaho State Police said they have no indications yet on what effect this law has had on the driver.

who has been drinking to excess. But officers agreed the reduction gives the officer at the scene a better chance to determine just how much a person has had to drink.

The former law was .15 percent.

And another law which went into effect without the governor's signature more than a week ago, requires a mandatory 30-day jail term for every person convicted of driving while under the influence of alcohol.

This law is controversial in nature, with many judges claiming it takes away the authority of the courts to make allowances in certain cases. The maximum fine and

sentence a person can get under the new state law is a \$500 fine and six months in jail. The maximum under the Twin Falls city ordinance is 30 days in jail and \$300 fine. The City Council has not yet considered bringing its law into line with the state law, and for the present it might be better to be arrested for driving while under the influence of alcohol in the city than in the county, it was reported.

However, it was learned recently the city soon will consider adding to its ordinance the 30-day mandatory sentence or a maximum of 30 days in jail under the influence of alcohol.

Convicted also means a driver cannot be removed from the road.

Two Teams At Valley Get Honors

EDEN-HAZELTON — Both teams of the Valley High School received trophies in the Region II Debate Meet held at Wilder, Valley is the only school from this region to have two teams eligible for state competition.

According to debate coach Arlyn Bodily, first place girl's division winners were Judy Hagan and Dee Dee McDonald; with Eric Christensen and Bill Fife placing second in the open division. Kimberly placed first in the open division and Wilder second in the girl's division.

Third place winners are eligible to the state event to be held April 10 at Sugar City.

Richfield PTA Elects Officers

RICHFIELD — Mrs. Neil Anderson is the new president of the Richfield PTA. Installation of the new officers is scheduled for the April meeting.

Mrs. Charles Burrage is vice president; Mrs. Wendell King, secretary; and Mrs. David Remington, treasurer. Mrs. Ronald Roeder and Mrs. James Thomas were named to the auditing committee.

Officers report more than \$100 was raised at the father-son and mother-daughter basketball games held preceding the PTA meeting. Executive board members sold food. The fathers and daughters won the two games.

Nominating committee members included Mrs. Ralph Riley Jr., Mrs. F. M. Crowther and Mrs. Burl Adams.

JANESVILLE, Wis. (UPI)—Thomas Schmacher set out in his snowmobile Saturday looking forward to a pleasant Easter weekend.

He was driving down the middle of the Milwaukee Road Railroad tracks for unexplained reasons, police said, when the vehicle got stuck.

Schmacher tried to free the \$840 buggy but he had to abandon his efforts when a train approached. He watched as the snowmobile was demolished.

Then he went home to get his 1968 truck so he could pick up the pieces. But when he pulled the truck onto the tracks, it blew a tire.

Dividend Noted By Sugar Firm

SALT LAKE CITY (UPI)—Utah-Idaho Sugar Company has declared a regular, semiannual dividend of 40 cents a share on the firm's outstanding 2,371,283 shares of common stock.

The dividend action taken by the board of directors continued the semiannual rate of 40 cents a share, a record rate for the company.

T.W. Cockayne, senior vice president, secretary and treasurer, said the dividend would be payable April 30 to stockholders of record at the close of business April 10.

Positions Open With Sea Bees

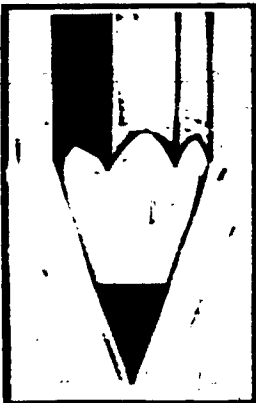

Openings are now available in the Sea Bees, according to local Navy recruiters.

Anyone with experience in mechanics, welding, electricity or plumbing may now enlist on a two and one-half year basis at the rank of E-4, third class petty officer.

No Waiting, Says Navy Recruiter

The Navy has no waiting list for prospective enlistees, according to local Navy recruiters. Young men may enlist for direct induction, but if they wish, may enlist on a 180-day delay program.

MANUALLY POWERED FINANCIAL CALCULATOR

For a free home demonstration, give me a call. I'll use the calculator to show you how it works. I'll also show you how to use it to calculate your present financial picture — life insurance, Social Security, investments, savings, etc. I'll send this information through our home office, electronic computer, and you'll know exactly where your family stands financially. Finally, I'll show you how life insurance can fit in the picture.

Teddy's Prospects On The Rise

BOSTON (NEA) — The notable thing about Sen. Edward M. Kennedy these days is the vast improvement in his spirits. He is much like the cheerful, adventurous Kennedy I followed for three hectic days

in Alaska just a year ago. No one in his camp nor any seasoned Democratic leader in Massachusetts has any doubt that the will win re-election to the U.S. Senate this fall by a handsome margin—despite the

Chappaquiddick incident of 1969 and the presence of an attractive Republican opponent, Josiah Sponsoring.

Watching Kennedy in two St. Patrick's Day parades and

accompanying side events in South Boston and Lawrence, one could only conclude that thousands upon thousands of ordinary folk in this state have forgiven him his acknowledged serious mistakes in last year's tragic accident. They seem ready to give him a resounding vote of confidence.

The forgivers include especially the middle-aged women who sometimes are the harshest critics of episodes where women are involved. A young woman secretary, Mary Jo Kopechne, died last July while riding with Kennedy late on an evening he accidentally drove off an old wooden bridge.

At St. Mark's auditorium in Lawrence, I saw a determined middle-aged woman grab him hard and kiss him on the cheek as he milled among tired paraders. It happened on other occasions and sometimes a woman's tight grip caused him to wince from the pain in his long-damaged back.

That day at St. Mark's he was introduced as "our wonderful, respected senator," and the warm response which followed was typical of the friendly greetings he got along two parade routes. There was no visible hostility and no critical placard could be seen anywhere.

I talked twice with Kennedy privately, once in his office high above downtown Boston and overlooking its sprawling harbor. I found him much more resilient than in November, though even then his spirits were plainly on the mend.

There is a sense that Chappaquiddick is behind him—

never to be forgotten but longer that gravely crippling thing it was for many months last year.

The rumor going around here is that the transcript of the January hearings into Chappaquiddick, though offering much fresh detail, adds nothing to the severe self-indictment Kennedy asserted last July in acknowledging confused negligence in the aftermath of the fatal accident.

I am convinced he wants that transcript, now lodged in a Boston court safe, released to the public once it is clear no further legal proceedings will flow from the hearings. Such proceedings against the senator himself are not likely.

Though things today are so much better for him, that does not mean there are any presidential thoughts about 1972 or even 1976. He is not taking easy re-election here for granted, either.

The night before the big St. Patrick's Day parade in South Boston, he held an important strategy meeting with key advisers in his lofty Boston office. There had been others in February and December. Kennedy's brother-in-law, Stephen Smith of New York, a top expert, attended only the first session.

Probably he cannot come close to matching his 1.4 million vote margin of 1964, when he was helped mightily by Sen. Barry Goldwater's weakness as a GOP presidential nominee by sympathy for himself as the victim of a broken back, and by sympathy for his assassinated brother, John.

PAUL HARVEY

After Vietnam?

The United States is withdrawing from Vietnam. Now what?

I have before me a newspaper, dated July 11, 1964 — 15 years ago.

It says the French are withdrawing from Vietnam. Which they did. It what happened to them, then, is about to happen to us now. It's not all bad. What next in Vietnam?

Newspapers of 15 years ago carried dire predictions that the French would surely "lose face" if they dared to retreat from Vietnam but they did withdraw, and Charles De Gaulle not only did not lose face, he ended up with more "cheer" than ever.

Relieved of the debilitating economic drain of maintaining colonial control in Southeast Asia and Africa, France was able to firm up the franc, quiet the agitators who threatened to tear France apart and solidify her position of political independence from either East or West.

Vietnam, for the French, was a bad investment. You don't continue to support an investment which proves basically bad; you take your loss and bail yourself out.

Thus the United States is now doing with a phased return from Vietnam and by vacating our thankless role as policeman to the world.

We will not again defend a dictatorship against a dictatorship in Asia. Latin America or any place else, as indeed we should not.

If ever this country goes to war again it will be because we have to — not because we have a chance to.

Hoover Congressman Andy Jacobs once contradicted his

colleagues in Congress with a scorching suggestion. He said, "In the past a politician made a brave speech; miles away another American lay dead. A man could make himself a hero on the floor of Congress — on somebody else's blood. For at noon, the top hats go to lunch and the helmets go to eternity."

And Rep. Jacobs suggested that whenever in the future a call for war is made by any member of Congress, "every member of Congress should predicate his vote on whether he would give his own life in that war."

I don't know how much influence that statement had but I doubt that not one member of either the Senate or the House has resigned his seat to sign up to fight in this war.

Our President is trying to lead us out of the jungle. In an election year, we must expect him to encounter resistance. He will need all the encouragement he can get from you.

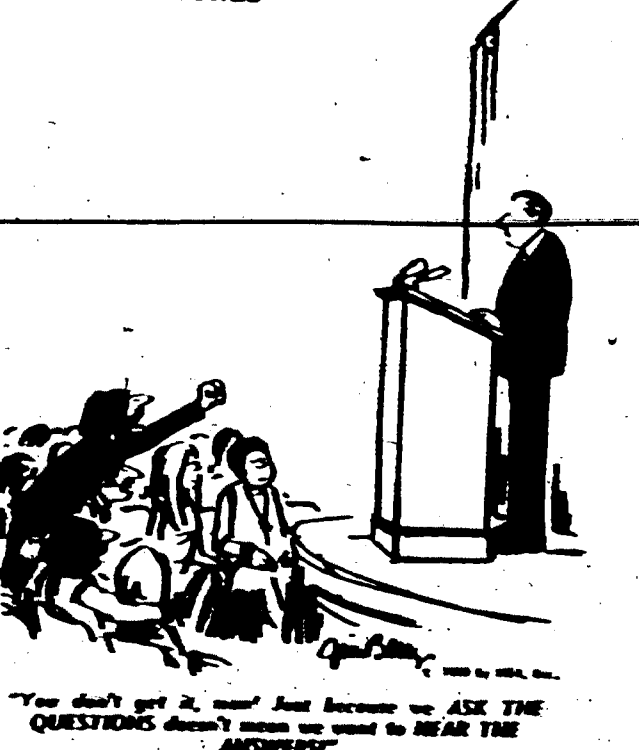

This Administration's present plan, which should, I think, supersede partnership, is to reduce our Army by three divisions by 1972. This much demobilization would help cool an overheated economy without killing it.

This would take our Army back to the size it was before the Vietnam buildup began nine years ago.

Then, by late 1975, perhaps that standing military force can be further reduced to 11 or 12 divisions.

It will mean major withdrawals of U.S. forces from Vietnam, from Korea and from the NATO countries. And what'll you bet with our troops out our tourists may be welcome again?

BERRY'S WORLD

"You don't get it, now? Just because we ASK THE QUESTIONS doesn't mean we want to HEAR THE ANSWERS!"

On The Issue

New York City, because of its immense size and sheer concentration of humanity, is a magnifying glass on all the problems that beset America.

Whatever the complaint may be — from air pollution to housing to telephone service — it is 10 times worse in New York.

Thus it was appropriate that the first real strike in the history of the U.S. Post Office should have begun in New York, and it is not surprising that one of the factors precipitating the strike was the demand by mailmen that they be accorded a cost-of-living differential to make up for the higher cost of living in New York.

Postal workers' pay is legislated by Congress on a nationwide uniform scale — whenever that body finds time to do so after taking care of its own salary needs. It is obvious that what may be adequate for a man in Prairie du Chien is wholly inadequate for a man in the Bronx where, it is said, deliverymen travel in pairs on welfare check days and some carry weapons to protect themselves against muggers.

But the present starting pay of \$3.66 an hour, rising to a magnificent \$4.19 an hour after 22 years' service, is considered too little even in small-town America, let alone big-city America, as the early spreading of the strike to a modest-sized city like Barborton, Ohio, attested.

To the basic issue of wages must be added other complaints, such as the rarity of merit raises, poor working conditions, the near impossibility of advancing in rank because most top Post Office jobs are political patronage plums. These are grievances not restricted to New York.

The strike is clearly illegal, of course — though the federal law banning it became academic when tens of thousands of workers across the country chose to defy it. The

strikers clearly had no right to cause not just inconvenience but real hardship for tens of millions of other citizens, whatever their grievances.

Yet Congress could have made an effort to end the strike immediately after it was called by giving an honest promise to consider the demands and complaints as soon as it possibly could. Instead, it got its back up, which may have been understandable but was hardly conducive to lowering emotional temperatures.

What should really be made illegal is the way Congress has been handling — or rather, mishandling — the postal service for, lo, these 180 years.

Congress was, before the strike, considering a bill that would raise postal workers' salaries by about 5.4 per cent. The latter's demands, if granted, would amount to a 40 per cent increase.

The first piece of business the lawmakers attended to in 1969 was to vote themselves a handsome pay increase of 12 per cent. They have not yet been able to get off their duffs to do anything about the proposal to take the Post Office out of politics and turn it into a government-owned but privately run corporation which, says its proponents, could make it self-supporting by 1975. The Post Office is currently racking up deficits of more than \$1 billion a year, even as postage costs mount and service deteriorates.

Such a corporation would still be a monopoly, however, and there is no guarantee that it would be the cure to all that's wrong with the Post Office or that it would not have to increase postage rates well beyond what they are now.

Private parcel delivery agencies are permitted to compete with the Post Office, and they seem to be able to provide good service while making a profit. Why not throw all mail delivery, including first-class letters, open to private enterprise?

ANDREW JULY

The Hit-Run Solution

WASHINGTON, D.C. — Since it is the responsibility of the Joint Chiefs of Staff to view American foreign policy from a military posture, it should come as no surprise that they have submitted a hit-and-run solution to the non-war in Laos.

Full details are not available, but at a secret White House meeting the other day, the chiefs argued that a Communist takeover of the little Southeast Asian kingdom need not be accepted as inevitable. Such an eventuality, they said, could be averted by any one of several plans they offered the President.

Of these the "hit-and-run" would be "the most controversial." It would involve a commitment of American ground troops, a move the administration has more or less rejected. Nevertheless, Nixon took under consideration, the proposal of a swift airborne raid upon strategic points designed to clean out Communist Pathet Lao and North Vietnamese units and give protection to the Royal Lao government.

The chiefs argued that this untested, the Royalist regime could negotiate from a position of strength. And they emphasized that the U.S. forces would be withdrawn as soon as it had accomplished its mission, probably within a month. Meanwhile, the chiefs also pressed for more used bombings of Path forces in Laos, the dispatch of more military advisers, and the limited use of "volunteers" from regular U.S. Army units.

At this time, Nixon has no intention of adopting any of the chiefs' proposals. He is, as determined as Sen. William Fulbright, D., Ark., in regard to

Richardson said pointedly he would not "give up" any presidential option. He also reminded the committee that not even a Senate resolution — opposing escalation of the Laos non-war — can enlarge the constitutional powers of Congress or limit those of the President. In other words, the President can do what he wishes, and the back of his hand to Capitol Hill.

about committing ground troops.

Expanding on the last administration's flexible stand, Under Secretary Elliot Richardson then proceeded to qualify somewhat. Rogers testimony. He told the committee the White House consultation with Congress might, or might not, produce an agreement that there should be affirmative action by Congress.

ART BUCHWALD

On The Judge

WASHINGTON — There seems to be no end to the Judge Carswell debate. The main charge against the jurist is that he wasn't a very outstanding judge on the federal bench. To support this charge, Carswell opponents maintain that he was reversed 59 per cent on all his decisions, a record that few federal judges can equal.

The sad part of it all is that the men defending Judge Carswell are not saying that Judge Carswell is a superior person, but are supporting him on the grounds that it is about time we had a mediocre judge on the Supreme Court.

Sen. Hruska said at a news conference, "There are lots of mediocre judges and people and lawyers. They are entitled to a little representation, aren't they?"

And Sen. Russell Long, another Carswell defender, has said the United States needs a "B" student or a "C" student instead of an "A" student on the Supreme Court.

It came as no surprise to me when I was invited to attend the opening of the national headquarters of the Society for a Mediocre America.

It was located in a very second-rate neighborhood, and after walking two flights up, I found myself in a dull room where volunteers were at work sending out fliers in support of Judge Carswell. On the walls were large posters of the judge, which read, "Ask the impossible and he'll do the ordinary."

Simon Listless, the executive director of the Society for a Mediocre America, said, "I'm so glad you got your invitation. Our volunteers are a very unexceptional group, and I believe they got the dates all jumbled up. Everyone who was sent an invitation received it for a different date."

"How are things going?" asked.

"All right I guess. Of course, we can't expect much with the inadequate people we have working here."

"What are you trying to do with your society?"

"We're trying to organize the mediocre people in America to support Judge Carswell. We feel that they should be represented on the Supreme Court. Sen. Hruska gave us the idea, and we're running with it. There are a lot more mediocre people in the United States than anyone wants to admit."

"But why Judge Carswell?"

"Well, for one thing, he's known nationally as an unexceptional judge, and he's continually done nothing to make himself noteworthy in the legal profession. Carswell has a countless list of unremarkable qualities, and he represents everything that we stand for: sincerity, honesty, and mediocrity."

"Why are they fighting his appointment if he's all you say he is?"

"There's a certain segment of America that is opposed to mediocrity in the courts. They want their Supreme Court justices to be 'A' students, instead of 'B' and 'C' students."

"They can't stand to see a fair-to-middling person appointed by the President of the United States. They can't tolerate people who are no great shakes at their jobs."

"Have you been getting a good response to your Judge Carswell campaign?"

"Being a mediocre society we don't expect too much. We prefer to muddle along and hope our message gets through."

"And what is your message?"

"Carswell should be confirmed to the Supreme Court if for no other reason than he's the second-best man for the job."

Longer Days

It happens so unobtrusively at first that few persons note the change until suddenly, one day, it is apparent that darkness descends considerably later. Yep, the days are getting longer.

The change, since the shortest day of Dec. 21, is already more than three hours a day. Each week is adding more to daylight.

There is something to be said for dark winter evenings, but most persons yearn for the long days and short nights of summer. In the continental United States seasonal light changes are not so pronounced as farther north, but the variation is considerable — from approximately 14 hours of darkness to eight.

MR. SPECTATOR

On That Vacation

Along about this time of year everyone starts thinking about a vacation. Vacation? That's a way of life that lets you go someplace else so you will be satisfied to come back home and hang around for another year.

Well, Mr. Spectator is just like everyone else. He's striving to go. So what to do? Well, he sat down with Mrs. Spectator and put on the thinking cap as to just where a summer jaunt should end up. Canada? The United States? Mexico?

Next step was to write the Tourist Information bureaus in the various sections considered and see what they had to offer. What is there to see? What is there to do? How much will it cost? The letters were dispatched and now the fun begins.

Each evening, time permitting, we take a few minutes to go through a locality at a time. We have taken five trips to date and have never left the apartment. We have seven more trips to go — all within the confines of the apartment.

Then will come the big decision. Where will it be? Well, at this point you know as much about it as we do. But it will be somewhere.

All the literature we receive is beautiful. Each locality looks like the right one. Each locality has its good and bad points but, in most cases, the good points are far ahead.

So that's the way it goes. How do you folks get ready for your vacation? Any special formula of your own or do you do it the way Mr. and Mrs. Spectator do it?

And then stay right around here and probably spend a week at Magic Reservoir and another at Redfish Lake.

INCOME TAX

We hate to be the one to bring it up — but if you have forgotten it then we hasten to remind that April 15 is not very far away and that your income tax is due and payable on that date. At least for most of you.

Don't forget. And sweet thoughts to you, too.

Local Exhibition Reveals Works Of Three Artists

The College of Southern Idaho is currently presenting the works of three Magic Valley artists in exhibition at the Fine Arts Center. The show began March 10 and will continue through April 10, with viewers welcome daily when the building is open.

Featured in the exhibition are works by Stanley Vandenberg of Vandenberg Studios, Kimberly; Marilyn Bockus LaCroix, Gooding, and George Walton, Twin Falls.

Mr. Vandenberg is a native of Twin Falls, receiving his higher education at the College of Idaho, Caldwell, from 1953 to 1955; General Motors Institute during 1955-1956, and Arizona State University, Tempe, Ariz., 1964 and 1965.

He exhibits and sells work in galleries in Idaho, Oregon, California and Arizona, with his interests lying mainly in the area of metal sculpture—large and small, realistic, abstract and humorous. He also does block and screen printing, oil painting and wood carving.

Mr. Vandenberg enjoys a Geodesic dome for a studio and is a developer of geometric building designs. He was commissioned a Seagull foundation for Ricks College in 1969, and won a Purchase award, Artists of Idaho, during the 34th annual exhibition.

His works on exhibition here include (1) Horse (of horseshoes); (2) Rooster (lifesize); (3) The Grim Reaper; (4) Geometric abstract "Desert Blossom"; (5) Bird, and (6) Rod Abstract.

Mrs. LaCroix is featured in several exhibitions in Southern Idaho at the present time including ones at Mr. Cal's Supper Club,

Gooding; Sun Valley Gift Shop in the Sun Valley Mall, and LeWalt's Interiors, Ketchum. She received her art training at the University of Minnesota in art history and appreciation; the University of Idaho Workshop on Wheels in oil; the College of Southern Idaho in oil and watercolor, and from Lee Parkinson, Ogden, in oils.

Her exhibits and awards include Best of Show, Gooding County Fairs in 1961, 1966 and 1967; Twin Falls YMCA for Best of Show in 1967, and the Idaho State University Student Union Exhibit for 1968. Others are for Best of Show during the Twin Falls County Fair in 1969, and the 34th annual Artists of Idaho at the Boise Gallery in 1969.

Her paintings and exhibits on display at the college now include (1) First Nude; (2) Daffodils; (3) Girl With Red Book; (4) Construction; (5) Violet Mums; (6) Still Life With Plums; (7) Lilies and Mums; and (8) Hagerman Fish Hatcheries.

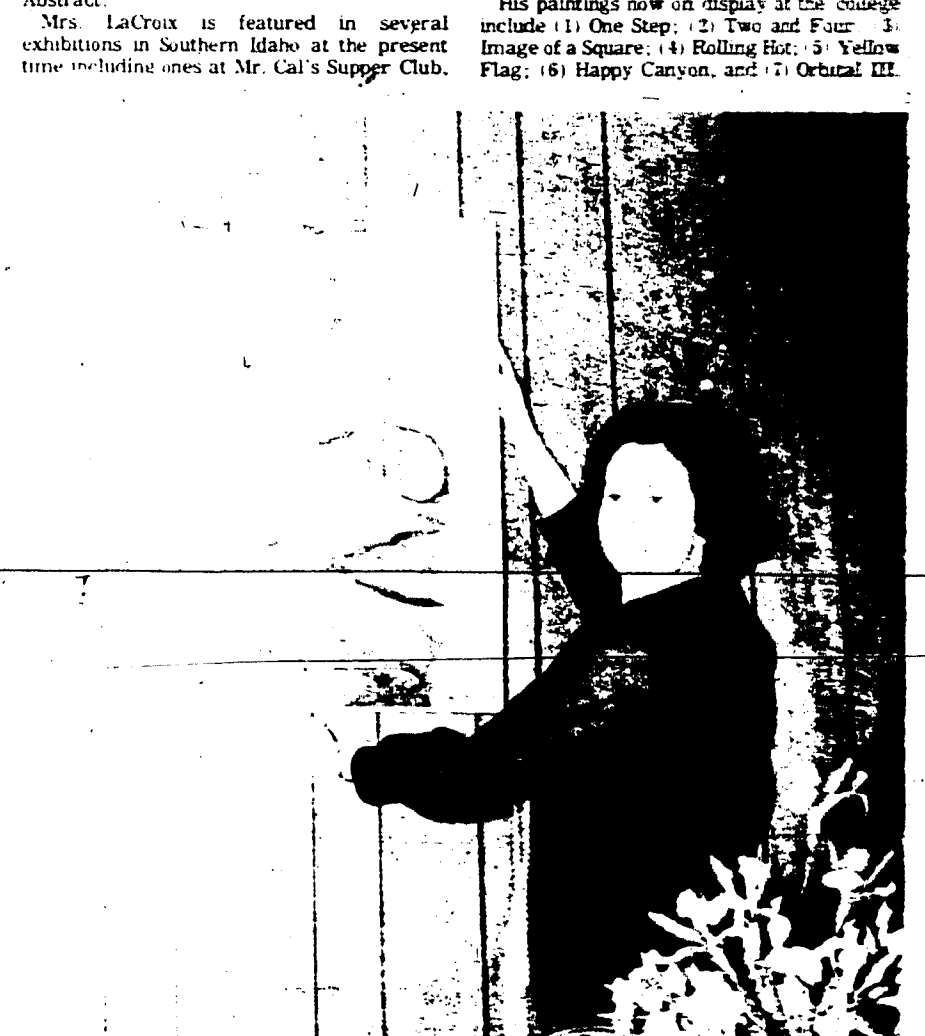

The third artist is Mr. Walton, born in Rock Creek. He was graduated from the College of Idaho, with a major in art and a minor in general science. He has exhibited in Caldwell, Boise and Sun Valley and did a traveling show of the northwest states in 1956. He has taught school for nine years, two of them in Bellevue and the other seven in Twin Falls.

His paintings now on display at the college include (1) One Step; (2) Two and Four; (3) Image of a Square; (4) Rolling Hills; (5) Yellow Flag; (6) Happy Canyon, and (7) Orbital III.

DISPLAYING ONE of his paintings now featured in the CSI exhibition is George Walton, local school teacher. Mr. Walton has exhibited in

Caldwell, Boise and Sun Valley and did a traveling show of the northwest states.

"THE GRIM REAPER," one of the metal sculptures on exhibit at the College of Southern Idaho Fine Arts Center, welcomes Magic Valley residents to the current exhibition.

FROM ONE PAINTER to another—Here, one of the CSI maintenance men reads the Fine Arts Center for the current exhibition. The exhibition began March 10 and will continue through April 10.

METAL SCULPTURE, realistic, abstract and humorous, are features of Stanley Vandenberg's at the CSI exhibition. Mr. Vandenberg, Kimberly, exhibits work in galleries in Idaho,

Oregon, California and Arizona. Besides metal sculpture, he does block and screen printing, oil painting and wood carving.

ADJUSTING ONE OF HER paintings during a recent open house exhibition at Mr. Cal's Supper Club, Gooding, is Marilyn Bockus LaCroix. In addition to the current CSI exhibition, Mrs.

LaCroix is presently featured in shows at Mr. Cal's Supper Club, Gooding; Sun Valley Gift Shop, and LeWalt's Interiors, Ketchum.

Fads And Fancy Highlight New Collection Of Wallcoverings

By NORMA HERZINGER
Women's Page Editor

Spring cleaning these days and 'thinking of redecorating'.

With a little bit of imagination you might incorporate the three wallpaper designs shown here. Yes, imagination it would take, but, in just the right room—who knows.

According to one of the leading wallpaper

manufacturing companies, United-Desoto, "Variety is the spice of life" and they are offering all kinds of spicy ingredients in their new line from romance to wild game hunting.

Giving the homemaker a little fad with the fancy, these three designs are geared to appeal to the sophisticated swingers—giving them opportunities in a fresh approach to decorating using a sliver of imagination.

A far cry from the designs of twenty years ago, with the subtle colors and dainty patterns, the "mod" patterns of today are created to add life to any room.

An interior design permits the expression of its owner's individuality, and perhaps a room full of hearts can keep love going (or maybe start something up). Labeled "In Love Again," this design could serve as a sentimental reminder to keep the love lights burning.

The mushroom, a very tasty morsel, lends itself to fun decorating in the "Mushroommania" design. Dozens of friendly fungus in earthy garden colors are shown cavorting about. There are all types of manias today, why not "Mushroommania."

The manufacturer assures you—you don't have to be ferocious to get the message across in the design where tigers, in vivid colors, threaten to pounce from the walls. The ferocious feline pattern, "Grrrrr," is for the live-dangerous-type interior decorator and could be a great conversation piece.

Soft pastel colors are a little passe for the "keep up with the trend" decorators and vibrant colors are taking the lead, especially the reds and blues. So, if you are tired of the everyday designs—add a few red hearts, realistically colored tigers or earthy-colored mushrooms.

Redecorating?

Perhaps you would like to try some of the new wallpaper designs to add spice to spring house cleaning. Three new patterns offered by a leading wallpaper manufacturing company include "Mushroommania," "In Love Again" and "Grrrrr." Variety is the spice of life as the old saying goes, and a distinctive variety is included in these new designs.

CARLA JO BERNIERICHOS

Shoshone Miss, Ramano Reveal Wedding Plans

SHOSHONE — Mr. and Mrs. Joe Bernierichos announce the engagement of their daughter, Carla Jo, to Leonard A. Ramano, son of Mr. and Mrs. Michael A. Ramano, Roseto, Penn.

Miss Bernierichos is a 1968 graduate of Shoshone High School, attended Boise State College and is now employed by Boise Cascade Corp., Boise.

Mr. Ramano is a 1966 graduate of Bannock High School, Bannock, Pa. He is a senior majoring in social science at Boise State College.

A June wedding is planned.

Leaders Meet Held In T.F.

The Leaders' Association of the Magic Valley Council of Camp Fire Girls met recently at the Camp Fire Office. Mrs. Paul Ross presided at the meeting.

Ideas for the Keep Idaho Green project were discussed.

A thank-you note and a polished-rock pen holder were given to John Lawrence in appreciation of the use of the school facilities for the box socials held recently. Leader training sessions will be conducted by Mrs. Arith Briggs and questionnaires have been distributed regarding these sessions.

The next meeting is at 1 p.m. April 7 at the home of Mrs. W. L. Skillington. The program will be the construction of items needed for the Grand Council Fire to be held May 7.

HIGH FASHION IN LEGS — Tinted stockings add depth to spring fashions. Taupe, navy and red make colored legs high fashion.

The Double Four Pinocchio Club recently at a party at their home. Mrs. William McCoy and Farum Warr won the high prizes; Mrs. Warr and James Sargent, low, and James Sargent, traveling.

Camping In Winter Is Great Fun

Winter camping can be fun, for girls as well as for boys, if the girls can go to Tawakani, the Camp Fire Girls' camp in the South Hills. Going in by snowmobile the last mile or so is exhilarating and part of the fun, and tubing down the hills around the site is a never-to-be-forgotten experience.

Mrs. Dorothy Peavey's Old Ta Za Junior High Camp Fire group had this two-day trip early in March. The Magic Valley Council of Camp Fire Girls owns and operates this well-equipped camp which is only 40 miles Southeast of Twin Falls. Used principally for summer camping, it is now accessible by snowmobile, and with one of the larger buildings winterized for the use of groups it is ideal for use when the snow is deep.

Preparation for a "snow party" at Tawakani is different from a summer trip. One must remember to keep all gear to a minimum, since everything must be taken in to the camp either on or behind a snowmobile on a toboggan. It must be packed to keep dry, for there may be spills in the snow, or the flying snow spray may soak up paper bags so that they disintegrate in a most disconcerting manner. Foods taken must be of the dried or canned variety, or in compact, tight containers with consideration for the possibility of freezing. Clothes should be water repellent, warm, and with several changes of such items as mittens and socks. And of course boots of some type are a necessity. It is apparent that much planning is required for a winter camping trip, and that every provision for safety be given careful thought.

"Shangri La" Cabin is furnished for such occasions. It has two stoves, one being a Franklin heater; and with a ceiling in the building, the heat is maintained at a comfortable level. There are cots, dishes, pots and pans, and a small generator to provide lights. With a mimeographed sheet of instructions for guidance, users can easily find everything and know what is required and how to leave the building when leaving.

The camp is available for rent by various groups, winter or summer, at a nominal fee. Anyone interested may call the office of the Magic Valley Council of Camp Fire Girls, 733-6214.

Cross' Inscription

The initials INRI seen at the top of the cross in pictures of the crucifixion of Jesus Christ is taken from the Latin words which Pontius Pilate ordered in-

SALLY IRENE RUSSELL

Sally Russell, McQueen Plan April Wedding

Mrs. Mary Hafer Russell, Salt Lake City, and Bliss G. Russell, Twin Falls, announce the engagement and forthcoming marriage of their daughter, Sally Irene, to Mark Lyman McQueen, son of Mr. and Mrs. James N. McQueen, all Salt Lake City.

The bride-elect is a 1969 graduate of Highland High School and Mr. McQueen was graduated from Granger High School in 1967. He is employed by Gramoll Construction Co., Salt Lake City.

Miss Russell is the granddaughter of Mr. and Mrs. M.S. Hafer and the late Mr. and Mrs. Ray R. Russell, all Twin Falls. An April wedding is planned in Salt Lake City.

Events

The regular meeting of the Twin Falls Hobbycrafters Club will meet at the Harry Barry Memorial building at 1 p.m. Wednesday. Members not doing copper tooling are asked to bring hobby of their choice.

Sorority Meets

BUHL — Mrs. Vernon Rodig was selected to represent Exemplar Chapter, Beta Sigma Phi, at the Best Cook contest in April when members met at the home of Mrs. Gail Wright.

Final plans were made for the card party potluck. Members of Omega and Preceptor chapters and their husbands will be special guests.

Mrs. Charlie Hill presented the program, "Friendship," with group participation.

History Of Instruments Is Reviewed

BURLEY — The history of stringed instruments was presented by Mrs. Don Norton during the Burley Music Club's meeting at home of Mrs. William Barkdull. "I Like Strings" was the subject topic. "Strings are a favorite musical instrument because they so nearly approximate the human voice," reported Mrs. Norton. "Two-thirds of a symphony orchestra is made up of strings, and these are all located at the front of the group so that the delicate sounds will not be overshadowed by the brass," she noted.

Mrs. Carol Badger, violinist, and Mrs. Elden Wood, pianist, played several numbers. The Hymn-of-the-Month, "God, That Madest Earth," was presented by Mrs. Harlow Cheney and sung by the club members, accompanied by Mrs. Wood.

Mrs. Trafford Bray, club president, read a thought from the National Federation of Music Clubs magazine. The Burley Music Club is affiliated with the National Federation of Music Clubs.

A report on the scholarship was given and it was noted that entry fees are \$1 for auditions, and the date and place of the auditions will be announced. The deadline is April 15 for the applications. Eligible to compete for the two \$50 scholarships are Mini-Cassia High School junior and sophomore students. The two awards will be given for instrumental and vocal training at summer music camps. Winners will be announced May 3-10 during Music Week.

Mrs. Barkdull gave a report on Music Week plans which include a poster contest, hospital and service club entertainment, tray favors for hospital patients, a Desert Art Guild exhibit and an LDS Choir festival.

The April meeting will be held at home of Mrs. Calvin Heiner, and will include election of officers and a program, "I Like Broadway Music," under the direction of Mrs. Robert Dean and Mrs. Wood. Co-hostesses will be Mrs. Elton Hatch and Mrs. Eward Gibby.

Matrons Meet

WENDELL — Past Matrons, Star of the West Chapter No. 35, met at the home of Mrs. Ray Ward recently.

Plans were made for a potluck dinner April 27 at the home of Mrs. Melvin Gates in honor of Mrs. John Wert, retiring matron of Star of the West Chapter No. 35.

JOAN BRASS

Joan Brass, Kernin Slate July Wedding

Mr. and Mrs. Raymond Brass, Twin Falls, announce the engagement and forthcoming marriage of their daughter, Joan, to Steven Kernin, son of Mr. and Mrs. Evan Kernin, Lewiston.

Miss Brass is a 1969 graduate of Twin Falls High School and attended Idaho State University.

Mr. Kernin was graduated from Kimberly High School and attended the College of Southern Idaho.

A July 31 wedding is planned.

Colored Slides Shown At Meet

ALBION — The Albion Four Leaf Clover Club viewed colored slides presented by Mr. and Mrs. Gary Thompson, Idaho, during a recent meeting at the Grange Hall.

Mr. Thompson was stationed near Mannheim, Germany, with the U.S. Army and most of the slides were of the Rhine River Valley. Special interest was the burning castle and fireworks at Heideberg, fountains at Mannheim, scenes of castles and other historical buildings and parks.

The program was arranged under the direction of Lila Kell and Bessie Amende of the international affairs committee.

Mrs. Zelona Mahoney was elected nominating committee chairman, assisted by Ellen Arnold and Eva Chatham.

Mrs. Severson Heads Sorority

GLENN'S FERRY — Mrs. Gary Severson was elected to head the Alpha Delta Chapter of Beta Sigma Phi during the recent meeting held at the Fred Graffe residence.

Other officers who will be installed at a later meeting this spring are Mrs. Earl Tischendorf, vice president; Mrs. Jess Edwards, recording secretary; Mrs. Sam Owings, corresponding secretary; Mrs. Bob Janousek, treasurer; Mrs.

Beth Johnson, extension officer, and Mrs. Kenneth Watkins, alternate extension officer.

Mrs. Loree Freeman was hostess for the evening meeting, when it was decided to donate \$5 to the Jaycees fund to improve the appearance of the stone buildings on Idaho Street. The group voted to sponsor Marva Wootan for the Elmore County Fair Queen contest this year. Mrs. Johnson and Mrs.

Watkins were appointed by the president, Mrs. Graffe, to meet with the Glenns Ferry Jaycees on the project of repairing the Hall Memorial Park bandstand. The social chairman, Mrs. Owings, reported the progressive dinner for members will start at her home 7 p.m. Thursday.

Mrs. George Willis presented the program on nature, with each member telling "What Spring Means to Me."

DEAR ABBY: I am 25 and Doug [made up name] is 29. We've been married for three years and are as yet childless by choice.

We love each other, but there is one large area of disagreement which has caused many heated discussions and nearly a separation.

Doug thinks nothing of inviting his friends to spend anywhere from a week-end to a month with us. [And what friends!]

Abby, I am not a lady of leisure. I have a taxing daytime job and we live in a small apartment and all the extra work of overnight guests falls on my shoulders. Even their laundry, and I am sick of it. These friends are lazy, careless, and ungrateful.

In all the time we've been married I don't think we've spent a dozen week-ends alone. Once, Doug picked up a dirty hitchhiker and invited him to stay with us! He stayed nine days, and I was frightened to death of him. He had a wild look in his eye and I think he was "on" something.

In case you think Doug is stupid, he has a B.S. degree and a master's in social psychology. So what's the answer? DOUG'S WIFE

DEAR WIFE: Common sense does not come in "degrees." The on the face of it Doug appears to be big-hearted, he is foolish and inconsiderate to put friends [and even strangers] before you. You two need to come to a better understanding before baby makes three.

DEAR ABBY: A week before my husband's birthday, his mother, who lives out of town, called me long distance and asked me what he would like for a gift. I gave her a few inexpensive suggestions, then she asked if he could use any t-shirts and undershorts. I told her no, he had plenty, as that's what she gave him for Christmas. Then she said, [and these are her exact words] "Well, that's what I bought him, so that's what he's going to get whether he likes it or not!"

Abby, I know it's not the gift—but the thought that counts, but why did she bother to call and ask me if she already had the gift bought?

Would I be out of line to tell her next time to just send a couple of dollars in an envelope and let him pick out what he wants? BURNED UP

DEAR BURNED: Not in my book!

DEAR ABBY: I am a happily married woman with a fine husband and two small children. I have lived in this area all of my life. My parents live near me. My husband has been offered a very big promotion which would necessitate our moving to another state. My problem is my parents. I am their only child and they have told me many times that all they have to live for is me and their grandchildren. Abby, how can I move and take away my parents' only pleasure in life and only God knows how many years they have left. My parents can't move with us as my father still has to work for a living, and my mother has her mother in a nursing home here and she can't leave her. Please tell me what to do. My husband says it is up to me, but I know deep down he wants to take that promotion. TORN

DEAR TORN: Your first responsibility is to your husband. You must move with him and return with your children to see your parents as often as you are able. It won't be easy to make the move, but "deep down" you know it is the thing to do.

CONFIDENTIAL TO "WILL MARRY FOR MONEY" IN FORT LAUDERDALE: Good luck and happy fishing. Sister. You have a "gold" complex.

MR. AND MRS. FRANK HOREJS

Filer Couple To Observe 50th Wedding Anniversary

FILER — Mr. and Mrs. Frank Horejs, Filer, will be honored at an open house reception in observance of their Golden Wedding Anniversary. The event is set from 2 to 5 p.m. April 5 at the Twin Falls DAV Hall, corner of Harrison

Street and Shoup Avenue, hosted by the couple's children. All friends and relatives are welcome to attend and the couple requests no gifts.

Mr. and Mrs. Horejs were married April 5, 1920, in Twin Falls. They are parents of five children, Mrs. Murrell (Della Mae) Blades, Jerome, and Francis E. Horejs, Gerald Horejs and Larry W. Horejs, all Twin Falls. A son, John Horejs, died July 1, 1960. They have 10 grandchildren.

Area Garden Club Meets

JEROME — The Jerome Garden Club met at the home of Mrs. Lulu White, with Mrs. Gus Callen as co-hostess. W. G. Priest, Jerome County agent, gave a talk on vegetables, insecticides and pesticides.

He told the group to let him know if they would be interested in a landscaping school next year. Mr. Priest gave the group several useful pamphlets.

A fresh flower arrangement was made and brought by Mrs. Buenos Callen, and Mrs. Clayton Johnson made an arrangement of artificial flowers.

Mary Mann and Mrs. Paul Stevens were appointed to check into the needs for Heritage Homes Recreational Hall.

Mrs. Buenos Callen was appointed to check into purchasing a tree for the hospital grounds.

Mrs. Flora Waite was welcomed as a new member. Club members were reminded to be thinking about planting flowers to be taken to the fair this fall. The April meeting is at Mrs. Grace Madesh's home, with Mrs. Susie Leonard as co-hostess.

Council Meet Set Thursday In Weiser

WEISER — "Woman Power" is the theme of the Western District meeting of the Extension Homemakers Council at Weiser Thursday, Mrs. Lucia Wilson, acting state leader of home economics for the University of Idaho extension service, announced today.

The meeting at the American Legion Hall will begin at 9 a.m. Women of the area are invited. Main speakers will be Julie Pence, Payette, who was a recreation director for the American Red Cross in Vietnam and is now a teacher at Treasure Valley Community College, Ontario, Ore., and Dr. Sam Pobanz, Ontario, who served the student health center at the community college.

Other district meetings are scheduled at Orofino, April 7; Jerome, April 14; Idaho Falls, April 29, and Soda Springs, April 30. The state convention will be Sept. 29 and 30 in Burley.

"Girl Of Year" Award Slated For Founder's Day

GLENNIS FERRY — "Girl of the Year" for XI Alpha Alpha Chapter, Beta Sigma Phi Sorority, will be revealed at the April 27 Founder's Day special meeting at the Mountain Home Air Force Base.

Election was held at recent meeting at the home of Mrs. John Shrum. Mrs. L. R. Crane was program chairman.

Mrs. Barbara Keck was elected president; Mrs.

WYNN IN TV FILM HOLLYWOOD (UPI)—Keeney Wynn, son of the late Ed Wynn, will appear opposite Leonard Nimoy and Joseph Cotton in "Assault on the Way," an ABC movie of the week for television.

Margaret Pruett, vice president; Mrs. Marian Clark, recording secretary; Mrs. Donna Donahue, corresponding secretary; Mrs. Donna Michaels, treasurer, and Mrs. Mary Heidenreich, extension officer.

Officers will be installed during the Founder's Day meeting.

The Thursday meeting is to be held tentatively at the home of Mrs. Martha Robertson, a workday to prepare programs for Founder's Day.

The Antarctic Continent was found by Commodore Charles Wilkes of The First U.S. Exploring Expedition in 1840.

Jewelry Display Featured

FAIRFIELD — A display and demonstration by Reeds Jewelers, Boise, highlighted the meeting of the Town and Country Christian Women's Club.

Lee Reed displayed and explained the life cycle of oysters that produce cultured pearls. He had many different pieces of jewelry using the cultured pearls. In the second half of his program, he told of the popularity of pierced ears for wearing earrings in the Boise area. He demonstrated how he pierced ears in a painless manner and inserted gold earrings by using Toni Cox as a model. He gave away pearls and other jewelry as special prizes.

Mrs. James McIntyre, Mountain Home, was the devotional speaker and told of some events in her life. She was accompanied by a group of women from Mountain Home who came as guests.

Mrs. William A. Simon, Mrs. Hershel Lange and Mrs. Jack Frostenson sang three numbers as a trio, accompanied by Mrs. Calvin Eckles.

A dessert was served at colorful tables decorated with Easter flowers. A driftwood branch was decorated with

colored Easter eggs for a room centerpiece. Decorations and table favors were made by Mrs. Doran Cline, Mrs. David Lemons, Mrs. Robert Bush, Mrs. Harold Stroud and Mrs. Russell Pate. The refreshments were catered by Mrs. Edward Krahn and women from the Community Church. Mrs. Perdita Carman was mistress of ceremonies.

Mrs. Gee Named President Of Hansen Club

HANSEN — Mrs. Douglas Gee was elected president of the Friendship Club at the meeting at the home of Mrs. W. G. Allen. Mrs. William Allen is vice president, and Mrs. Blake Froehlich, secretary-treasurer.

A potluck dinner preceded the meeting and Mrs. James Keefe, Kimberly, was a guest.

A report was given on a couple still living and caring for themselves who celebrated their 80th Wedding Anniversary.

Mrs. Mable Arment reported that 42 birthday anniversary cards and two anniversary cards have been sent during the year to the patients at the Mountain View Convalescent Center, Kimberly. There are 51 residents there at present. Mrs. Margaret Pike, 96, is the eldest.

New yearbooks were distributed and the April 2 meeting will be at the home of Mrs. Kenneth Naylor. Mrs. Gee received a special gift.

Winners Named For Pinochle

CASTLEFORD — The Castleford Pinochle Club met for the last party of the season at the West End Gun Club. Mr. and Mrs. Ed Kusy, Mr. and Mrs. Jack Kinyon and Mr. and Mrs. Bill Kinyon were the host couples, with eight tables in play.

High prizes were won by Mrs. Fred Ringert and Fritz Bybee. Mrs. George Hesselholt and Rex Simpson won low prizes, and Joe Wisecaver, traveling prize, and George Hesselholt, the shoot-the-moon prize.

Registration Deadline Nears For Annual Meet

The Country Pals Home Extension Club met at the home of Mrs. Jess Jones for its regular monthly meeting, when it was announced each member is to have her registration for the South Central District annual meeting April 14 sent in. Send registrations in by April 7 to Mrs. Harvey Davis, Jerome.

Mrs. Jones gave the lesson, "Life Can Begin at 65." There was a general discussion of the mental attitudes toward retirement, finances and the health needs of older folks.

Mrs. Maurice Allen brought samples of two kinds of bound buttonholes and a hand-finished zipper completed in Alice Reed's sewing class for Berner Dress. Bishop Method of Sewing. The members were interested in the ways to line or underline a garment.

Mrs. H. A. Childers gave a demonstration of making candles and decorating them with antique medallions. Mrs. Jones showed more of her glass candleholders and a new candleholder that can be purchased that has a pointed end in the base to hold the candle steady.

The next meeting is at the home of Mrs. J. E. Sharp at 9:15 a. m. April 20. The lesson will be "Clean Up — Clear Through."

Magic Valley Favorites

Recipe for the week of March 27 - April 2, 1970

"Food For The Gods"

6 eggs, separated
1/2 cup sugar
6 tablespoons graham cracker crumbs
1/2 teaspoon baking powder
1/2 cup chopped pecans
1/2 cup chopped, pitted dates
Beat egg whites until stiff, but not dry. Set aside. Beat egg yolks until thick and lemon-colored. Add sugar and blend well. Mix crumbs and baking powder. Add to yolks, mixing well. Stir in pecans and dates. Fold in egg whites. Pour into a 9-inch pie pan. Bake at 350 degrees for 30 to 40 minutes or until knife inserted in center

comes out quickly. Serve with whipped cream. Makes six to eight servings.

The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

25th Wedding Anniversary Is Observed

HAZELTON — Mr. and Mrs. John C. Pool were fêted at an open house at their home in rural Hazelton in observance of their 25th Wedding Anniversary.

The event was planned by their daughter, Cynthia, assisted by her sisters, Dianne and Joanne, and their grandmothers, Mrs. Fred Rutherford, Twin Falls.

Mr. and Mrs. Pool were married March 16, 1945, at Brooklyn Heights Presbyterian Church, San Diego, Calif. They reside in Twin Falls for 20 years, moving to the Hazelton area in 1968.

Mrs. Pool wore a white lace dress, bonneted with pink, and accented with a pink rose and carnation corsage given her by her daughters.

The refreshment table, covered with lace over pink, was centered with a two-tiered cake topped with a 25th Anniversary bell, flanked by lighted pink tapers. Mrs. Tom Holmhorst, Hazelton, poured coffee, and Mrs. Beauford Wentworth, Twin Falls, poured punch. Mrs. Rutherford presided at the guest book.

Couple Weds

HANSEN — Sally Ray, daughter of Woodrow Ray, Cleveland, Ohio, and Mrs. Valerie Ray, Elk Mountain, W. Va., and David Tipton, Hansen, son of Mr. and Mrs. Chester Tipton, were united in marriage at the Murtaugh LDS Chapel.

The bride wore a white street-length dress.

They were accompanied by her brother and sister-in-law, Mr. and Mrs. Jake Ray, Twin Falls, and Chester Kennedy, cousin of the bride.

The bridegroom has just completed his basic training in the Army and will report back to Alaska in May. At present they are residing in Hansen.

A wedding supper honoring the couple was held March 20 at the Jack Kennedy home.

DALLAS KELL

Dallas Kell, Cope Reveal Wedding Date

MURTAUGH — Mrs. Wallace Christensen, Murtaugh, and Troy Kell, Kimberly, announce the engagement and forthcoming marriage of their daughter, Dallas Marie Kell, Murtaugh, to Leon R. Cope, son of Mrs. Gladys Cope-Shoshone, and the late Mr. Cope.

Miss Kell is a 1969 graduate of Murtaugh High School and attends the College of Southern Idaho, majoring in business.

Mr. Cope is a graduate of Shoshone High School and attends CSI.

A May 22 wedding is planned at the Murtaugh LDS Chapel.

Club Convenes

SHOSHONE — The North Shoshone Home Improvement Club met recently at the home of Mrs. Dean Guthrie. Members answered roll call with house cleaning hints.

Each one is urged to invite or bring a guest to the April 16 meeting to be held at the Guthrie home.

Mrs. Clifton Dayley was given the hostess gift and Mrs. Guthrie read an article, "Thoughts to Live By."

Sunday, March 29, 1970

Times-News, Twin Falls, Idaho

Miss Atkins, Clay Disclose Nuptial Plans

BUHL — Mr. and Mrs. Dick Atkins, Buhl, announce the engagement and forthcoming marriage of their daughter, Marjorie Marie, to Kenneth A. Clay, son of Mr. and Mrs. Edward A. Clay, Medford, Ore.

Miss Atkins is a 1968 graduate of Buhl High School and is attending Northwest Business College, Portland. Mr. Clay was graduated from Medford High School in 1966 and recently returned from a tour of duty in Vietnam.

A July wedding is planned at the Buhl First Presbyterian Church.

REUNION HELD

A reunion of the Luke Francis family was held recently, highlighted with a dinner at the Chateau Lila. Special guests were Mr. and Mrs. Dick Cedarstrom and son, Kenny, San Lorenzo, Calif.

MARJORIE ATKINS

LUNCHEON SET

FILER — The Annual Blossom luncheon of the Filer Woman's Club has been set for May 9 in the United Methodist Church Fellowship Hall. A planning meeting was held at the home of Ruth McDonough, chairman. Other committee members include Mrs. Edgar Vincent, Mrs. N. L. Larson, Mrs. Wilfred Herrett, Mrs. David Thornton and Mrs. Reuben Lierman.

Kick-Off Luncheon Slated

BURLEY — The Burley Ladies' Golf Association's kick-off luncheon is planned for 1 p.m. Wednesday at the Ramada Inn. Featured speaker will be Johnny Lister, Sun Valley.

Mr. Lister is a radio and television personality, columnist and a member of the American Society of Astrologers. "He will be relating your horoscope to your daily activities, and his programs are informative and entertaining," according to officials.

The Medichords, a ladies barbershop group from the Burley Sweet Adelines, will sing several numbers.

Making the arrangements for the luncheon are officers for the coming year including Mrs. Emma Barry, president; Mrs. Sam Barth, vice president; Mrs. Dale Dammarrell, secretary; Mrs. Emma Stoll, treasurer; Mrs. Joyce Reas, handicapped chairman; Mrs. Frank Medak, publicity; Mrs. Robert Saxvik and Mrs. Ted Smith, tournament chairmen.

Other events scheduled include April 8, opening day, (weather permitting) with officers as courtesy chairman; April 15, a blind hole tourney; Mrs. Helen Richard and Mrs. Marian Nelson, chairmen; April 22, fewest putts; April 29, Most 6's and 10's. Mrs. Mildred Lynch and Mrs. Fran Beckham, chairmen.

Play for all the events planned in April begin at 1 p.m. reports Mrs. Barry. An association membership is required for receipt of a handicap card or tournament participating.

Annual Library Tea Held By Shoshone Civic Club

SHOSHONE — Program at the annual Library Tea sponsored by the Civic Club recently at the city library, was provided by students from the school. Winners in the poetry contests recited their poems and students from the fifth grade and speech classes, were featured in numbers.

Students participating were Tammy Bateman, Doug Jacobson, Chris Hansen, Carla Hahn, Toby Clayton, Martin Kidner, Dana McGhee, Frank Garrett, Cindy Trammell, John Johnson, Sherry Chapman, Randy Heasley and Mark Rickard.

President of the club, Mrs. Ivan Hopkins, reported on activity of members during the past month in promoting the

sewer bond election and an invitation to assist prepare the eggs for the Easter egg hunt sponsored by the Chamber of Commerce. Mrs. Jacobson will assist the high school home economic girls with preparation of the eggs.

The poetry and art contest entry winners on the local basis will be entered in the district contest, to be judged and announced at the district convention to be held at Buhl Presbyterian Church April 24. Registration will be from 8:30 to 9:30 a.m. that day.

Members received an invitation to attend the Twentieth Century club meeting at which Mrs. Don Samuelson will review a book.

Art entries were on display at the library, under arrangement of Mrs. Eddie Tanaka, chairman.

Esther Mauss Reviews Book For Art Guild

Esther Mauss reviewed the book, "Testimony of Two Men," by Taylor Caldwell when members of the Literary Art Guild met recently at the home of Norma Morgan.

It is a compelling story of a doctor at war with the world he has been taught to heal, a novel in which the drama of new medical frontiers becomes part of a sweeping chronicle of love, death, desire and redemption.

The program was introduced by Valerie Crockett and the guided thought given by Ruth Anderson. The author's photo was presented by Marylene Coleman.

Hostesses were Kathryn Ward, Norma Hellewell and Ella Crandall.

Judges of the poetry contest were Mrs. E. I. Shaw, Mrs. V. C. Ross and Robert Eldredge.

Mrs. Tanaka, Mrs. Getty Shook and Mrs. Hopkins arranged the tea tables, which were set with spring floral arrangements.

Named to the auditing committee were Mrs. Corwin Silva and Mrs. Clyde Hughes.

Mrs. Harrell Thorne, Mrs. Snow Coffin and Mrs. Tanaka were named to the nominating committee. Officers will be elected at the April meeting to be held at the home of Mrs. Ormer Shook. A plan for the city park is also planned for part of the April meeting activity.

Members voted to change term of officers and Mrs. Rex Thomas reported the City Council will pass a measure prohibiting use of golf carts in the city limits.

MR. AND MRS. CHARLES MASON

will be honored Sunday, April 5, in observance of their Golden Wedding Anniversary with a reception from 2 to 4 p.m. at the Kimberly Christian Church, hosted by their children, Mr. and Mrs. Lester Mason, Seattle, Wash., and Mr. and Mrs. Dale Butler, Kimberly. All friends and relatives of the couple are invited to attend, and they request no gifts. Mr. and Mrs. Mason were married April 4, 1920, in Tecumseh, Neb., where they farmed until 1934 when they moved to Idaho and the Magic Valley area. They have four grandchildren and three great-grandchildren.

Legislative Bills Discussed By Buhl Unit

BUHL — Rep. Bill Roberts spoke on bills passed by the legislature when Chapter 607, Women of the Moose met at the Buhl Moose Home. Members of the Loyal Order of Moose joined the women for the program. Mrs. Leonard Severa was program chairman for the meeting.

Mrs. Emil Wavra reported on the dinner served for the Green Giant Co. and a thank you note was read from Mrs. Cal Harper. Mrs. Nile Casten was appointed representative for the Best Cook contest.

Mid-season conference will be held at the Moose Home in Idaho Falls April 18 and 19. Mrs. Henry Wavra reported on a scheduled work party and the progress of plans for the Bohemian dinner. Plans were also made to serve a class reunion banquet in June.

The monthly committee meeting was held with Mrs. Leonard Severa, chairman of the Moosehaven committee, in charge. Mrs. Floyd Daiss demonstrated the making of Christmas ornaments.

A birthday party and potluck dinner were held at the Moose Home with a performance of the Boise Drill by the County Orange women, followed by a game with the Heart Beats furnishing the music.

"Dream Trip" Is Discussed

SALMON TRACT HOMEOWNERS Extension Club met at the home of Mrs. Charlie Boss, with roll call answered by telling "A dream trip you would like to take in retirement plans."

Guests were Mrs. Manley Hanson, Mrs. David Lahr and son, Mrs. John Courtney, Mrs. Tom Williams, Mrs. Della Smith and Mrs. Gary Aufderheide and daughter.

Mrs. Charlie Boss gave the lesson, "Life Can Begin at 45." The April 24 leader training meeting will be "Clean Up — Clear Through."

Hair pieces and synthetic wigs were shown to the club members and guests by Linda Sanders and Viretta Curdson from Esther's Beauty Shop. Everyone was able to try on a wig.

Mrs. Ora Jones was presented a gift from the club for having the club books made. The next club meeting is April 15 at the home of Mrs. Ralph Warr.

No-Host Luncheon Held

GOODING — The Purple Sage CowBelles met for a no-host luncheon at the Lincoln Inn recently.

Dorlene Stansell and Laura Lee Bray of Bliss High School entertained the group with a musical skit.

Visiting state CowBelles introduced were President Ruby Brackett of Hagerman; president-elect, Mildred Smith, Boise; society chairman, Maryann Anderson, Bliss, and Father's Day chairman, Hazel Shaw, Glenn Ferry.

Incoming officers of the

Purple Sage CowBelles, Catherine Pickett, president; Bliss; Vada Juker, secretary; Gooding; Rose Trail, president-elect; Mountain Home; Carol Hollowell, treasurer, Bliss; Juanita Cunningham, vice president, Glenn Ferry; Adella Traylor, vice president, Fairfield; and Ethel Hubbard, historian, Bliss.

A donation was made to the building fund of the Idaho Youth Ranch.

Ruby Brackett, state CowBelles president, talked to the group about the meaning of

being a CowBelle, with emphasis on the promotion of beef sales.

Members attended from Elmore, Camas, Lincoln and Gooding counties. Other guests included Mrs. Paul Jacobson, Shoshone; Mrs. Ted Munnigham, Hagerman, and Doris Meeker and Diana Falls, Bliss.

Mammoth Cave, Ky., was a source of saltpeter from which gunpowder was made for the War of 1812.

English Guests Praise Shoshone Falls

The spectacular sweep of Shoshone Falls drew high praise from a group of British visitors Friday, while the approach to the falls brought criticism.

Three representatives of the British Waterworks Association, Bristol, England, Derek Gifford, Alderman Donald Johnston, and Kennedy S. Brown, toured the falls and various fish hatcheries in the Magic Valley, as part of a nationwide tour of waterways

and allied facilities.

Mr. Brown commented after touring Shoshone Falls that "There is nothing like it in the whole of the British Kingdom," but said that an unattractive approach "down litter-strewn roads" and past an auto-body dump detracts greatly from the spectacle.

Emphasizing that the criticism was meant kindly, the trio said that Americans seem to have such an abundance of natural beauty that it is taken

for granted.

However, they agreed, criticism was not the main purpose of their trip. They said their association is facing many of the same problems with use of British waterways that Americans are struggling with — increasing population, access to recreational areas, litter and pollution.

Their tour has taken them to Washington, D. C. to inspect a large federal fisheries research laboratory; Indianapolis, Ind.,

to see two large reservoirs; Las Vegas, Nev., where they saw "the Lake Mead scheme" and Boulder Dam, and to San Diego and San Francisco on the West Coast.

In the Magic Valley, the visitors toured the Idaho Trout Processors plant at Filer, facilities at Buhl for manufacturing fish food, the Snake River Trout Co., the steelhead hatchery at Niagara Springs, and facilities in the Hagerman area.

American fishermen are considerably more patient, agreeable folks than their British counterparts, the men admitted. While British sportsmen object strongly to "canoeists," or boaters in the water near them, Americans frequently raise little fuss.

British laws on littering are strenuously enforced. Mr. Gifford said his landlady was fined five pounds (\$14 in American money) for "merely dumping garden waste."

Teacher Asks For Passage Of Levy

JEROME — A practical plug for passage of the Jerome five-mill plant facilities levy election Tuesday has been made by the drama coach at the local high school.

In announcing the presentation May 1 and 2 of the Broadway hit "January Thaw," Mrs. Karleen Dellinger, noted the footlights of the stage are broken, the curtains won't close and the general curtains are used like gym equipment as students swing to and fro on them.

She said the stage of the high school gym is used for physical education activities as well as "informal ground" and the junior high stage is used for wrestling and boxing as well as play practice.

However, the show will go on and if we get desperate enough we may have to ask for use of the LDS Church, Mrs. Dellinger said, adding passage of the five mill levy would provide Jerome with a new and satisfactory auditorium as well as giving the high school much needed extra classroom space.

The new auditorium will not only benefit the drama and music program, but will serve as a civic arts center for the community.

Cast members include Tim Freeman, Glenda Gassert, Kevan Gellings, Randy Hudspeth, Jamie Fife, Kenneth Bear, Kathy Blake, Deanna Callen, Vicki Brown, Rhonda Felder, Marcia Luckley, Penne

Main, Hope Minick, Jim Mogensen, Jack Mogensen, Mike Phillips, Rosemary Thompson, Geri Thurston, Chris Springer, Kent White, Larry Hess, Rich Helms, Chris Jensen and George Stanley.

Athletes Address Chamber

RUPERT — "Second place isn't bad — and we're real proud of you," Ed Hartman, president of the Rupert Chamber of Commerce, told representatives of the Minico High School Basketball team, which received second place honors at the State Tournament recently.

Terry Ketterling and Pat O'Donnell, Minico seniors, were guest speakers during the luncheon meeting Thursday at Haggins Cafe. The two were accompanied by Dick Schafer, student body president.

Terry Ketterling, main spokesman, discussed the athletic program at the school and said he didn't feel the school would be hurt next year, because of varsity members being mainly seniors this year. He said there are some "real good juniors and sophomores coming up."

Minico is currently involved in track, baseball and golf activities and it was reported that Bernard Schell, 18, Minico senior, tied the state high jump record of six feet and one and three-quarters inches. Schell scored Mr. and Mrs. A. J. Schell, Rupert, stands five feet, 11 inches.

Rep. Hansen Will Visit In Magic Valley

WASHINGTON, D.C. — Cong. Orval Hansen, R., Idaho, will visit Magic Valley communities this week.

Monday he will be at the Camas County courthouse in Fairfield between 10 and 11 a.m. and at the Blaine courthouse in Hailey from 1:30 to 3 p.m. Monday evening he will address the Twin Falls Jaycees awards dinner.

Tuesday he will meet employees of the Sears store, Twin Falls, and is slated to be in the Cassia County courthouse, Burley, at 10 a.m. In the afternoon he will visit Idaho State University campus.

Rep. Hansen will travel to Idaho Falls area later in the week.

Seen . . .

Don Hymas wondering if there were enough Easter eggs in the park to go around . . . Harold Jensen eating cinnamon rolls . . . Dick Ryall wearing plaid shirt and levis to work on Saturday . . . Bob Hoag buying baby food in grocery store . . . L. James Kootnik inquiring about progress of new parking lot . . . Darryl Cameron commenting on spring breezes . . . Darrell Smith thinking about summer fire season . . . William Chancey commenting on the insurance settlement . . . Louise Webster studying duties of Human Rights Committee . . . One Horton giving out late season ski report . . . and overheard, "There's nothing that makes you appreciate pavement so much as 'raw' dust."

Skiing

SUN VALLEY — A bonus in the way of an additional week of skiing at Sun Valley is being offered ski enthusiasts, resort officials have announced.

Lifts and other facilities at the Idaho resort will remain in operation through April 5 this year rather than closing after Easter Sunday as previously announced. Snow depths range between 50 and 54 inches and conditions are reported excellent for this time of year.

Projects Held

FILER — Recent projects of the Dedoloma, service club at the Filer High School, include a tea for teachers in the home economics room, and a movie "Wait Until Dark," shown in the high school auditorium.

Proceeds from the movie submission will help pay for the two scholarships which the club annually awards.

Projects Held

GIRLS ELECTED FILER — Cheryl Chambers has been elected vice president of Garrison House, women's residence hall at Idaho State University, and Debbie Olson has been selected treasurer.

Jerome To Vote Tuesday On Levy

JEROME — Jerome school district voters are asked to approve a five-mill plant facilities levy Tuesday, with polls open from 1 to 8 p.m.

Supt. John Campbell reports \$40,000 of the \$55,000 estimated to be raised by the five mills, if voters approve the levy, will be used to improve the junior high school auditorium. Other planned improvements there would include showers, sidewalks and roof.

The fund would provide for an auditorium with seating capacity of 600 students or 530 adults. Stadium type seating would be completely carpeted. The superintendent said inexpensive but comfortable portable, folding seats with back and cushioned seat could be set up when needed.

A \$5,000 expenditure also is planned on showers and locker facilities would include tiling of floors and walls, forced ventilation, plumbing replacement and other hardware with modern, easy to clean models requiring no annual redecorating and much less upkeep, Mr. Campbell said.

The third priority with the money provided by the levy is replacement of concrete sidewalks on the south side of the senior high school. Also scheduled is "preventive maintenance" on roofs at the Washington grade school, junior high school and senior high annex. The Lincoln school has 21 buckets in the attic to catch water leaking through the roof.

Slides Are Shown At Hagerman

HAGERMAN — A slide show accompanied by a narration of the American Heritage and its impact on present and future generations was the program for the Past Masters Night held recently at the Hagerman Masonic Lodge No. 78 A.F. and A.M.

The slide presentation presented by George Dutton, stressed freedom, incentive, competition and the use of free enterprise by the American individual in making this country what it is today.

Visiting lodges represented at the meeting were Wendell No. 54; Lincoln No. 59; Kaylor No. 94; Twin Falls No. 45; Fidelity No. 80 and Filer No. 55.

3 Get Honors

SHOSHONE — Three Lincoln county students were on the dean's list at the University of Idaho the last semester. They are Ronald Lamer, Dietrich, in the College of Business; Glennis Conner and Sheryl Fridmore, both Richfield, in the College of Education.

MOVE TO T.F.

SHOSHONE — Mr. and Mrs. Clyde Benson are moving from Shoshone to Twin Falls.

Spuds, Sugar, Fertilizer Termed Three Top Industries In Idaho

SHOSHONE — The three top industries in Idaho are potatoes, sugar and fertilizer, according to data given to the North Side Communities at their Thursday night meeting held at the Manhattan cafe here.

Commercial and industrial sales manager, J. R. McKinney, Boise, from Intermountain Gas Co., was the featured speaker. He noted Twin Falls was selected for site of Kellwood plant because of its choice location, and outlined the possibility of future such growth in Idaho.

Problems caused by industry through pollution, the speaker

Plant facilities money is dedicated for specific use for improvement or maintenance of plant facilities and cannot be used for salaries, books or materials, Mr. Campbell noted. Polling places are located at the Jerome junior high school

auditorium for Jerome county voters; the Joe Taylor resident for Lincoln county voters, and Appleton school for Gooding county patrons.

Tax statement on property appraised at \$10,000 would be increased by \$7.70 by this levy.

Magic Valley

MERNA JOHNSON

Jerome Woman Is Top Bank Official

JEROME — Mrs. Mayben (Merna) Johnson has been elected operations officer at

Jerome's First Security bank, reports C. R. N. Shepherd, manager.

Oakley Boy Is Hurt In Bike Crash

OAKLEY — Wayne Bench, 11, son of Mr. and Mrs. L. E. Bench, Oakley, was listed in serious condition Saturday at Cassia Memorial Hospital following a bike and pickup accident at 7:35 a.m. Friday at intersection of Harper Ave. and State Highway 27 in Oakley.

Scott Matthews, 24, Oakley, was driving a 1969 Chevrolet pickup south on highway 27 which skidded about 30 feet before colliding with the youth on the bike. The bike was demolished and the pickup was damaged \$100 to the grill.

The accident was investigated by Jerald Jeppesen, Oakley Chief of Police, assisted by Glen Loveland, deputy sheriff.

Mrs. Johnson joined the bank in Jerome in 1949. Since that time she has been associated with various departments, including bookkeeping, teller, proof department and most recently chief clerk.

"Mrs. Johnson has been a dedicated and capable employee during the years she has been affiliated with the bank and I am very pleased and gratified to have her a member of the management team," Shepherd said.

She was born in Santaquin, Utah, the daughter of Mr. and Mrs. Wendell Deuel. She came to Idaho in 1946 and attended Jerome High School. Her husband is employed by Idaho Gem Dairyman, Inc.

The Johnsons have three children. Mrs. Johnson is a vice president of the area chapter of the American Institute of Banking (AIB).

In her new capacity at the bank, Mrs. Johnson will be involved in supervision of all internal operations.

Bunny

Mrs. Robert Jarvis, 1227 Fourth Ave. E., notified officers Saturday a large black and white tame rabbit was hopping about her back yard. Investigation indicated it wasn't the Easter Bunny, but just a pet of the next door neighbors and it was reclaimed by the rightful owners.

Man Burned

RUPERT — Marvin Smith, 40, Rupert, was treated and released at Minidoka Memorial Hospital Friday night after being burned at Simplot Soilbuilders plant.

Ken Roth, Simplot official, said Mr. Smith was near a pipe containing anhydrous ammonia when it burst, spraying the back of his legs, resulting in first and second degree burns.

Spuds, Sugar, Fertilizer Termed Three Top Industries In Idaho

SHOSHONE — The three top industries in Idaho are potatoes, sugar and fertilizer, according to data given to the North Side Communities at their Thursday night meeting held at the Manhattan cafe here.

Commercial and industrial sales manager, J. R. McKinney, Boise, from Intermountain Gas Co., was the featured speaker. He noted Twin Falls was selected for site of Kellwood plant because of its choice location, and outlined the possibility of future such growth in Idaho.

Problems caused by industry through pollution, the speaker

of the road under their jurisdiction, Lincoln County one mile and the remainder of the roadway is in Camas County.

Mr. Larsen was starting a back hoe on his farm south of town when it lunged ahead, running over his chest and upper body. Mrs. Larsen said he was able to pull himself into the pickup truck and drive to the house before collapsing. He was taken to the hospital by ambulance where attendants said he suffered fractured ribs and a cracked pelvis.

A former county commissioner, Mr. Larsen has been prominent in Twin Falls County for many years.

OFFICIALS OF THE British Waterworks Association, Bristol, England, visited the Snake River Trout farm near Buhl last week during a stop in Magic Valley. Being shown the facilities by Robert Erkin, left, owner, are Kennedy S. Brown, Alderman Donald Johnston and Derek Gifford. Jerry A. Martin, right, acting manager of the Federal Fish hatchery in Hagerman, is at right.

Collegiate Press Meet Set At S. V.

SUN VALLEY — Some 150 delegates are expected in Sun Valley Thursday through Saturday for the annual Rocky Mountain Collegiate Press Association convention.

The event will get under way Thursday with registration at the Place from noon until 7:30 p.m., with an evening banquet slated for 7 p.m. at the Lodge. Stephen Matlock, Lewiston, general chairman for the event, is in charge of arrangements.

Following a no-host breakfast Friday morning at the Ram, registration will resume until 9

a.m., with a general meeting slated for the Opera House from 8:30 until 9 a.m. Saturday. Following that meeting and until noon, panel discussions will be conducted at five separate locations, following by a luncheon at the Lodge.

State meetings at several locations will take up most of the afternoon, with a writing contest also slated from 2 until 5:30 p.m. A 7:30 p.m. banquet at the lodge will conclude the day's events.

Saturday's open breakfast will be followed by several panel discussions from 9:30 until 11:15 a.m.

The annual awards luncheon is slated for 11:30 a.m. Saturday at the Lodge, followed by a general meeting from 2 until 4:30 p.m. at the Opera House. An executive meeting follows at 4:30 p.m. at the Camas Room at the Challenger Inn, with an installation banquet at 6:30 p.m. at the Lodge concluding the three-day event. New officers will be installed during the concluding event.

Among the featured speakers for the convention are Ray Craft, editor of the Skamania County Pioneer at Stevenson, Wash.; Tom Pettit, head of West Coast news operations for NBC; Clayton K. Irpatrick; editor of the Chicago Tribune; and Robert J. Moore, circulation director for Time Magazine.

Minidoka Calls Meet On Flood Control Plan

RUPERT — An information meeting on procedures to obtain a local flood control district is slated for 8 p.m. Tuesday at the Minidoka County courthouse district courtroom.

Speakers will include Ed Hillis, Rupert, supervisor of the

Minidoka Soil Conservation district; Gerald Hurst, Burley, Idaho Department of Public Health; Forrest Clossner, Boise, SCS, and a representative of the State Reclamation Engineers, Boise.

Burt Van Every, Minidoka County commissioner, will conduct the meeting. This county and part of Lincoln County has been the victim of considerable damage from flood waters during seven of the past 10 years, according to Vern Hacking, Minidoka SCS district conservationist.

T. F. Man To Talk At Ketchum

KETCHUM — Ray Rostrom, manager of the Twin Falls Chamber of Commerce, will be featured speaker during a special dinner meeting of the Ketchum-Sun Valley Chamber Wednesday.

The event, which is open to chamber members and their wives, will begin at 6 p.m. with a social hour at the Christiana Restaurant. Dinner will be served at 7 p.m.

Mr. Rostrom will be accompanied by about 20 ex-board members and past presidents of the Twin Falls Chamber, who will present a short resume on why it is important to spend time and money in the chamber business. Mr. Rostrom is credited with spearheading the locating of the Kellwood Plant in Twin Falls.

Area Girl Is Guest Of Governor

JEROME — Linda Griffith, daughter of Mr. and Mrs. Jack Griffith, will be a special luncheon guest of Gov. Don Samuelson and the Governor's committee on Emphysema, the Hatched April 6 at the Elks Temple ballroom in Boise.

GIRLS ELECTED FILER — Cheryl Chambers has been elected vice president of Garrison House, women's residence hall at Idaho State University, and Debbie Olson has been selected treasurer.

Jerome Chamber Lists Aides

JEROME — Leo Alfthas has been elected president of the Jerome Chamber of Commerce during the annual banquet at Wood Cafe. He succeeds Alan P. Mencher as president.

Walt Bentzinger was elected vice president, succeeding Dick Waite. Re-elected to the chambers board of directors was Bentzinger, Alfthas and Mencher. Al Lee was also named to the board as a new member.

Holdover directors are Jim Keith, Dr. Charles Parker, LeRoy Craig and Dick Waite.

Featured speaker at the banquet Wednesday night was Atty. Gen. Robert M. Robson.

Special guests included Idaho Supreme Court Justice Clay V. Spear; State Rep. Vernon F. Ravenscroft; State Sen. Don Fredericksen; Ted Diehl, manager of the North Side Canal Co. and Vince Alberdi, hydrographer with the canal company.

Winners Of Science Fair Told

SHOSHONE — Winners in the science fair at the high school are announced by PTA officials.

Dale Chatterton, teacher adviser, was assisted by Rev. James Holt, PTA president, in the fair arrangements.

Grade school prize winners were Matt Kidner and Curt Kidner, volcano study; Toni Oueda and Sue Betina, plants; Vicki Pennington and Melody Hubbs, and honorable mention went to Allen Garrett.

Junior high winners were Jeff Pate, first with his photography entry; Lura Kidner, second, molds, and a tie for third place BETWEEN Brenda Hubbs and Shonda Knight, study of the eye, and Jodi Clayton and Jan Coffman, volcano study.

High school winners were Mike Pate, first, birds and taxidermy; Jay Gaskill, second, frogs, and Stephen Chatterton, crystals, and Larry Mahbust, plant growth, tied for third place.

Larson Good After Mishap

KIMBERLY — Russell C. "Bud" Larson, Kimberly, was listed in fairly good condition Saturday in Magic Valley Memorial Hospital where he is under treatment following a tractor accident in which he was injured Friday morning.

WISH YOU HAD a hobby? An interesting avocation for Mrs. M. C. Parker, laughingly called the "resident potter" at the College of Southern Idaho art cottage, is making pottery. She is shown here kneading clay in preparation for "throwing." The art department at the college is offering an eight-week, non-credit pottery workshop for area residents. The course

will begin April 7 and continue through May 26. The first class begins at 6 p.m. and continues until 10 p.m. Students should be prepared to work during the first class period and should wear old clothes, according to LaVar Steel, who will instruct the workshop. Registration can be made by calling Mr. Steel at 733-9554, extension 60.

Firemen Give City Copy Of Bill

Members of the Twin Falls Fire Fighters Association, 1556, met this week with City Manager Jean Milar and City Councilman Paul Ostyn to present a copy of House Bill 580 which gives city fire department employees collective bargaining power.

Mr. Milar said the city had not yet received a copy of the bill and he and Mr. Ostyn will review it with other council members. The bill gives fire fighters the right to sit down at a bargaining table with their employers, city officials, in regard to wages and other working matters.

Mr. Milar said city firemen are not at this time asking for any change in their salary scale. Like all other city employees, they are scheduled for a five per cent wage increase effective March 1, under the bill and budget to be adopted yet this month.

George Thomas, vice president of the Idaho State

Association of Fire Fighters, sponsors of the bill, said the purpose of the Thursday meeting was simply to acquaint city officials with the fact the bill had been passed and with its provisions.

NO CHANCE
LOS ANGELES (UPI)—Sandy Koufax of the Los Angeles Dodgers struck out 18 men twice in nine-inning games for the major league record. He did it on Aug. 31, 1959, and April 24, 1962.

Visit To AEC Site Set

WASHINGTON, D.C. (Special) — Congressman Orval Hansen, R-Idaho, announced Saturday that Congressman Craig Hosmer, R-Calif., top ranking member of the Joint Committee on Atomic Energy, will visit the National Reactor Testing Station in Eastern Idaho on April 13.

Rep. Hansen said the California congressman had accepted his invitation to come to Idaho for a first hand look at facilities and programs being carried on at the Atomic Energy site.

2 New Members Join Alert Team

Mr. and Mrs. Jim Givens were accepted as new members when the C. B. Alert Team of Twin Falls met recently. A special report on the Red Cross symposium on the care of the sick and injured conducted recently in Twin Falls was given by Harold Metz. Plans were finalized for helping the Easter Seal Society conduct its last drive of the year. Mr. and Mrs. Charles Stickle, Dietrich, were guests.

Promoted

Mel Gates, local agent for State Farm Insurance Companies in Twin Falls, has been promoted to agency manager at Olympia, Wash., effective April 1.

PROTECTING VITAL RECORDS

COALINGA, Calif. (UPI)—A three-acre complex underground for the purpose of protecting vital records, now under construction near here, is believed to be the first of its kind.

Trevino Clowns Way To Tie With Bob Menne In National Airlines Meet

By LARRY HOVEY
Times-News Sports Editor
Jim Boatwright, Minico's 6-8 all-time scoring champion, will be taking the first of several spring airplane rides this week. The SEC scoring titlist and his coach, Les Boh, are headed for Pittsburgh and the Dapper Dan basketball exhibition.

After his return, Boatwright will be making a few other airplane trips to view the various colleges that are offering him scholarships to play ball for them. The longest probably will be Duke to the east and Hawaii to the west. Coach Boh, who handed in his resignation this week, and Boatwright will leave Rupert Wednesday morning. There will be two days of workouts and then the all-star game Friday night. The thing, called the "Dapper Dan" game, puts the top 10 prospects from Pennsylvania against the top 10 from throughout the nation. The host team will have McMillan, who Sports Illustrated extravagantly dubbed the "best prep prospect in the nation."

Minico County has taken well to the idea of having a representative in such a prestige game. The Spartans have raised sufficient money to send Jim's parents, Mr. and Mrs. Bill Boatwright, back, which is a nice gesture, and also is trying to round up sufficient money to purchase a color movie film complete with sound track. The movie would be available for showing around Idaho for any school or group interested.

The word on Jim's intentions for setting on a college is basically that it will be in the west and perhaps in the intermountain area. Coach Boh says the youngster has about reduced the finalists to seven or eight and plans to visit only five or six. He hopes to make his decision as early as possible so he can have some leisure time, free from phones and recruiting, this summer.

However, there could be a chance that his coach will become a recruiter. Coach Boh currently is planning on attending Utah State University next year to get his masters degree and also may become a member of the fresh team's coaching staff. He also has been contacted by a Southern Idaho Conference team to see if he would be interested in taking on another head job.

Minico might also have been the first team that flew to a state tournament. The Spartans bussed to Boise for the first game and were flown home, being in bed at 11:30 p.m. The next day they left the Burley airport at 5:15 and Coach Boh greeted them on the ground at 6 p.m. The Spartans stayed overnight after beating Borah and then lost the finals to Highland which makes Coach Boh wonder whether he shouldn't have lined up one more flight.

The team used two planes, eight and five-seaters and Coach Boh reports taking meals, lodging and bus expense into consideration, it cost only \$1,000.

Steve Hegens, CSI's new all-American, figures the honor is worth the probable consequences of making the national team as a freshman. "I suppose it will make it tougher for me to play next year," he conceded. "I know when I was a junior in high school the other teams kind of forgot about me and just let me play. Then I was named all-city that year and I got a lot of pressure my senior year."

Jerry Meyerhoeffer, CSI's admissions man and also assistant coach without portfolio, has seen more CSI games than just about anyone. Meyerhoeffer believes CSI's biggest win as the second-half comeback against Christian College of the Southwest during the national tournament last week. He was reminded of the big win over Texas in the AAU regional in New Mexico three years ago in which the Eagles knocked off a team which was basically the starting lineup of the previous year's NCAA championship club.

"That was a big win," Meyerhoeffer said. "But we

By LES KJOS
MIAMI (UPI)—Lee Trevino clowned his way to a four-under-par 68 Saturday and a tie for the lead with young Bob Menne going into the final round of the \$200,000 National Airlines Golf Tournament.

Trevino went into the third round two strokes back of the surprising Menne, but caught his opponent in a head-to-head match for the lead. Menne started strong with birdies on

the second, third and fourth holes, then fell back to a two-under-par 70 for his three-round total of 203—good enough to share the lead.

Two strokes back was the tour's top money winner, Dick Lotz, who fired a 69 for a three-round total of 205.

Chi Chi Rodriguez, who started the round tied with Trevino two strokes back of Menne, fell to a 71 on the par 72 Country Club of Miami course

and a three-round total of 206. Orville Moody, the 1969 U.S. Open winner, was another stroke back at 207 after firing a 67. Gary Player shot a 71 and trailed the leader by eight strokes.

The flamboyant Trevino flopped on the green after holing a 12-foot birdie putt on the ninth hole. "I almost broke my leg," the Texan said. "I hit a bad putt and got away with it."

Trevino caught Menne twice before he made it stick. Once on the 12th hole when Menne landed in a sand trap for a bogey. Menne took the lead back with a birdie on the 13th, but Trevino tied it again by chipping in from 30 feet on the 15th.

Menne birdied the par five 16th with a 7-foot putt but hit under a tree on the 17th for a bogey five, putting Trevino into a tie for the lead to stay. Menne said playing with the colorful Trevino did not bother him.

"I enjoy playing with Lee and I enjoy his gallery," said the 28-year-old pro whose highest finish in 15 months on the tour was a tie for 20th in the San Antonio Open.

"He started like a house afire, but we had a lot of golf left," Trevino said of his opponent. "He's hitting the ball and he's going to be tough to beat."

Rodriguez said after his 71 "If you started like I did, you wouldn't finish." He hit his first drive at the lip of a sand trap and buried the ball, taking a bogey five. He matched it with a birdie at No. 2, bogeyed the seventh when he hit in the water and birdied the 12th, 14th and 16th with putts of 20, 3 and 9 feet.

Lotz got his 68 by birdying the first hole and adding birds on the fourth and ninth with 15-foot putts. He birdied the 13th by chipping to within three feet of the pin and sunk a 13-foot putt on the 16th for another bird.

He bogeyed the 17th by hitting the bunker on the tee and landing his second shot short of the green. Lotz's 68 gives him 13 rounds in the 60s in his last 16 outings.

NEW YORK (UPI)—Jim Brown scored 106 touchdowns for the Cleveland Browns during his 1957-65 career. The closest to Brown in this record is Jim Taylor who scored 83 times on the ground for the Green Bay Packers.

TOUCHDOWN KING

NEW YORK (UPI)—Jim Brown scored 106 touchdowns for the Cleveland Browns during his 1957-65 career. The closest to Brown in this record is Jim Taylor who scored 83 times on the ground for the Green Bay Packers.

THE CYCLONES clinched the title when Gerald Malacek, Michigan State's only hope for an upset, was decided by Ben Cooper of Southern Illinois for third place in the 177 pound class.

The Cyclones' victory marked the first time in 40 years of NCAA tournament that the wrestling title has been out of Oklahoma for two years in a row.

The consolation round preceded championship matches Saturday night at which time the total points will be counted and awards presented.

Iowa State won four of five semifinals matches Friday night to pull away from all other contenders—except Michigan State. Malacek was the Spartans last hope.

MIAMI (UPI)—Lee Trevino clowned his way to a four-under-par 68 Saturday and a tie for the lead with young Bob Menne going into the final round of the \$200,000 National Airlines Golf Tournament.

Trevino went into the third round two strokes back of the surprising Menne, but caught his opponent in a head-to-head match for the lead. Menne started strong with birdies on

Terlago Wins Anita Derby In Stretch

By ALEX KAHN
UPI Sports Writer
Arcadia, Calif. (UPI)—Jockey Bill Shoemaker brought Terlago between horses in the stretch to score a clear victory by about two lengths Saturday in the \$200,000 Anita Derby.

It was Shoemaker's sixth Santa Anita Derby winner but his first since 1965 when he captured the rich classic for three year olds aboard Lucky Debonair.

George Lewis, who had set the pace most of the way, held on with determination to finish second while Aggressively third and Cool Hand finished fourth in the field of 11.

Terlago raced 1 1/8 miles in the good time of 1:48 2/5 and justified his selection as the 3-2 favorite of the big derby day crowd of more than 50,000. Terlago returned \$5, \$3.40, and \$3. George Lewis paid \$5, and \$4.80 and the longshot Aggressively returned \$13.20.

Terlago is a son of Terrang who won the 1966 Santa Anita Derby with Shoemaker as his rider. The colt is owned by S. J. Agnew of Tenino, Wash., who purchased him for \$220,000 last year at the Belmont Horses in training sale.

Despite the rich price paid for the colt, it may prove a bargain. Terlago earned \$96,400 to run his lifetime earnings to nearly \$200,000.

At the start of the race, the speedy George Lewis shot out in front and had a length lead by the time the field hit the first turn. Shoemaker dropped Terlago into third place as Plenty Old forced the pace.

Stretched out behind were Colorado Jr., Willowick, Sir Wiggie, Cool Hand, and Protanto. As the horses moved down the back stretch, George Lewis and Plenty Old staged a head and head battle for the lead while Shoemaker stayed close behind waiting for his opportunity.

Turning into the stretch Terlago fanned out slightly to get by the leaders while Cool Hand and Aggressively made a belated bid. But as the finish line neared, Terlago easily drew to the front and was opening up ground with every stride. At the finish his official margin of victory was 2 1/2 lengths.

Pitchers Hit Peak Form As Dodgers Nip Mets 1-0 In 16

Pitchers were in midseason form across the continent as Los Angeles edged the New York Mets, 1-0, on Billy Grabarkewitz 16th inning homer at St. Petersburg, Fla. Bill Singer hurled eight innings for the Dodgers, Jose Pena went five and Bob O'Brien, who isn't on the club roster, blanked the world champions for three frames.

third homer of the exhibition season for Washington.

Baltimore won the first annual "Gold Coast Cup" for competition between teams training in Miami and Fort Lauderdale, Fla., by blanking the New York Yanks 6-0. Singles by Dave Johnson and Ellie Hendricks keyed a three-run second inning for the Orioles. Righthander Jim Palmer twice escaped bases-loaded, none-out situations.

gans' blast came with the bases loaded.

Japanese teams defeated San Francisco for the fifth time in eight games, 2-1. Juan Marichal went the rout for the American team, lost the game on a seven inning homer by Michioy Arito of the Lotte Orions.

GOGOLAK'S FIELD GOALS
NEW YORK (UPI)—Pete Gogolak attempted 46 field goal in 1965 for the Buffalo Bills and made 28. Both figures are American Football League records.

Jerry Koonsman hurled seven innings for New York and Tug McGraw gave up just one hit in six scoreless frames. Darryl Frisella served up the home run ball to Grabarkewitz.

Two out homers secured victories for Pittsburgh, Cincinnati and Houston. Dave Arington's blast in the 10th inning brought the Pirates at 5-4 win over Philadelphia; Jimmy Stewart hit a three-run homer in the ninth inning to give the Reds a 3-2 triumph over the St. Louis Cardinals and Jim Beauchamp's homer with a man on provided the Astros with a 5-4 victory over the Minnesota Twins.

Pitcher Dick Such hit a grand slam, homer for Atlanta and hurled four scoreless innings as the Washington Senators defeated the Atlanta Braves, 7-2. Frank Howard rapped his

MacMillan Stuns Okker In Net Play

JOHANNESBURG, South Africa (UPI)—Frew MacMillan, whose only claim to fame in the past was his doubles play on the South African Davis Cup team, scored the upset of the South African open tennis tournament Saturday. MacMillan, who lost his chance for further heroics in the Davis Cup when South Africa was banned from the competition, ousted Holland's second-seeded Tom Okker 6-4, 4-6, 1-6, 6-1, 6-2 to gain the quarter-finals.

John Matias, a 25-year-old Hawaiian bidding for the first baseman's job on the Chicago White Sox, doubled twice and singled in a 7-3 win over the Pittsburgh "B" team. Matias now has nine hits in his last 11 at bats.

Danny Walton hit two homers and one each were unloaded by Red Kubiak, Mike Hegan and John Kennedy in Seattle's 20-10, 19-1 rout of Oakland. He

My Dad George Takes Florida Derby By Head

By FRANK EIDGE
HALLANDALE, Fla. (UPI)—My Dad George, in a repeat of Hileah's \$100,000 Flamingo Stakes, charged down the stretch in a ding-dong battle WITH Corn Off The Cob Saturday to again hang defeat on that hard-luck colt by a head margin in the \$144,600 Florida Derby.

The sprinter Cassie Red hung on for third by a half length in the three-horse blanket finish.

My Dad George and Corn Off The Cob hooked up at the 16th hole and they were less than the length of a whisker apart in the charge to the wire. Seventy yards from the finish, it appeared that Corn Off The Cob pushed his nose in front, but jockey Ray Broussard applied his whip with renewed vigor and My Dad George gave an extra kick that carried him to victory and \$104,600 pay off for owner Raymond Curtis.

The two colts fought a similar stretch dual at Hileah in the Flamingo with My Dad George winning by a nose. Corn Off The Cob was the favorite of the crowd of 26,139 with My Dad George a close-up second choice. My Dad George

Oxygen Count Rebounds In Mormon Lake

Oxygen content has risen and the ice cover is vanishing at Mormon Reservoir, marking the end to the winter kill of fish in that impoundment.

Robert Bell, regional fish biologist for the Idaho Fish and Game Department, visited the impoundment Friday and found oxygen readings just off the boat ramps had rebounded to five parts per million against one-half parts per million three weeks ago. That amount is capable of sustaining fish life.

He was unable to visit the spring area, where greatest mortality had been visible, due to the rotting condition of the ice.

Bell said he would begin gill net censusing as soon as possible this spring to determine the extent of kill. The kill should prove advantageous to area anglers as it will reduce the perch and sucker population which has grown sufficiently to impede trout growth. The department plans heavy planting of catchable-sized and fingerling trout as soon as truck access opens.

PASSING RECORD
LOS ANGELES (UPI)—The National Football League record for the most yards gained passing in a single game held by Norm Van Brocklin. As quarterback for the Los Angeles Rams in 1961, he passed for 554 yards against the New York Yanks, hitting 27 of 41 aerials attempted.

were always in the game and won it in overtime. I thought this one (Southwest) was bigger because we were 14 down at halftime and came back. If the boys were quitters, they could have been beaten easily and no one would have thought anything about it."

Atlanta Belts Bulls 124-104 To Hike NBA Playoff Lead to 2-0

ATLANTA (UPI)—The Atlanta Hawks pulled away from Chicago in the second half here Saturday night, whipping the Bulls 124-104 to push their NBA Western Division playoff advantage to 2-0.

The victory was Atlanta's fifth in a row, and its 10th in its last 11 games.

USC Defeats A-State To Win Tourney

RIVERSIDE, Calif. (UPI)—Brent Strom pitched a five-hitter Saturday and batted in two runs as he went three for five at the plate as University of Southern California defeated NCAA defending champion Arizona State 5-2 and won the Riverside National Collegiate Baseball Tournament.

Dan Stollgrosz hit a home run with no one on in the sixth to give USC a 3-2 edge and they never relinquished the lead.

USC's 7-1 tournament record assured the Bruins first place. Stanford, with a 4-1 record, plays two games today but even if they win both they can only place second because USC defeated the Indians 7-5 last Thursday.

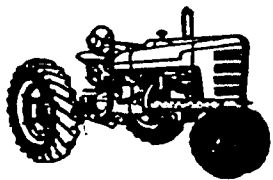

In other action Saturday, Dave Jones hit a home run in the first with one on to give Air Force a 2-0 lead as the Falcons went on to defeat St. John's 6-2.

Oregon State's Jerry Johnson struck out 13 and walked one as OSU defeated host UC Riverside 2-1.

Tulsa's Tom Jenkins went three for four at the plate and batted in one run as Tulsa shutout Stanford 7-0. Jenkins' four hits brought his tournament total to 17, beating the old tournament record of 16 set last year by Doug Howard of BYU.

In the final game of the tournament Saturday night, Stanford University's Steve Dunning suffered a heartbreaking defeat as he struck out 19 batters and hurled a one-hitter only to lose 2-1 to the Air Force on three errors in the ninth inning.

Dunning's only hit was by Dennis Hall in the sixth inning to drive in the first Air Force run. In the bottom of the ninth, the Falcons' Bill Maggio got on base on Phil Kelber's error. Dunning, attempting to pick Maggio off first, threw the ball away, advancing the runner to second.

Atlanta ran its lead to 24 points, 59-35, with just 3 1-2 minutes to play in the second quarter. But Chicago closed the half with a 13-2 rush and was suddenly back in the game 61-48.

That was the end of the Chicago threat. With Walt Hazzard at the controls of a devastating fast break, the Hawks opened the second half with a 17-4 burst. Atlanta led at the end of the quarter 101-73. Hazzard had 10 points in that period, Joe Caldwell 12, and Lou Hudson, 10.

Hudson finished with 30 points to lead all scorers: Caldwell had another 23 in the well-balanced Atlanta attack. Hazzard scored

Ducks Nip UTEP In Dual Meet

EL PASO, Tex. (UPI)—University of Texas at El Paso set the school and stadium records Saturday but Oregon University captured the important first places to score a one-point win, 77-76, in a dual track meet.

Oregon won both the mile and 440-yard relays and used its depth to overcome UTEP's first-place power.

Roscoe Divine and Rick Ritchie could have held hands in breaking the tape shoulder-to-shoulder as they won the mile with an identical 4:06.0 time.

UTEP's Vincent Monari set a new school and stadium record in the shot put with a heave of 60 feet 11 1-4 inches. Fred DeBernardi did the same in the discus with a toss of 180 feet 9 1-2 inches. Harrington Jackson blitzed the 100-yard dash field in a record 9.2 time.

SLINGIN' SAMMY
NEW YORK (UP)—Slingin' Sammy Baugh, best known as a National Football League passing ace, was a star shortstop in college and played several seasons in the high minor leagues before forsaking the diamond.

Records Fall, Indiana Nabs Swim Crown

SALT LAKE CITY (UPI)—Powerful Indiana notched its third consecutive NCAA swimming and diving championship Saturday as two more records tumbled on the final day of competition.

Mike Burton of UCLA nailed down his third gold medal of the meet. But Indiana's superior depth provided a 97-point margin over runnerup Southern California.

Stanford finished third with 206 points and UCLA was fourth with 185 points.

Veteran Mark Spitz, successfully defending his 100-yard butterfly title with a 49.82 second effort, and teammates Lawrence Barbieri, Gary Hall and diver James E. Henry paced the Hoosier victory.

Henry collected his fifth NCAA diving championship by taking the three-meter event. Earlier in the meet, he won the one meter. It was the third one meter title for the ace diver and the second three meter win.

Freshman Brian Job of Stanford won his second gold medal and established a new NCAA record in the 200-yard backstroke.

Mitch Ivey, a 21-year-old swimmer from Long Beach State, backhanded his way to a new NCAA record in the 200-yard backstroke with a time of 1:52.77. The effort relieved former Indiana great Charles Hickcox of the title.

Russell and Spitz share the NCAA record at 49.5—Russell setting it in 1968 and Spitz evened the mark last year. Spitz established the American record in that event in 1967 with a 49.1 clocking.

UCLA's powerful Burton made it three gold medals for 1970 NCAA competition as he swirled through the 1,650-yard freestyle in a near-record time of 16:10.59.

with Gleaming Light \$7.40 to show.

Braulio Baeza, who rode Arts and Letters, scored with four mounts, winning the opener with Admiral Raddy (\$8.80), the fourth race aboard Forever (\$6.80), the fifth with Native Royalty (\$5.20) and the ninth race astride Richard B. Good (\$9.20).

Steelhead Transplant Project Gives New Bonus—Big, Four-Year Spawners

The steelhead transplanting project, moving the Middle Snake River run to the Pahasimeroi, has come up with another plus with the advent of four-year run spawners and the overall project appears to be running a little ahead of the past few seasons.

C. R. "Bob" Quidor, manager of the Niagara Steelhead Hatchery, reports 10 of the 72 returning fish taken at the Pahasimeroi weir are in the four-year class and these show exactly what Idaho anglers began demanding last year—length and strength. The four-year fish, started at the Niagara plant, are running from 32 to 36 inches in length and 10 to 12 pounds. This compares to 23 to 26 inches and three to six pounds for the three-year returnees.

Quidor promised these four-year fish will be kept separate throughout the cycle, beginning with selective breeding on through. "We didn't know what to expect (on four-year cycles) Quidor said. "A lot of people really doubted we'd have any. But we are going to work to

Weber Rips Ricks In Doubleheader

OGDEN (UPI)—Weber State's freshman righthander Bob Nicholson hurled a six-inning no-hitter to down Ricks College 5-0 in the second game of a double header in Ogden Saturday.

Weber won the first contest 16-3 on the two-hit pitching of Barry Bagley.

The second game was called after six innings because of snow, but Nicholson recorded 12 strike outs up to the end.

In the first ball game, outfielder Bill Sowders had two-for-two at the plate including a triple and four runs batted in. First baseman Dominic Albano connected on a 390-foot three-run homer and finished the game with two-for-four and four RBIs.

Bagley pitched only five innings in the first game and struck out 11 Ricks batters. Weber State took all four games in the Ricks series and even its record at 6-6 for the season.

build a special four-year strain." He said the average of less than the Clearwater River strain everyone covets but size-wise appears slightly larger than the Pahasimeroi native average.

Fluctuating water temperatures have kept the project trapping success, the angler's fishing success, down but things are still ahead of last year. The first steelhead entered the trap Feb. 17 this year against March

10, 1969. "If we could get some warm weather up there, I'm sure the fishing and our trapping would really pick up," Quidor said.

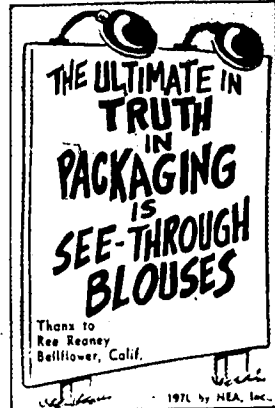

Creel checks by the Idaho Fish and Game Department so far indicate that 50 per cent of the fish being taken in the main Salmon River by anglers had their origin either at the Niagara hatchery or the Hayden Creek experimental station.

Quidor said the daily runs of smolts from the Niagara hatchery to the Pahasimeroi have begun on a seven-day schedule. So far 95,000 pounds have been transported with 200,000 pounds remaining. Some 50,000 of this year's crop has been marked

with half to be dumped in the Pahasimeroi at the weir and the other half at the holding ponds upstream. Results will be checked to see if there is any appreciable difference. If not, the holding pond idea may be scrapped.

Should that be the case, the department may turn the ponds exclusively into Chinook Salmon production. Thousands of Chinooks planted in the ponds last year wintered well and currently are growing well. They will be held in the ponds until next April, released into the river and the succeeding progeny will become part of the department's plan of perpetuating anadromous runs into Idaho.

East All-Stars Topple West 116-102; Scott Gets Top Player Award

INDIANAPOLIS, Ind. (UPI)—All-America Rick Mount of Purdue scored 25 points and Jim McMillian of Columbia bagged 23 Saturday afternoon as the east whipped the west, 116-102 in a nationally televised college All-Stars basketball game.

Charlie Scott of North Carolina, who scored 18 points, was named the "star of stars" as he helped lead the east to its second straight win in the eighth annual game in the series.

The west's Nate Archibald of Texas-El Paso topped all scorers with 35 points but the east's better balance paid off.

The two teams battled head-to-head for the first 19 minutes with the lead changing hands seven times with nine ties also intermingled before Ohio State's Dave Sorenson sank a field to put the east on top for good at 56-54 with a minute to go before intermission.

The shooting of Rick Erickson of Washington State and

Archibald were the prime factors for keeping the score close in the initial period, as they combined for 27 points. However Erickson added only two points in the second half to finish with 16.

The East broke the game open in the second half after holding only a six point lead at half-time, 60-54. Behind the firing of Mount, McMillian and Scott, the East rolled to an 18 point lead, 112-94, with just two minutes to go in the contest.

Both teams placed five players in double figures. On the East besides Mount, Scott and McMillian, Vann Williford of North Carolina State added 12 and Sorenson 17.

George Irvine of Washington with 10, Curtis Perry of Southwest Missouri with 10 and Jim Ard of Cincinnati with 14 backed up Erickson and Archibald.

Foster Coasts, Rouse Works As Fight Nears

MISSOULA, Mont. (UPI)—Bob Foster the World Light Heavyweight Champion slackened his training pace during the weekend but contender Roger Rouse, facing a possible last chance at the big time, intensified his schedule.

Both fighters were working out at the Loyola High School Gym daily in preparation for the April 4 title bout at the Adams Field House on the University of Montana campus.

Rouse, of Anaconda, Mont., ranked seventh in the division by Ring Magazine, held to his eight-mile-a-day jogging schedule and sparred with heavyweight Tony Doyle of Salt Lake City.

Foster confidently eased off on his schedule and went from four sparring partners to one.

Foster, who defeated Rouse in Washington, D.C. last

September, considers Rouse a stepping stone to a date with heavyweight champion Joe Frazier.

For Rouse, however, the bout shapes up as a milestone. It is his second crack at the title and a victory would make believers of fight fan skeptics. A loss would virtually eliminate him from further title considerations.

In their first meeting in 1968, Foster won by a technical knockout after opening a cut over Rouse's left eye. Rouse had earlier met Dick Tiger for the title and lost. He had the chance before Foster and Foster feels Rouse should have waited in line.

Foster said at the signing last week, "It's a shame Roger didn't wait until I do away with Joe Frazier."

Then, he said, the division would be open to elimination and Rouse would surely win.

Foster still smarts because Rouse got a crack at Tiger first.

"I didn't think it was fair," Foster said. "I said if I ever got a shot at him in the ring, I'd swarm all over him."

Foster was looking toward a summer bout with Frazier, and he figures two more bouts after this one and he won't be ignored.

Foster took on two challengers for his title in 1969, Frankie DePaula and Andy Kendall. He knocked out DePaula in the first round and Kendall in the fourth.

The champion is confident of a victory over Rouse. But Rouse and his backers say he is in the best condition, mentally and physically, of his career.

And he will have extra inspiration and know-how in his corner April 4. Willie Pep, who held the featherweight title for seven years during the 1940s, planned to work with Rouse during the fight.

UCLA Crushes Indoor Champ Kansas 99-50

LOS ANGELES (UPI)—Wayne Collett smashed meet records in the 220 and 440 and anchored the Bruins 440-relay team to another mark as host UCLA routed Kansas, 1970 NCAA indoor champion, 99-50, in an intercollegiate dual track and field meet Saturday.

It was a one-sided contest from beginning to end as Coach Jim Bush's Bruins averaged two straight losses to the Jayhawks, 91-63 last year and 102-42 in 1968.

UCLA won 11 of the 18 events as Bruin athletes came up with seven lifetime and 10 season best performances while breaking six meet records and tying another.

Collett began by hitting the tape in the 440 relay six yards ahead of Kansas anchorman Mickey Mathews in a sizzling 39.9.

He eased up and looked around several times on the home stretch to breeze the 440 in a fast 46.0, and he closed fast in the final 30 yards to take the 220 in 20.8. It was the first time this season that Collett had run either of the two sprint races.

Collett pulled teammate John Smith into second place in the 440 with the latter's lifetime best of 46.1.

Also breaking meet records for the Bruins were Denny Rogers in the triple jump, 51.4 his lifetime best, Mike Mullins in the mile, 4:03.3, and Hal Greenwood in the high jump, 6-11, his lifetime best. Reggie Robinson tied the 100 meet record of 9.9 for UCLA.

Kansas athletes accounted for three other record performances. Sam Colson upped the javelin mark to 222-1; freshman Jan Callen lowered the steeplechase standard to 9:01.2; and Jay Mason cut the two-mile record to 8:55.0. Colson's and Callen's marks were both lifetime bests.

Golf Deadline

Sunday is the deadline for members of Blue Lakes Country Club to sign up for the spring best ball tournament, reminds Professional Dave Killen.

Those interested should visit or call the clubhouse.

Unser Brothers Run One-Two At Phoenix

PHOENIX, Ariz. (UPI)—Brothers Al and Bobby Unser made it a family affair Saturday as they finished one-two in the seventh annual Jimmy Bryan 150-mile championship auto race at Phoenix International Raceway.

Al beat Bobby by one mile — and was at least two miles ahead of everyone else.

Defending national champion Mario Andretti was the only driver able to stay close with Al Unser all day, but mechanical problems forced Andretti to give up the chase at the halfway mark.

Finishing third was Lloyd Ruby, Wichita Falls, Tex., followed by A. J. Foyt, Houston, Tex., and Mike Mosley, La Puente, Calif.

A six-car pileup on the 44th lap forced a 50-minute delay in the \$53,600 United States Auto Club event, which was shown live on national television.

There were no injuries in the mishap which began when rookie Nick Diogardi, Lodi, Calif., spun his car. Another rookie, Johnny Anderson, Sacramento, Calif., spun to Miss Diogardi and started a series of crashes.

Also involved were George Snider, Bakersfield, Calif., Gary Bettenhausen, Tinley Park, Ill., and Gordon Johncock, Hastings, Mich. Johncock's car struck Diogardi's and burst into flames.

After the wreckage was cleared, Unser immediately opened up his lead and was never again seriously challenged.

The Jimmy Bryan race, named after the late Indianapolis 500 winner from Phoenix, was the first event on USAC's 23-race schedule. Victory was worth \$8,950 to Unser and allowed him to assume the lead in the battle for the 1970 national driving championship.

Paul — The 1970 spring field trials of the Idaho State Field Trial Association will be held Saturday and Sunday at the Julius Clawson Farms, 1200 north and 400 west, of Paul.

The two day event offers competition in the open puppy, amateur derby, amateur shooting dog, open all age, open shooting dog and open shooting dog derby.

The dogs will be worked on liberated and wild pheasants. Trophies and/or merchandise awards will be presented in all events, sponsored by Sears, Roebuck and Company of Twin Falls.

Judges for the two-day event will be Clyde Schoonover, Pocatello; Rulon Everton, Twin Falls; Glen Wiese, Ogden, Utah; Sanford Daines, Corrine, Utah.

Awards for Saturday's winners will be presented at the group's banquet Saturday night at Price's Cafe in Burley.

Collins Signs To Play With Bulls

CHICAGO (UPI) — Jimmy Collins, New Mexico State guard who was the Chicago Bulls No. 1 choice in the National Basketball Association draft, has been signed to a three-year contract, general manager Pat Williams of the Bulls announced Saturday.

The 6-foot-2 inch Collins will arrive here late Monday afternoon and attend a news conference in the Bulls' office Tuesday morning.

Terms of the contract with Collins were not announced, in accordance with the Bulls' team policy on salaries, but coach Dick Motta said "he is not getting as much as some of the other players think he is."

Field Trials Slated Next Week At Paul

PAUL — The 1970 spring field trials of the Idaho State Field Trial Association will be held Saturday and Sunday at the Julius Clawson Farms, 1200 north and 400 west, of Paul.

The two day event offers competition in the open puppy, amateur derby, amateur shooting dog, open all age, open shooting dog and open shooting dog derby.

The dogs will be worked on liberated and wild pheasants. Trophies and/or merchandise awards will be presented in all events, sponsored by Sears, Roebuck and Company of Twin Falls.

Judges for the two-day event will be Clyde Schoonover, Pocatello; Rulon Everton, Twin Falls; Glen Wiese, Ogden, Utah; Sanford Daines, Corrine, Utah.

Awards for Saturday's winners will be presented at the group's banquet Saturday night at Price's Cafe in Burley.

Bucs Struggle For Playoff Spot

NEW ORLEANS (UPI)—The New Orleans Buccaneers, struggling to gain a berth in the American Basketball Association's Western Division playoffs, gained a half game in that direction Saturday night by defeating the New York Nets 100-92.

The Joneses, Steve and Jimmy, each scored 22 points as the Bucs moved within 1 1/2 games of idle fourth-place Los Angeles.

Ron Franz had 18 points and Red Robbins tallied 15 and grabbed 23 rebounds for the Bucs. New York's top gun was Walt Simon who scored 30. Levern Tart contributed 22.

The Bucs trailed the entire first half and were behind by as many as 10 points on two occasions, but closed to within three, 43-46, at halftime. They led by as many as 19 in a runaway fourth quarter.

Colonels Defeat Cougars At Buzzer

RALEIGH, N.C. (UPI)—Darel Carrier hit a 35-foot three pointer at the buzzer Saturday night to give the Kentucky Colonels a 101-98 win over the Carolina Cougars.

The victory boosted the Colonels 3 1/2 games above the Cougars in the battle for second place in the Eastern Division of the American Basketball Association.

Gene Moore was high scorer for Kentucky with 26 points. Carrier and Louie Dampier each had 20.

Bob Verga had game high honors with 39 points. His 22nd point gave him 2,000 for the season.

Michigan Threatened By Blacks

ANN ARBOR, Mich. (UPI)—The University of Michigan will be closed, a black student leader warned Saturday, if "other demands" by the Black Action Movement (BAM) aren't met.

Edwin C. Fabre, a law student from Brooklyn, N.Y., said negotiations would continue with university officials throughout the Easter holiday weekend to try to end the weeklong strike that has led to cancellation of many classes.

University President Robben W. Fleming announced Friday that the school would meet the chief demand of the blacks—committing the school's financial resources to achieve a 10 per cent black student enrollment.

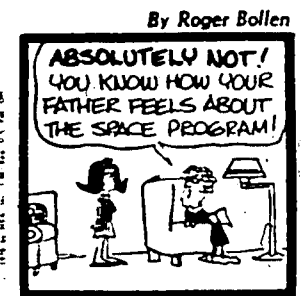

Fleming's announcement came after meeting with deans of the 17 colleges of the university.

But Fleming couched the announcement with a warning.

"The disruption of the last few days is utterly intolerable and has been countenanced only with great restraint on the part of all," Fleming said.

The student boycott had been marked by some violence and vandalism earlier in the week with some students disrupting classes at the 33,500 student campus.

Weekend Review Of Stocks, Markets, Business

Bond Mart Has Mixed Prices

NEW YORK (UPI)—Bond prices were mixed early this week but rallied sharply on Wednesday following the prime rate cut to 8 from 8 1/2 per cent.

Salomon Brothers and Hutzler investment firm reported governments were steady at the opening following last week's sharp rally, but then advanced again at mid-week. On the week, intermediate-5 to 7 years and long-term—over 20 years—governments rose by a half point and full point, respectively.

Short-term rates continued to fall sharply early in the week, but were steady to a little higher following the prime rate cut. Three-month treasury bill rates fell briefly below 6 per cent and were down almost 40 basis points for the week. The secondary market rates on three-month CD's continued to show the largest declines, falling by 100 basis points.

Trends in federal funds and eurodollar rates were mixed, but a little lower on average. Corporate bond prices opened lower in anticipation of the week's very heavy new issue calendar, but then rallied sharply. New issue yields on long high grade utilities rose 15 basis points at the opening to within 10 basis points of the previous week's highs, but failed initially to attract any substantial investor interest.

Subsequently, investor interest picked up. Long-term negotiated issues and medium-term—4 to 5 year—utilities were especially well received. Deep discount corporates were up more than two points on the week, while recent issues advances less than a point net. Next week's very heavy \$766 million corporate calendar contains a large variety of issues. Most of the record \$3 billion April calendar will be made up of utilities, including the telephone issues and only a small portion of non-convertible industrial issues.

The price advance that developed in the municipal market late last week slowed at the opening this week, then resumed. Following the prime rate cut, new issue yields below last week's closing levels. Note issues have declined by more than 200 basis points since last December. Next week's municipal calendar will be moderate—\$260 million—and for all of April it remains below average—less than \$800 million.

3 Calls Threaten Russ Chief

TOKYO (UPI)—The Japanese foreign ministry said Saturday it had received three telephone calls threatening the life of Soviet President Nikolai Podgorniy, who will visit Japan next month.

A ministry spokesman, in making the announcement, said all the calls were received Saturday. He said each of the callers complained of the Soviet Union's plan to use an area of the Pacific east of Japan as the target for rocket tests announced for next month.

Philippine Moslems. The Moslems, who were named Moros by the Spaniards after the Moors of Spain, live only in the southern Philippines. The Moros were converted to Islam by Moslem missionaries from India in the 15th and 16th centuries.

Authorities said, however, they only wanted to talk to the sailor, Joseph D. G. Morin, and had no plans to arrest him. Three men published reports that Morin was a "prime suspect."

Morin, absent without leave from the Navy, had been at a card party in the apartment of Linda Edmonds, his former girlfriend, the night before the murder. Their relationship was no longer considered serious.

Truman's Change. President Truman made a change in the U.S. coat of arms. The eagle now not only faces to its right—the direction of honor—but also toward the olive branches of peace which it holds in its right talon. Formerly the eagle faced toward the arrows in its left talon, symbolic of war.

Current Status Of Major Items Of Legislation In Congress Outlined

WASHINGTON (UPI)—Status of major legislation: EDUCATION—House-Senate Conference Committee agreed to a \$23 billion extension of the elementary and secondary education act.

WELFARE—House Ways and Means Committee has approved Nixon proposal for welfare overhaul to scrap present aid to families with dependent children and substitute a family assistance plan for a minimum annual income for poor families, including the working poor who now generally do not qualify for welfare payments.

LUNCHES—Senate has passed an \$817 million authorization to expand the school lunch program and assure children from families with less than \$4,000 a year income a free lunch daily. House, no action.

CRIME—Senate passed bill giving authorities new legal weapons to fight organized crime, including heavy prison sentences for convicted syndicate criminals. House hearings underway.

DRUGS—Senate passed administration-backed bill to reduce maximum penalties for possession and sale of drugs. House hearings underway.

FOOD STAMPS—The Senate has passed an authorization measure to provide \$2.5 billion annually in food stamps by 1972.

BANK HOLDING—House passed a measure that would break up all holding companies.

Abortion Bill Is Kept Alive. ANNAPOLIS, Md. (UPI)—The Maryland Senate voted Saturday night 26-13 to keep alive attempts to repeal the state's abortion laws.

The senators overrode an unfavorable committee report on the proposal but delayed preliminary action on legislation until Monday. At that time the Senate will consider several amendments designed to retain some state control over terminating any pregnancies.

The bill as passed by the House last week would leave all decisions concerning abortion between the pregnant woman and her doctor.

EXPLAIN DELAY. BELGRADE (UPI)—Ever been in Yugoslavia and traveled by train? Your train was late, wasn't it? Know why?

A Yugoslav railway engineer gets extra pay for overtime—the number of minutes or hours his train is late, the Belgrade evening newspaper Vecernje Novosti said Tuesday. That's why.

The WP freight was carrying a shipment of new automobiles for dealers in San Jose, Calif. The produce cars were en route from Salt Lake City to California ports.

Site of the accident was midway between Gerlach and Winnemucca, approximately 15 miles northeast of the desert town of Sulphur.

Interest Cut Signals End Of Bear Market

By RICHARD ROSSI, UPI Business Writer

NEW YORK (UPI)—In the kingdom of Wall there is a legend. It tells of noble Sir Irving and how he slew the mighty bear.

It happened at high noon on March 25, the legend says. The bear had held the kingdom of Wall in his icy grip for many months and gloom and sorrow had fallen over the land. But on that day the sun was shining and brightly and there were even rumors that the great interest rate wall surrounding the kingdom had developed some cracks. But, alas, they were just rumors, and many an investor still feared to venture into the marketplace.

Enter Sir Irving. He strode up to the terrible bear and with one swipe of his mighty prime rate sword slew him where he stood.

History may not record the end of the bear market of 1969-70 in quite those terms. But in any study, the Irving Trust Co., will hold center stage.

The nation's 12th largest bank Wednesday cut the prime interest rate to 8 per cent from 8 1/2 per cent and set off a buying spree that carried the Dow Jones industrial average up 15 points in minutes.

Within a few hours just about every major commercial bank had followed Irving Trust's lead, even though many called the move premature.

By early Thursday morning, the last day of trading in the holiday shortened week, most analysts were writing obituaries for the bear market.

Monte Gordon, Bache & Co. vice president, summed it up when he said the cut provided the market with "a psychological trigger." "It (the market) was like a hungry man wanting food," he said, "and suddenly—eat's there."

Investors gobbled up the good news and, despite some profit taking late in the session, the Dow Jones industrial average closed with a gain of 16.37, its biggest surge in two years.

Profit taking hit the blue chips and glamors again the next day but analysts generally said that was normal following such a sharp runup.

Some thought the market had overreacted to the news of the prime rate cut.

NEW YORK (UPI)—Claude Sitton, editorial director of Raleigh Newspapers, Saturday was appointed editor of the News and Observer, succeeding Jonathan Daniels.

Daniels, whose family edited the newspaper since 1894, will be editor emeritus. He will remain as a vice president of the News and Observer Publishing Co., a member of the board of directors and a contributor of editorials and articles.

Sitton, 44, a native of Atlanta, was national news director of the New York Times prior to joining the News and Observer in July, 1968. He is a member of the board of directors of the publishing company which also prints the Raleigh Times, an afternoon paper.

Sitton also worked for United Press for five years, from 1950 to 1955.

Daniels, who will be 68 next month, wrote 18 books and has received the North Carolina Gold Medal Award for contributions to literature. He was a press secretary to President Franklin D. Roosevelt.

Daniels will write a history of the Raleigh Newspapers.

"We're a couple of all-electric kids"

ROB AND PAUL DOERING, AMERICAN FALLS, IDAHO

"Mom and Dad say we're lucky being raised in a Gold Medallion home. Our house is never cold and drafty. There's never any furnace noise to wake us up at night. We'll never know about the dirt and work that used to go with keeping warm."

The Harwood Doerings can remember the days before they had electric heat. "The heat would go off in the middle of the night, and we'd wake up cold," they said. "The heat wouldn't go on, and the pipes would freeze. Our children can be glad they're all-electric kids."

PERMELESS electric heat is pure comfort. You can get full information and planning assistance at your local Idaho Power office. It's another among the many things electricity does best.

Asgrow Seed Manager In Filer Is Promoted

R. T. (Bob) Moldenhauer, the Idaho Seed Council. He has who has been branch manager of Agrow Seed Co. at Filer since 1956, will leave April 1 to take over the post of administrative assistant in the agronomics production section for Agrow in Ames, Iowa.

In moving to Iowa, Mr. Moldenhauer leaves Filer after taking an active part in community activities since he first moved there in 1950 as a fieldman trainee. He is a past commander of the American Legion, past president of the Kiwanis Club, a past member of the Filer Board of School trustees and was chairman for five years. He is also a past member of the Board of Trustees of the Methodist Church and a regular member of the official board. He holds membership in the Filer Masonic Lodge No. 55 AF and AM and was a member of the original citizen's committee during the formation of the College of Southern Idaho. He is a graduate of the University of Idaho and served three and one-half years in the U.S. Navy.

He has been active in seed association work and is past president of the Idaho-Eastern Oregon Seed Association and of the Pacific Seedmen's Association and the University of Idaho Agricultural Consulting Council.

His wife, Marie, has also been active in community affairs. She and their two daughters, Pamela and Roberta, will join him after school closes. The two girls are juniors at Filer High School.

Mr. Airhart is a native of Idaho and was first employed by the Associated Seed Growers, Inc., now known as Agrow Seed Co., a subsidiary of the Upjohn Co. He started with the firm in Hamilton, Mont. in 1950 as a fieldman.

He later was transferred to Genesee, Idaho and then to Nampa as assistant in the warehouse. He became branch manager at Fairfield, Wash., in 1955 where he served seven years.

He became branch manager at Nampa in 1967. He was active in community affairs in both Nampa and Fairfield.

He and his wife, Midge, have four children—Brad, David, Linda and Steve. They expect to move to Filer in the near future.

200 Attend Shoshone Home Tour

SHOSHONE — More than 200 people attended the open house at the new Gold Medal home of Mr. and Mrs. Gilbert Kerner, north Shoshone.

People came from Paul, Rupert, Richfield, Twin Falls, Buhl, Gooding, Jerome, Shoshone and Wendell.

Elmer Little, Twin Falls, assisted by John Cate, Buhl, from Idaho Power Co., hosted the event. Mr. and Mrs. Kerner also showed some of the guests through their home.

Refreshments were served by Mr. and Mrs. Kerner assisted by Mr. and Mrs. William Kerner Sr., Mrs. Oscar Kerner; Mrs. Bill Varin, Kathleen Kerner and Donna Kerner.

Student Plays "Leaf" Music

MOSCOW (UPI) — Timothy Ting Han Tsai, a chemical engineering graduate student at the University of Idaho is interested in leaves—not for their beauty but for their sound. He plays them like an instrument.

Using leaves of different sizes and thicknesses, Tsai can read and play music ranging from popular show tunes to works by Handel and Schubert.

Although his instrument is somewhat unorthodox, his sound is not. By blowing on the leaves, he produces a tone closely resembling that of a clarinet.

Tsai can play all types of plant leaves but prefers the leaves of the American Marble Green plant.

Following his graduation from Idaho next year, Tsai 30, hopes to enter research in either the petroleum, plastics or nutrition industries.

Car Found

BURLEY — A car belonging to Allen Hunt, Burley, was found Thursday on a canal bank seven miles southwest of Burley. The transmission of the car had been removed, officers said.

Mr. Hunt had reported the car stolen at 1:25 a.m. Thursday.

Clerks In Valley Eye Reforms

SHOSHONE — Clerks of the District court met at Woods cafe, Jerome, to discuss the Court reform and procedure to follow in putting it into effect January, 1971.

The eight counties were represented by Harold Lancaster, Twin Falls county; Frank Kearns, Cassia; August Bethke, Minidoka; Ella McVey, Jerome; Sybil Stevens, Gooding; Luella Kinsey, Lincoln; Estella Vaughn, Camas, and George McCov, Blaine.

Also present for the meeting was Ada County clerk, Clarence Planting.

Sibyl Stevens is president of the organization and Ella McVey made arrangements for the meeting.

News Of Record

CASSIA COUNTY District Court

Tony Alanis, 24, Burley, was sentenced to not to exceed two years in the Idaho State Penitentiary on a charge of assault with deadly weapon. Alanis was found guilty of the charge by a jury on March 11 and Judge Sherman Bellwood requested a pre-sentence investigation. Herman Bedke, public defender, was in court with Alanis for the sentencing as was Gordon Nielson, prosecuting attorney.

News Of Record

LINCOLN COUNTY Probate Court

Marriage certificates: Alan D. Camenson II, and Sandra Haddock.

Decree distribution: Probate court in Frederic Richard Mabbutt estate to Helen Mabbutt.

Decree divorce: Mrs. Margaret Helen Giles from Vernon Ray Giles, and Mrs. Beatrice Gahn from Leon H. Gahn.

Patent: State of Idaho to John R. Smith.

MINIDOKA COUNTY Justice Court

Steven Jensen, Rupert, parking in lane of traffic, \$5; Karen Hatt, Burley, parking in lane of traffic, \$5; James Roland Blacknew, Woods Cross, Utah, faulty equipment, \$10; James Outzen, Monroe, Utah, violation of special permit, \$25; Kyle Reynolds, Rupert, failure to carry registration, \$5; Maria Nino, Rupert, stop sign violation, \$10; Gerald Croft, Heyburn, failure to carry operators license, \$5; Margrette Mecham, Rupert, failure to display '71 license stickers, \$5; David Teal, Burley, running without headlights, \$10; Dalan Dayley, Burley, drag racing in excess of 90 MPH, \$30; Darreld Hohnstein, Heyburn, parking on roadway, \$5; Ernest Craig, Jerome, failure to display 16-inch red square flag on potato piler, \$5; and George Yokoyama, expired operators license, \$10.

Rupert Police

Mrs. Annie M. Dutton, 80, Rupert, was cited by Rupert Police for failure to yield the right of way after the 1968 Chevrolet she was backing from the curb collided with a 1966 Rambler driven by LeRoy McBride, 68, Burley. The accident happened at F Street and 5th Street, resulting in \$150 damage to the Chevrolet and \$400 damage to the Rambler.

BLAINE COUNTY State Police Blotter

Craig Vitale, 18, Hailey, was cited for driving left of center and for having no drivers license following a two-car accident on Crox Street in Hailey. Vitale attempted to make right hand turn from Highway 93 onto Crox when he crossed the center line and collided with a 1963 Pontiac driven by Ray Lictake, 66, Hailey, which was stopped at the stop sign.

Damage was estimated at \$650 to Lictake's auto and at \$200 to Vitale's 1958 Cadillac. There were no injuries.

Bellevue Police Blotter

No citations were issued after a three-car collision in Bellevue. Leslie Sisiam, Bellevue, as towing a 1955 Chevrolet owned by William Bentz, 17, Hailey, with his 1957 Chevrolet, when the towed vehicle worked loose and collided with a parked 1955 Pontiac, owned by Greg Knopfel, Bellevue. Damage was estimated at \$100 to the Pontiac and at \$50 to the Chevrolet.

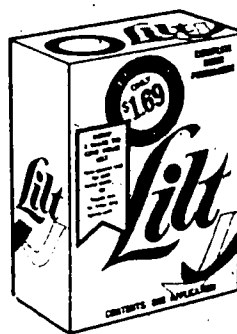

Ketchum Police Blotter

State and federal narcotic authorities conducted a raid on an apartment in Ketchum, and confiscated about one and a half pounds of pure, cut marijuana. The raid was conducted without a warrant, however, so no complaint has been signed.

FOUR FIRST PLACE trophies were among awards captured this week by the College of Southern Idaho DECA team during a state leadership conference for Distributive Education Clubs of America members at Boise. Seated, from left, are team members, Dale Lewis, Kimberly, and Gary Donnelly, Twin

CSI Team Wins Four State DECA Trophies

The College of Southern Idaho team came home this week from the Idaho State Distributive Education Clubs of America Leadership Conference with four trophies and five certificates.

The team will present its trophies to the college, and individual winners will receive certificates, according to Allyn Wilson and Robert Becker, advisors.

George T. Rogers, Burley, received first place in management decision making-human relations, sales

managers meeting and speech. He also received second place in sales demonstration and radio spot announcement and honorable mention in management decision making-merchandising.

Douglas E. Greene, Rupert, received first place in management decision making-merchandising and honorable mention in sales demonstration. Dale Lewis, Kimberly, received third place in management decision making-human relations, sales

Mr. Rogers and Mr. Greene, as first place winners, will compete in the national leadership conference April 30-May 4 in Minneapolis. Mr. Lewis and Gary Donnelly, Twin Falls, the fourth member of the team, also plan to attend, but are not eligible for contest participation.

At the state conclave in Boise CSI students were competing with ones from Boise State College, Boise; North Idaho Junior College, Coeur d'Alene; and Lewis and Clark Normal School, Lewiston.

Falls, and standing, from left, are Orval Bradley, CSI Vocational-Technical School members, George T. Rogers, Burley, and Douglas E. Greene, Rupert.

CSI Graduation

More than 300 College of Southern Idaho academic and vocational students will graduate at 2 p.m. May 10 at the Fine Arts Center. The date had previously been published as May 20.

Dr. Adele Thompson, dean of women at CSI, is in charge of graduation activities. Student lists are being compiled now to determine the exact number of students eligible for graduation.

Candidacy For Judge Revealed

BOISE (UPI) — Will Defenbach, a member of the Industrial Accident Board, took out petitions of candidacy Friday for the judiciary.

Secretary of State Pete T. Cenarrusa said Defenbach, a lawyer and former state senator from Ada County, told him he was considering running for the Supreme Court.

Cenarrusa said Defenbach stressed, however, that he had not made up his mind on the matter as yet.

Mrs. Moore Is Elected Hansen PTA President

HANSEN — Mrs. Moore was elected president of the Hansen PTA during a meeting Thursday night.

Others elected were Kenneth Daw, first vice president; Barry Espil, second vice president; Melba Johnson, secretary; and Marie McGuire, treasurer. The new officers will be installed during next month's meeting.

Roger Warner gave a speech on drug abuse. Open house at the grade school, beginning with the Head Start program, also will be held during next month's meeting.

Shah Has Daughter

TEHRAN (UPI) — Empress Farah gave birth to a daughter Friday, the fourth child and second daughter born of her 1959 marriage to Shah Mohammad Reza Pahlavi.

The baby weighed seven pounds at birth and both baby and mother were reported well. According to tradition she will be named on the sixth day after birth.

Pole Line Bridge Repair Bids Due

Bids for repairing and reinforcing the Pole Line bridge over Black Creek Canyon northwest of Twin Falls, will be opened at 1 p.m. April 3 in the office of the Twin Falls Highway District.

Keith Anderson, district engineer, said a call for bids went out several weeks ago and plans and specifications are available at the district office in Twin Falls.

Crash Causes Minor Injuries

Only minor injuries were reported late Thursday night in an accident at Fifth Avenue North and Third Street North in Twin Falls.

City Police took two of those involved to Magic Valley Memorial Hospital where they were treated and later released.

The accident occurred when a car driven by Timothy L. Morrison, 27, Murtaugh, ran a stop sign while traveling east on Fifth. His vehicle and one driven by Daniel Sanger, 16, Twin Falls, collided. Passengers in the Sanger vehicle were Wanda Morgan, 15, and Sandy Sanger, 12, both Twin Falls, and Mirena Price, 11, Idaho Falls.

Work involves reinforcing the large stringers of the bridge which have been weakened by wear and age. Work is scheduled to begin within a week to 10 days after the bids are awarded. When the contractor is finished with the supporting structure, the highway district will use its own crews and equipment for resurfacing the deck of the bridge.

Mr. Anderson said it will not be necessary to impose a total closure on the bridge during reinforcement and repair work, and the only closures, probably for short periods of time, will be during resurfacing by highway crews.

DENIES REPORTS

NEW YORK (UPI) — Mayor John V. Lindsay said Tuesday he is not a candidate for governor and plans to remain at his City Hall post.

Lindsay, asked about published reports he was being urged to run as a liberal-independent candidate, said "that's one of those dope stories." "I'm not a candidate. I'm much too involved with the city of New York and its many, many problems in order to get involved in the gubernatorial race."

Worldwide News Capsules

Strike May Close N. Y. Newspapers

NEW YORK (UPI)—With the midnight Monday deadline rapidly approaching, negotiators for New York City's four major newspapers and 10 unions have intensified efforts to settle a new contract.

The newspapers—the New York Times, Daily News, New York Post and Long Island Press—belong to the publishers' association which in the past has taken a position that if one paper was struck, all were struck.

Wages were considered the main issue but the publishers were not expected to make their first formal economic proposals until Monday.

Moon-Orbit Space Station Planned

SPACE CENTER, HOUSTON (UPI)—The space agency Friday set an April 24 deadline for aerospace industries to submit bids for a \$250,000 contract to plan a moon-orbiting space station.

A spokesman for the Manned Spacecraft Center said the study would involve the space station's shape, the experiments which could be carried out from it and a method of rescuing space explorers using it. The study would have to be completed in about nine months.

Airlines Shortcut Over Siberia OK'd

MOSCOW (UPI)—The Soviet Union today opened the Siberian vastness to foreign airlines, clearing a major new short cut between East and West.

The inaugural flight of Japan Air Lines (JAL) Tokyo-Moscow-Paris ran arrived in Moscow at 2:05 p.m. (6:05 a.m. EST), 10 hours and 25 minutes after it departed from the Japanese capital.

Strike Near End

SALT LAKE CITY (UPI)—More than 300 iron workers are expected to go back to work Monday in metal fabricating plants in Salt Lake City and Provo, ending a three-week strike.

Quake Hits Italy

POZZUOLI, Italy (UPI)—Scientists reported another light earthquake in this ancient Roman seaport today, but said it caused no damage and no panic among inhabitants who earlier fled when the earth shifted.

It was the sixth tremor in three days and came as thousands of tourists poured into the city to see evidence of a rare geological phenomenon known as bradyseism—from the Greek words for-slow-earthquake.

2 U. S. Officers Missing In Laos

VIENTIANE (UPI)—Two U.S. Air Force officers assigned to the air attaché's office at the American embassy have been missing since Wednesday on an observation flight over Laotian battlefields, an embassy spokesman said today.

The spokesman identified the two officers as Capt. Richard G. Elzinga, 27, and 1st Lt. Henry L. Allen, 26, missing since their 01 "Birdog" observation plane dropped out of sight.

Arab Guerrillas Seize Outposts

BEIRUT (UPI)—Arab guerrillas seized three police outposts during the night in their first attacks against government authorities after four days of battling Christian Phalangists.

Nixon Relaxes In Bahamas

WALKER CAY, Bahama (UPI)—President Nixon, having only partial luck in his search for the sun, relaxed today at a private island estate in the south Atlantic about 75 miles off the Florida coast.

Loan Office Is Used As Church

SAN FRANCISCO (UPI)—A savings and loan office in the Mission District was turned into a church Good Friday for ecumenical services for persons of nine faiths.

Doors of the Bay View Federal Savings and Loan Association were opened shortly after noon for three hours of services offered in English and Spanish.

The firm's officials said they believed it was the first time a financial institution had been used for Good Friday services.

No Pay Raise

BOISE (UPI)—Legislators can look to two more years before any increase in pay.

At a lengthy meeting Friday of Idaho's Commission on Legislation Compensation it was agreed to hold the present pay levels for another two years.

Promoter Dies

ROCHESTER, Minn. (UPI)—Oscar Johnson, cofounder of the well-known Shipstad and Johnson Ice Follies, died Friday of cancer at the age of 71.

Johnson, who founded the follies with Eddie and Roy Shipstad in 1936, had been hospitalized since last November.

A native of St. Paul, Johnson lived in San Francisco and was chairman of the board of the Ice Follies.

JUDGE JAMES A. BOYLE has recommended further legal action in connection with the death of Mary Jo Kopechne.

Judge Recommends Further Action In Kopechne Death

By PHILIP BALBONI
BOSTON (UPI)—The District Court judge who presided over the secret Mary Jo Kopechne inquest has recommended further legal action in his report on the accident involving Sen. Edward M. Kennedy, UPI has learned.

A reliable source said Friday that Judge James A. Boyle of Edgartown called for "further process" in the case, although he did not define what course of legal action he had in mind.

According to the source, Boyle concluded in his report the finding was justified by contradictions in the testimony of some witnesses about circumstances surrounding the accident on Chappaquiddick Island off Martha's Vineyard. Witnesses included Kennedy and several of the senator's close friends and associates.

The judge's report and the 764-page transcript of the inquest testimony have been impounded pending a resolution of the case. Boyle could have taken direct action in prosecuting the case, but he apparently left it up to Massachusetts Attorney General Robert H. Quinn and District Attorney Edmund S. Dineen.

Dineen, who called for the inquest, took the initiative; and it was announced Thursday the Dukes County Grand Jury would reconvene in Edgartown April 6 to reopen the Kopechne investigation. Jury foreman Leslie H. Leland said he decided to request the reconvening of the 21-member panel after consultation with Dineen.

Interest On Credit Cards Is Argued

BOISE (UPI)—Whether interest on credit card purchases comes under the more liberal allowances of the small loan laws of Idaho was argued Friday in the U.S. District Court.

The point was argued by attorneys for the U.S. Comptroller and two Idaho banks at a hearing on a motion to dismiss suits filed by the State of Idaho against the U.S. Comptroller of currency and First Security and Idaho First National Banks.

The suits, which were consolidated Friday, were filed last year by the Idaho Attorney General's Office on behalf of Finance Commissioner John D. Silva and alleged both banks were charging interest in excess of the legal limit on bank loans on credit card purchases.

The comptroller's office was named in the suits because it had ruled that national banks can charge interest rates on credit card purchases equal to the highest rate allowed small loans.

In Idaho, bank loans are limited to a fraction under 12 per cent annually on installment loans, but small loan companies can charge up to 36 per cent interest.

The two suits charged the banks were charging up to 14 per cent interest on credit card

purchases. Judge Fred Taylor gave the state until next Tuesday to file supplemental briefs citing recent U.S. Supreme Court rulings and gave the banks and the comptroller 30 days after that to file answering briefs.

Carbon Tet Eliminated

WASHINGTON (UPI)—Unless objections are raised by Thursday, the government will issue an order taking carbon tetrachloride, the common household cleaning fluid off the market.

The Food and Drug Administration, FDA, said carbon tetrachloride kills humans and animals by destroying the ability of the kidneys and liver to clean the blood, causing the body to die from its own ordinary toxins.

The present rules require carbon tetrachloride packages to carry the label, "Danger: Poison. May be fatal if inhaled or swallowed. Avoid contact with flames or hot surfaces."

But the FDA said carbon tetrachloride is so dangerous a warning label cannot be written strongly enough to protect the public.

THIS BALL OF cheese, weighing about two pounds, caused the closing of the San Francisco-Oakland Bay Bridge for 40 minutes Friday when a bridge maintenance foreman spotted it and thought it might be a bomb. A bomb disposal squad was called to remove it, and later reported it was a piece of hard cheese encased in almost black paraffin. UPI telephoto.

Spud Contracts Inked By NFO

IDAHO FALLS (UPI)—A spokesman for the National Farmers Organization says contracts have been signed in the past few days with 11 "fresh sheds" and two processors for 100,000 sacks of potatoes to be delivered at the NFO price.

Del Ray Helm, Roberts, chairman of the NFO potato committee, reported signing of the contracts. The NFO wants \$3.50 per hundredweight for number one potatoes and \$1.50 to \$1.75 for processor grade potatoes.

Meantime, he said that time appears to be running out for Idaho potato farmers. He said that unless more potatoes are moved at the NFO price 20 per cent of the potato farmers in Idaho will be forced out of business this year.

Book Review

By BETH DICKSON

Twin Falls Public Library
You open this book with anticipation, and close the back cover with a sigh, almost reverently. So magnificently has Andreas Feininger achieved his purpose in "Trees" that one cannot turn the pages casually without being hit by the impact of beauty. It is not just a textbook, nor a manual, nor a tree identification book, nor still another interpretive book proving trees are beautiful. It is all of these and more.

The ability to appreciate trees has been dulled. The

ability to see the wonder in a tree, the magic and mystery, the indescribable peace and contentment that can fill our hearts when we walk the wild woods.

How fitting it is that this should be available as part of America's awakening to the environmental devastation we have wrought.

Man's life, his origins, his uniqueness, perhaps even the continuity of his very existence are bound up inextricably with trees. This Feininger proves from history and science, tracing from the dawn of humanity, through prehistoric times, through pagan and Christian rites: from worship to a dollar commodity. Events, anecdotes, and botanical knowledge are woven skillfully with outstanding color and black and white that blend from all sides of the pages.

The forest industry was America's first. When William and Mary decreed the largest specimens of white pine the property of the royal navy, the standing timber was marked by the King's broad arrow. To the enraged colonists, cutting these trees became an almost patriotic deed, even if it had to be done under cover of darkness or by loggers disguised as Indians to foil the spy system. If caught, the logger was flogged and his land given to the spy.

Of such fascinating bits is this

book composed. The economic, social, ecological, and historical aspects of trees, the microscopic and gross structures are covered. Pervading it all is a rhapsodic melody that lifts the reader as do trees the author.

We have come to expect excellence in photography from this craftsman. Even after his "Forms of Nature and Life", the excellence of the written word in "Trees" is refreshing.

WELLES NARRATES HOLLYWOOD (UPI)—Orson Welles will appear as narrator of "Start the Revolution Without Me" for Warner Bros.

STOCKED SHELTERS contain sanitation kits, food and medical supplies. Here County Director Cloyce Edwards, right, inspects some of the supplies in the sub-basement of the O'Leary Junior High School building. Custodian Kenneth Drury says there is no worry about water in this shelter as the entire hot

water system for the building would provide hundreds of gallons. Each shelter is stocked for a two week period and the O'Leary school would accommodate 1,300 persons and is one of the largest in the county.

County's Civil Defense Is Coming Up With New Look

By BONNIE BAIRD JONES

Times-News Feature Editor
Civil Defense has been kicking around for a long time and opinions about it seem to range from "total waste" to a "vital safeguard."

It's a lot like insurance, say Twin Falls County Civil Defense officials. It is something you have to have but hope will never be used.

For the most part the Civil Defense program is aimed at saving lives in the event of nuclear attack and in the Twin Falls County area, fall out of radiological material after such attack.

Under present leadership of Cloyce Edwards, director, and Harlan Fillmore, assistant director, the Civil Defense program is taking on a new look, on a new look.

Presently there are 30 public shelters in the county, 10 of which are licensed and fully stocked. They consist of simple bare basement areas, some now being used for storage. They contain none of the comforts of home but an adequate supply of food, water, medical and sanitation facilities to handle a given number of persons for a two week period. These shelters might be uncomfortable for the occupants, and even downright unpleasant but they could give the essential life saving protection to those who need them. They contain no blankets or pillows but survival would be possible in most cases without these and persons using the shelters should bring their own.

Mr. Edwards estimated the presently licensed and stocked shelters would care for about 5,000 county residents. When additional designated shelters are stocked this number will raise to about 14,455. Compared to the county population of

around 45,000 persons, this may not seem like adequate protection.

"Most families," Mr. Edwards explains, "will have their own basement shelters and most will prefer to remain in their own homes with their own families, relatives and friends."

The public shelters are largely for persons living in homes without basements or other sufficient protection including mobile homes, apartment houses and for those in transit such as tourists or motel and hotel guests.

Spending two weeks in the sub-basement of the O'Leary Junior High School would hardly appeal to anyone who casually strolls through the area. Under threat of nuclear fall out, it might look different, says Mr. Edwards. This area, as well as the regular basement of the building, is said by state CD officials to be one of the best shelters in Idaho. Walls of the building are about two feet thick and of solid rock and concrete with the sub-basement completely surrounded by earth. This area alone would house 1,300 persons under shelter conditions.

Preparations are currently underway on a Civil Defense map that will be distributed to all residents in the county, probably by late summer. Mr. Edwards says this will include information on how to prepare and stock shelters in the average home. It will primarily serve as information to every resident as to what public shelter he and his family should use if needed, and its location. These maps will be sent to every home in the county and in the case of rental property or that which may be sold, the map should remain with the property, Mr. Edwards said.

Public shelters are first checked over by the Corps of Engineers and if found suitable in location, structure and other protection factors, are listed by the local directors for stocking. Once stocked they are labeled with the familiar black and yellow Civil Defense shelter sign and become part of the community shelter plan.

Civil Defense programs are financed federally except for the salaries of the director and his assistants which are paid by the local county.

In the event of an emergency the county CD director would take charge and put into motion an operation aimed at saving as many lives as possible in the local area and furnishing protection to schools, hospitals and public facilities. Coming under the immediate jurisdiction of the director would be law enforcement, schools, hospital and medical facilities, broadcast and news media, highway department equipment, fire department, Red Cross and others.

The director would also have at his command facilities of the Department of Agriculture, all city and county government agencies and offices and would be assured the cooperation of the National Guard if it were not in use by the U.S. Army.

In Twin Falls County estimates indicate there would be about a three hour warning in which the Civil Defense program could be put into motion and in which persons could move into shelter areas. A warning could be out within about two minutes after attack through a hot line system at the sheriff's office.

All communications and headquarters for CD directors manning the operation would be in the basement of the Twin Falls County Courthouse. Radio equipment is now available there and plans are being made for installing an auxiliary generator should power fail. Each shelter would have a designated manager.

Special training has been given eight CD management instructors; seven shelter managers; nine radioactivity monitoring students and two monitoring instructors.

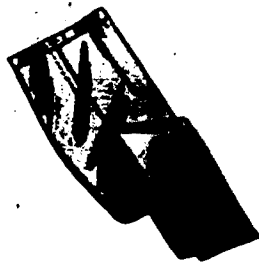

Many new buildings are no longer being built with Civil Defense protection in mind. The College of Southern Idaho, however, is built to Civil Defense standards and will add immeasurably to the county's shelter plan.

Nation-wide, the Civil Defense program is a neglected step-child of the nation's defense program, officials admit, but Mr. Edwards and Mr. Fillmore say at least some steps have already been taken in Twin Falls County and the effort is now a continuing one to keep personnel, stocked shelters and other facilities constantly in a functioning state.

Were disaster to strike today,

confusion, panic and chaos would result in various degrees, but officials say many lives could and would be saved. Given a few more months under the present leadership and the

FAMILIAR SIGN MARKS the entrances of licensed and stocked shelters. Harlan Fillmore points to the sign posted out of the reach of vandals and children, which tells the public the building provides fall out shelter for their needs in the event of emergency.

HEIRLOOM OF THE DESCHNEPPER family is displayed here by Mrs. Albertine Deschnepper, Twin Falls. The sketch was made for her uncle by well known European artist, Chris

Bookplate Sketch By Late Artist Now On Display

Everybody wants an unusual and attractive art treasure for their favorite wall and a Twin Falls woman has one that attracts more than its share of comment.

Presently on display in the Magic Valley Christian Supply Co. window, 131 Shoshone St. N., is the art treasure of Mrs. Albertine J. Deschnepper, Twin Falls is nearly 70 years old.

It consists of a large pen and ink drawing produced for book plates for Mrs. Deschnepper's uncle in Holland. It was drawn in symmetrical design, it shows Christ rising from the dead and is headed by an inscription which

translated says, "There is no religion greater than the truth."

Mrs. Deschnepper says the work is that of famed European artist Christ LeBeau who was well known for his work in the late 1800's and early 1900's throughout Europe. The original book plate design is about 18 by 12 inches and has been handed down from Mrs. Deschnepper's late uncle to her mother and to her and will be passed on, she says, to her own children and grandchildren.

Now framed and protected under glass, the work will be displayed in her home for the time being.

LeBeau. Mrs. Deschnepper reasoned the large original drawing from which the bookplates were made could be turned into an interesting wall decoration and has had it framed for this use.

Life in MAGIC VALLEY

The Little Camas Mushers at Fairfield have been undefeated in basketball and football for two years. They have played 17 basketball games in the past two years without losing a game. They played 8 football games without defeat.

The basketball team consists of Chris Peck, son of Mr. and Mrs. Kenneth Peck; Layne Osborne, son of Mr. and Mrs. Dwight Osborne; Bill Baldwin, son of Mr. and Mrs. Lonzo Baldwin; Brent Giesler, son of Mr. and Mrs. Calvin Giesler; Bob Mullenberg, son of Mr. and Mrs. Berle Reise; Steve Cox, son of Mr. and Mrs. Donald Cox; and Brian Sweet, son of Mr. and Mrs. William Sweet. Clair Olson, son of Mr. and Mrs. Charles Olson and members of the seventh grade join the boys

on the gridiron during football season.

Cheerleaders for the team are Roxanne Gaskill, daughter of Mr. and Mrs. John Gaskill; Tina Cox, daughter of Mr. and Mrs. Paul Cox and Christine Mullenberg, daughter of Mr. and Mrs. Berle Reise.

Half-time during home games brings all the 7th and 8th grade girls out on the floor in their blue mini skirts and white blouses to do a precision drill directed by Mrs. Peggy Exon. Sometimes there is a performance by a group of tumblers under the direction of David Lemons.

Instructors include Mrs. Neal Wolfe and girls who are tumblers from the 6th, 7th and 8th grade.

Educator, Former Resident Honored

KIMBERLY — A former Kimberly resident and 1961 graduate of the local high school, has been honored for his outstanding contribution in the field of education.

He is Karl Urban, son of Mr. and Mrs. Leo Urban, 305 Taylor St., Kimberly. Mr. Urban is now a botany and biology teacher at the Blue Mountain Community College in Pendleton, Ore. He was selected for special recognition during the Pendleton Chamber of Commerce-Jaycee awards banquet this year as one of two outstanding young educators in the community.

Members of the selection committee noted he was recommended for the award by "all of the students" and members of the faculty at the college. In addition to regular teaching duties, Mr. Urban has been working with students to develop a year book and has done much in the way of counseling students at the school.

KARL URBAN

formerly of Kimberly, has been honored in Pendleton, Ore., where he teaches at Blue Mountain Community College, as teacher of the year.

An article in the college newspaper in connection with the award noted "Teaching is easy. Stimulating your students to learn is not so easy, but Mr. Urban takes the not-so-easy route in instructing science classes."

"Mr. Urban devotes his time, interest and many times his money," the college news article said, "in the interest of his students. Because of his special attention to students, many of

them have been able to work harder and understand their role in life and to learn about their environment."

After graduating from the Kimberly high school, Mr. Urban enrolled in the University of Idaho where he completed his education. He has been a resident of Pendleton, Ore., since 1968 after receiving his masters degree from the University of Idaho. During part of the time he attended school under a General Motors Co. scholarship.

NO BIG BOLOGNA BOLOGNA, Italy (UPI)—The city of Bologna doesn't want to become an oversized metropolis.

City planners who originally worked on the assumption the city's population would grow from the present 485,000 to 1,000,000 have amended the plan, setting a ceiling of 600,000.

A herdic is a kind of low-slung cab, usually with two wheels but sometimes four, with side seat and entrance at the back.

Dating Game In Mini Fashion

When girls in the O'Leary Junior High School English classes selected their entry in the annual talent show last week, they were doing a bit of advanced planning.

The girls selected "The Dating Game" as the television show they would adopt as their talent show entry. With the help of Norman Wiseman, vice principal, the girls staged their four performances directing questions to "bachelors" they could not see or identify, and then selected from them the one they would most like to date.

The dating game March 23 when the lucky four couples were "swept away via Yellow Cab Co. vehicles" for their once-in-a-lifetime date.

With some planning assistance from Mr. Wiseman, the eight youngsters including two couples from the ninth grade and one each from the seventh and eighth grades, were taken to the Bowladrome where they each figured a line. From there they walked to Sunset Memorial Park where they fed a loaf of bread, donated by Mr. Wiseman, to the swans and ducks.

From the duck pond, they went again by cab, to the Big Scoop ice cream parlor for a double scoop ice cream cone

and then home.

Mr. Wiseman contacted the Yellow Cab Co., Bowladrome and Big Scoop, and all agreed to donate entertainment for the Dating Game couples.

Those who participated in the dates included Kevin Mowry and Dick Walker, Terry Latham and Gary Sievers, all ninth graders; Shirley Thompson and Mick Turner, eighth grade and Julie Wyatt and Dennis Brower, seventh grade.

At the bowling alley, the girls outscored the boys but as Terry Latham said, "Oh, well, they fed the ducks better than we did."

Because the dates were set for 3:45 p.m. school officials and parents agreed no chaperones were needed.

DUTCH-PUERTO RICAN TRADE

SA JUAN (UPI)—Holland was the biggest importer of Puerto Rican products for the last fiscal year, according to the Department of Commerce.

It said exports to Holland last year were \$24.2 million, almost double the previous year. The chief export was cyclohexane, a chemical product used to dissolve oils, greases and waxes.

They're Mobilizing Against the Mafia

By TOM TIEDE

NEW YORK (NEA) — There are a number of reasons why the Mafia has thrived for so long in the nation. But maybe the principal one is that they are masters of the ugly art of intimidation.

For example: Racketeers weasel into a neighborhood. They set up an absurd power structure which influences hundreds of thousands of people. And to show they're serious, some bombs may be tossed or some critics sent floating face down in a sewer drain.

In time, the bombs cease and so do the murders. Terror is not forever needed. The threat of it suffices. And so for 40 years, some 3,000 to 5,000 Cosa Nostra thugs have been able to hold population centers totaling 75 million Americans in the grip of illegality.

Because people are afraid to fight back.

A new day, however, may be dawning on this nightmare. Some people are cringing no more.

On New York's grubby waterfront, for instance, dozens of longshoremen now go to work wearing lapel buttons which read: "Fight Organized Crime." It's no small gesture. Racketeers have subjugated the waterfront for decades, and dissidents risk unemployment and even death.

Still, here the men are wearing crimefighting buttons.

"We're not looking for trouble," says one for many. "But we're Americans and we don't like the rackets. And we'll say it to anybody's face in town."

They're not the only ones, either. Crimefighting buttons are being worn in shops and stations all around this city. They're spread across the river to Newark, N.J. Rochester, N.Y., has imported them. A number of East Coast colleges have picked up the idea. And so begins a fad which some interested observers hopefully believe may spread across the United States.

Says the button designer, Ralph Salerno:

"The button is just a beginning. It's a curiosity. But it can get people thinking together. That's what we need to beat the Mafia—collective action. It's damn sure we'll never beat them if we're not all together."

Salerno should know. He tried for two decades to beat the New York mafiosi—"practically alone." As supervisor of detectives in New York's rackets bureau, he says lack of a co-ordinated rackets attack left him feeling "like it was just me against them—with no one else caring."

Now retired and serving as a consultant to the National Council on Crime and Delinquency, he has decided to get some help from the American public.

It's not an easy thing. Much of the American public is afraid of the Mafia, and much of it also has become apathetically conditioned to the Mafia.

Salerno says, "For the most part, the public has a feeling of contempt for the rackets. But the things people see in everyday life tend to minimize this contempt. People look around and they see crime being committed by their own elected officials, even their own policemen. So they get the feeling that, as bad as the Mafia is, it may not be much worse than many 'legitimate' groups."

"Some people like the things the Mafia controls—such as prostitution or playing numbers. And their rationale is that the Mafia is only allowing what the law is too hypocritical to allow."

But Ralph Salerno believes the nation is still ready for an all-out assault on organized crime. He says government, finally, has taken serious and meaningful measures.

So the Mafia-watcher has begun the crimefighting button campaign. He plans to follow it with billboards, advertisements and the organization of community activists.

Will it work? Will racket-weary people join together unafraid?

"I hope so," Salerno says. "Because if they do, and if they can sustain their anger, I think the country will destroy the Mafia in the next five years."

Get A Back Door Deal By Driving In The Alley!

SAVE HUNDREDS OF DOLLARS ON A NEW AND USED CAR OR TRUCK

We realize the hardship we have put "you", our customers in on the purchase of a new Pontiac or a quality used car. Our front sidewalks are tore up and it is impossible to drive into our lot. This is why we are offering you a Back Door Deal and we realize we must save you money so that you will buy a car from us during this remodeling. Pardon our dust, but prices have been slashed to the bone to get you to shop at John Chris Motors. Come in today and you might just get your buy of a lifetime.

How Would You Like To Drive a Brand New
1970 Subaru

For **FREE**

Here's How: consider this little Japanese Import that:

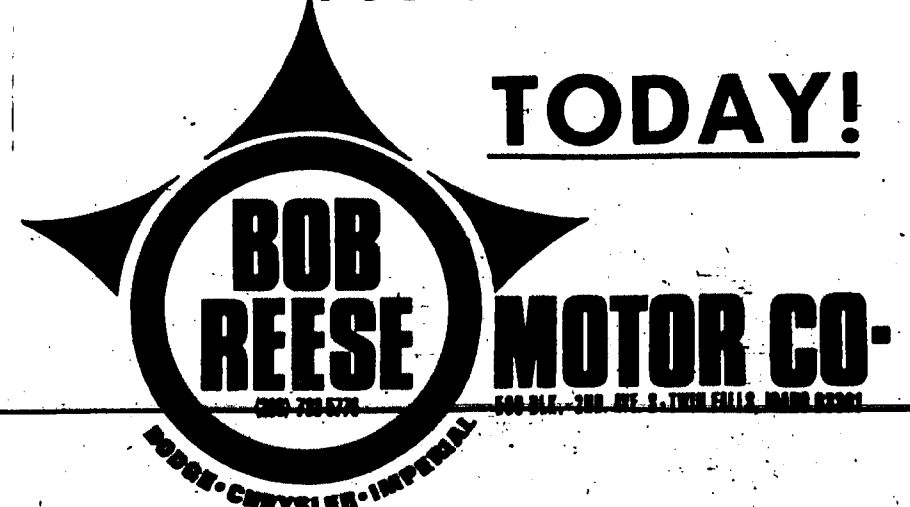

- GET'S UP TO 66 MPG OF GAS
- WILL CRUISE ON HIGHWAY AT 65 MPH.
- NEVER NEEDS AN OIL CHANGE
- HAS VERY LITTLE UPKEEP

And, Consider this car can now be purchased for \$1188 DELIVERED IN TWIN FALLS, or \$288 down and \$29.50 a month for 36 months. \$162.00 finance charge. \$1,062 Total amount of payments. 11.08 annual % rate and \$1355 Deferred payment plan.

And consider that you drive 2000 miles a month and your present car gets 15 MPG, while the Subaru gets around 50 MPG and gas sells for 35¢ per gallon.

Then you will save the difference of \$46.65 per month for gas with your present car and \$14.00 per month with a Subaru. The savings of \$32.65 per month will pay for your new Subaru.

CAPTAIN EASY

by Crooks & Lawrence

SINCE THE RAILROAD WON'T SHIP PRECIOUS, EASY AND WASH HAVE DOPED OUT OTHER TRANSPORTATION TO THE CIRCUS

ACTUALLY YOU SHOULD FIND IT QUITE COMFORTABLE, MR. MCKEE! IT'S CALLED TH' "HONEYMOON CAMPER!"

WHAT? YOU EXPECT ME TO SHARE THIS TRAILER WITH HER ALL THE WAY TO NEW YORK?

MEBBE I SHOULDN'T HAVE MENTIONED THAT CAMPER NAME... HE TURNED KINDA PURPLE!

WHAT I'M DREADING ARE THE TURNPIKE STOPS!

AT LUNCH HALL

HEY, LOOK! A TRAVELIN' ZOO!

WHAT KINDA ANIMAL IS THAT?

RESTAURANT

Y' MEAN THAT BIG APE RATTLING THE BARS?

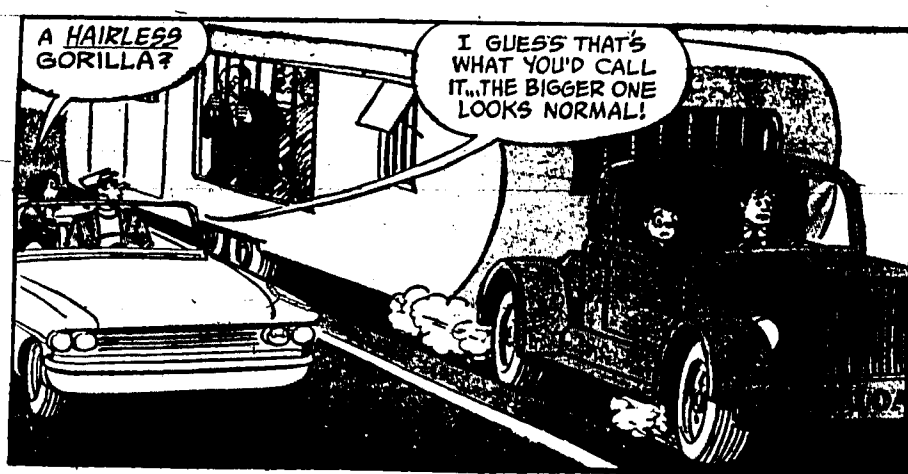

NAW... TH' FUNNY LOOKIN' ONE WITH TH' BIG SCHNOZ!

BETCHA IT'S KING KONG AN' HIS MATE!

WILL THE PARTY WITH THE WILD ANIMAL TRAILER PLEASE MOVE IT FROM THE PARKING AREA? ONE OF THE PRIMATES IS GOING BERSERK!

OH, OH! I CAN SEE THERE'LL BE NO STOPPING AT A MOTEL... GRAB THE BOWSER BAG FOR MCKEE!

A HAIRLESS GORILLA?

I GUESS THAT'S WHAT YOU'D CALL IT... THE BIGGER ONE LOOKS NORMAL!

FRECKLES AND HIS FRIENDS

by HENRY FORMHALS

© T.M. Reg. U.S. Pat. Off.

I DON'T LIKE TURNIPS.

NEITHER DO I.

EAT YOUR TURNIPS OR YOU CAN'T HAVE DESSERT.

BUT SALLY IS MY GUEST! SHE'S SPENDING THE NIGHT!

THE SAME HOUSE RULES APPLY TO HER.

FRECKLES, WHOSE SIDE ARE YOU ON?

HONEYBEE, IF MOM SAYS EAT YOUR TURNIPS, EAT YOUR TURNIPS!

DEBBIE, CAN YOU COME AND SPEND THE NIGHT HERE?

I'LL ASK MY MOTHER.

MAMA SAYS IT'S OKAY, HONEYBEE!

WELL, WHEN YOU COME TO MY HOUSE, HERE'S WHAT I WANT YOU TO SAY--

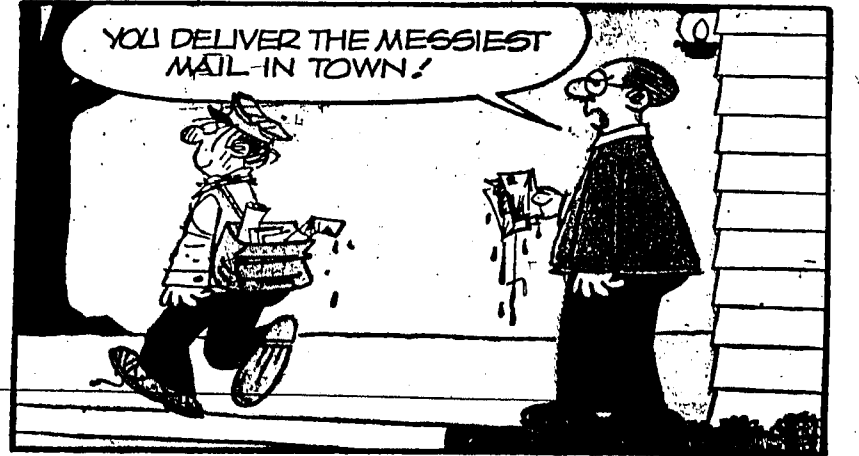

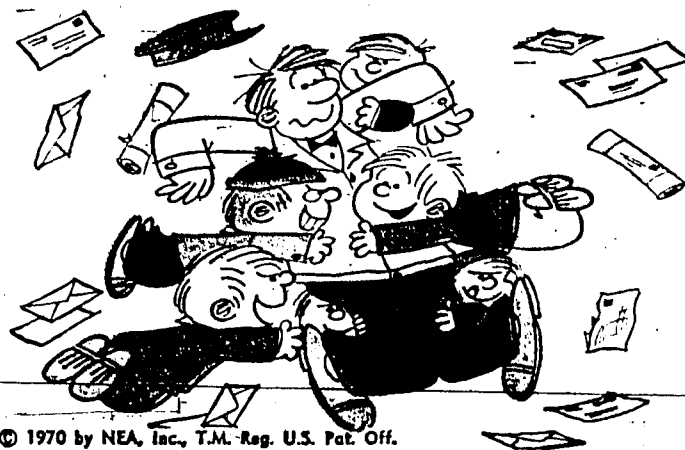

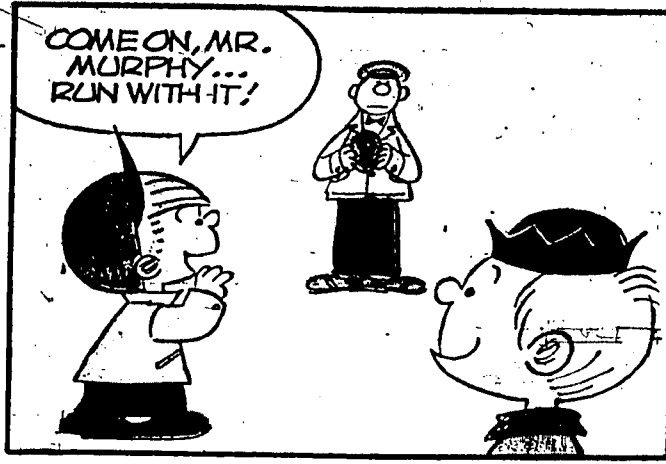

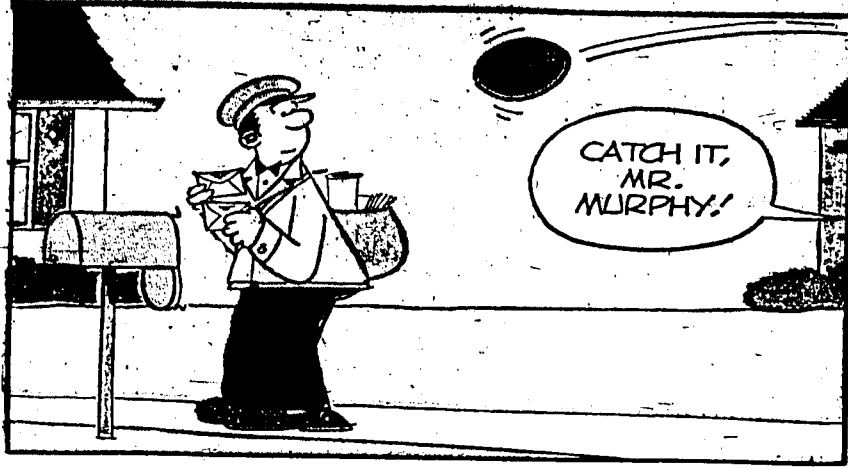

I DON'T LIKE TURNIPS EITHER!

AS YOU CAN SEE, WE'RE NO LONGER A MINORITY!

POINTERS

DEAR POLLY—When our son was hospitalized he received his liquid medication in small plastic cups with measurements imprinted on the sides. I carried some of them home (Polly's note—With the hospital's permission, I am sure) and now give medicine to the children from these cups with no arguments and few spills.—MRS. J. M.

DO YOU HAVE ENOUGH CUPS SO I KIN GET SICK AGAIN?

DEAR POLLY—I save stationery boxes to hold letters that I receive. In the bottom I put birthday and get well cards that I keep on hand. I put a rubber band around the letters to be answered and place them on top.—LESLIE

DEAR POLLY—I save stationery boxes to hold letters that I receive. In the bottom I put birthday and get well cards that I keep on hand. I put a rubber band around the letters to be answered and place them on top.—LESLIE

Polly pays a dollar for every idea used. Send them to her, care of this newspaper.

DEAR POLLY—Those prong-type soap dishes that fit over the rim of the bathtub are good for holding tub toys children have played with until they drain dry.—MRS. D. P.

DEAR POLLY—I find it much better when loading my automatic dishwasher to group all the spoons, forks and knives in separate silverware sections. They are easier to remove and much easier to find if needed.—T. A. B.

DEAR POLLY—Recently I found my brown sugar had hardened in the package. I emptied this sugar into a food-wrap-size plastic bag, held the end closed and pounded on the bag with a rolling pin. An unexpected advantage to using this plastic bag was that I could insert a measuring cup and get the desired amount without spilling sugar. Now I always use the plastic bag method for measuring brown sugar—hard or loose—and find it also works well with shredded coconut and other hard-to-measure ingredients.—PHYLLIS

HMM! JOINING THE NAVY, EH?

DEAR GIRLS—To be perfectly frank I could not get the plate to stay in place but one idea often leads to another. I hung damp slacks on a thinly-padded coat hanger with clip-type clothespins holding the bottom of the knit legs out as far as they would stretch. Each leg is now almost two inches bigger around the bottom.—POLLY

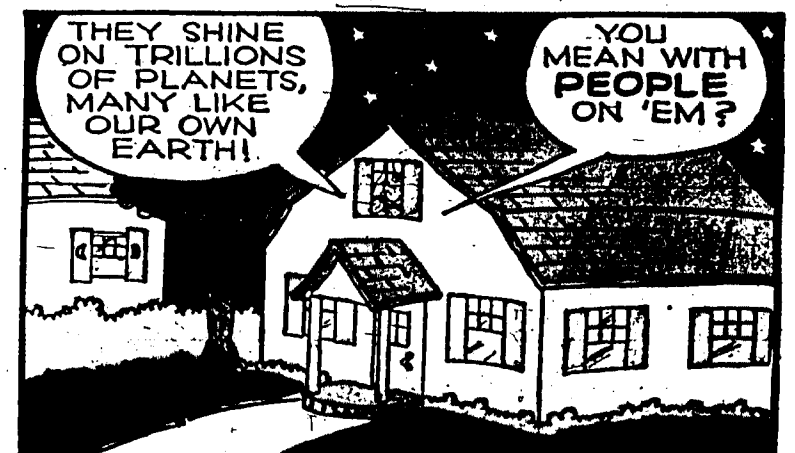

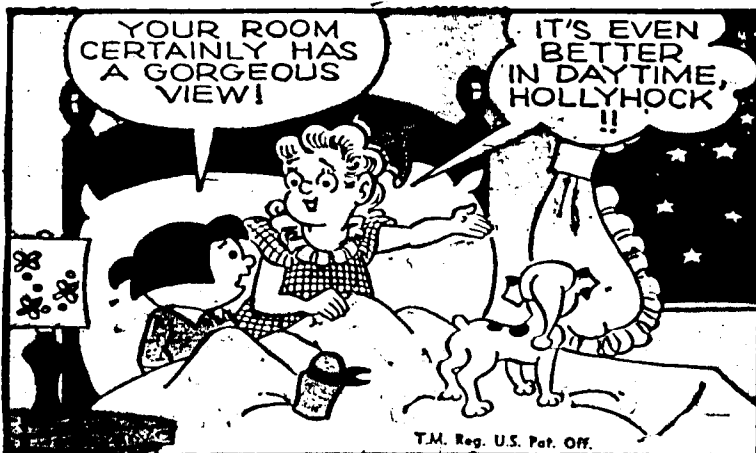

DEAR POLLY—When using tiny cake icing trims, sprinkle them on a paper towel. Have a small bowl of water nearby to use for moistening the fingers. Lay the tip of a damp finger on some trims; they will cling lightly to the finger and can be put down on the desired spot on the cake. Trims will then cling to the icing easily.—T. A. B.

FOOD IDEAS
WHAT PEACHES CAN DO FOR
YOUR ENTREES & DESSERTS

Ask Them Yourself

FOR DR. ALBERT SCHRUT,
Los Angeles Suicide Prevention Center

In what age group are most suicides committed? What is the most common reason given?—Mrs. F. Inglin, Petaluma, Calif.

● The most common age group committing suicide is the elderly white male. Suicide occurs more frequently among the single, divorced, and widowed than among the married. Common reasons are loneliness, hopelessness, lack of attachments to family and relatives, and the feeling of uselessness.

FOR FRANCES FULLER,
director, American Academy of Dramatic Arts

I have heard many actors say they always get nervous before a performance. How do you help your students to overcome stage fright?—Mary Downs, Atlantic City, N.J.

● I have advised students at the Academy not to be upset by being nervous; it is more frightening not to be nervous. Professionals are paid to create an illusion for an audience and must learn to

cope with a natural feeling of apprehension before going on stage.

FOR ROBERT BROWN

of "Here Come the Brides"
Has history played any part in formulating the basis for your television series?—Ricky Love, Red Springs, N.C.

● The series deals with the immigration of women to various cities in the West. While it is fictional, in history a young civic leader, Asa Mercer, actually brought 111 prospective brides in two expeditions to Seattle from the East.

FOR CHARLES HAMILTON,
autograph dealer

Which American President's autograph commands the highest price and which President's the lowest?—Mrs. Harold Yerkes, Sanbornville, N.H.

● Washington's letters fetch the highest price with Lincoln's a close second. Letters of Franklin Pierce and Martin Van Buren have relatively little value. But a handwritten letter of Richard Nixon might bring as much as one of Washington's.

FOR FRANCES KNIGHT,

director,
U.S. Passport Agency
Which country is most attractive to overseas travelers? From which state do most of the passport applications come?—Irene Rohr, Devils Lake, N.D.

● Italy is the most popular destination of passport recipients, with France a close second. Most passport applications in 1968 came from New York State, with California second.

FOR JACK LORD of "Hawaii Five-O"

How did you get started in an acting career?—Mary Miraglia, East Brunswick, N.J.

● I became interested in a career in acting after making some training films for the Merchant Marines. My first major acting assignment was in the film, "God's Little Acre."

FOR HENRY AARON, Atlanta Braves

Do you think that you will eventually beat Willie Mays in lifetime home runs?—Kent Diall, Florence, Ala.

● As far as I'm concerned, Willie is the greatest player I've ever seen, and I don't know if I have a chance to catch him in home runs. What I'd rather see is both of us pass Babe Ruth.

FOR CHARLES SCHULZ,

creator of "Peanuts"
Do you draw "Peanuts" and his friends yourself or do ghost cartoonists originate and complete the drawings?—Ray Balken, Oceanside, Calif.

● I write and draw all the "Peanuts" cartoons myself. For the animated tv shows, I draw the key pictures for all the action, then these are duplicated and multiplied by animation artists who supply the movie techniques.

Want to ask a famous person a question? You can through this column, and we'll get the answer from the prominent person you designate. Send question, preferably on a post card, to Ask Them Yourself, Family Weekly, 641 Lexington Ave., New York, N.Y. 10022. We cannot acknowledge questions, but \$5 will be paid for each one used.

What in the World!

Resourceful "After five years of trying, I still can't put my false eyelashes on by myself," Liz Carpenter admitted to

Liz Carpenter: False Flourish

FAMILY WEEKLY. Liz was press secretary to Lady Bird Johnson and is currently whistle-stopping across the country, campaigning for her book, "Ruffles and Flourishes," about her experiences with the First Lady. The tour involves visiting bookstores and small television stations which generally do not have their own make-up staff. Yet Liz is seldom seen in public these days without the eyelash accessory. Then how do they get on? "I look around for the youngest girl with the shortest skirt," Liz said cheerfully, "and that's the one who can always help me."

Little Man Girls aren't the only ones who enjoy a dollhouse. This was observed at the nursery school run by Fisher-Price Toys' research and development in East Aurora, N.Y. Ten tykes, 2½ to 4½, attend for six weeks of supervised play—and everybody learns. "Boys like to take the play people in our 'Play Family House' and toss them out the window, pretending there's a fire," says John Fisher. "And Daddy coming home is a big event. They'll walk him up to the front door and shout, 'I'm home!' Everyone inside jumps to." Consulting psychologist Dr. Jerome Kagan com-

Not for girls only

ments: "The child is simply practicing adult roles and increasing his expectancy of success."

Dilatory Patients Too many heart attacks prove to be unnecessarily tragic, according to a study made by Drs. Sidney Goldstein and Arthur J. Moss, associate professors at the University of Rochester's school of medicine. The average patient just won't make up his mind: he takes more than three hours to decide to seek medical help. Then transportation to the hospital takes another 20 minutes. Despite our miracle age of heart transplants, the coronary patient needs to heed a simple, old warning: don't procrastinate!

Come Clean Tips from the American Institute of Men's and Boys' wear include some unexpected help for the household: Rubbing shoes with a piece of white bread will remove many stubborn stains. For deeply embedded dirt in fingernails, try scrubbing with a damp nailbrush dipped in dry baking soda.

What's Wrong with This Picture? Bedouin tribesmen used to wander the desert, while their citified brothers stayed near home and worked. But lately Bedouins are beginning to settle in and around the ancient Biblical city of Beersheba, while the city dweller is out wan-

Mixed roles on the desert

dering around the desert in his car. Here the two cultures meet on a side "road" as the sportscar breaks down. It looks as though the advice being given the modern motorist is the tribal version of "Get a camel."

This Offer NOT Open to Families Who Have Previously Accepted

Many women are implanting moral values in youth as Sunday-school teachers.

WOMEN HAVE a special role to play in revitalizing religion and morals in America.

I don't mean in merely shoring up established forms and rituals, but in keeping the church and home relevant to our young people, meaningful for all of us during a period of shifting values.

As a psychologist, I would not make any generalizations about the particular qualities of women as against men. Both sexes share equally many concerns and abilities. But our approaches do differ, and I believe this is a result of differences in the way men and women were trained in childhood.

Put simply, women are more concerned with people, while men are more concerned with things. And in an age of increasing computerization and depersonalization in schools, in industry, and in society in general, this makes their role important.

Let this seem an oversimplification, let me explain:

Men carry tremendous responsibilities in running our complex society and making the necessary profits that keep things going. This necessarily means that they are far more deeply involved than women in the structures of business, government, and all other large institutions. They are, in a very real sense, locked into these structures and as a consequence they cannot always follow their own ideas or preferences.

Women, however, are not locked into the governing structures of society in the way in which men are. When a woman is a housewife, even

though her husband holds a very important post, she is not subject to the pressures that he is. With a few notable exceptions, women generally are not employed in the really major decision-making areas but in positions that do not carry the degree of responsibility that men shoulder. Being "invisible," we are free. This means that we are free to act on suggestions, follow our enthusiasms, and respond more quickly to change.

If you reflect on the history of social welfare and community action in this country, you will find that many hospitals, homes, and welfare organizations were started by women who recognized that structures of society were not moving fast enough to meet a need and took action. Women's groups—and frequently groups of church women—usually set up committees and staffed new organizations to fill some gap—and the community benefited.

In recent years, we have seen many instances in which church women have concluded that their church or community was not doing enough in the field of civil rights, aiding the poor, or combating the causes of

CHALLENGE TO AMERICAN WOMEN:

Building a

Here is an Easter message from a leading new force into the course of American life

juvenile crime and have done something constructive about it. Sometimes the church or local government adopts a policy or a program only after the women informally have carried it on themselves for some time.

An illustration of this is the number of places where women became concerned about the juvenile courts and the treatment of youthful offenders, and lobbied successfully for improvements.

In Washington, D.C., for example, a very large program, which has become Church Women United, began many years ago when a group of women worried about what happened to youngsters in trouble with the law. The women decided to hire a social worker to go to court and assist youthful offenders.

The social worker also guided the women in ministering to these troubled youths, showing them that there were people interested in them and that they had a greater potential than they realized. This pattern has been followed in many cities.

Even in this age in which a great many women, including wives and mothers, are employed outside the home, there remain more women than men dealing directly with the education and problems of children. The majority of American mothers still are home with their children, and other women are dealing with children in Head Start programs, day nurseries, and schools. Teaching religion and morals remains, as it has always been, primarily a responsibility of women.

Many fathers and mothers alike are deeply concerned today about what seems to be happening in our schools. Again, women are in a better position than men to get directly involved and help remedy some of the problems. Too often, thoughtless per-

sons think that somehow it is all the fault of the schools, the teachers, or the school system in general that so much turmoil and confusion exist in our schools. Others think it must be the fault of today's children.

The problems are many and complex, however, with probably ample blame to go around for all of us, young and old. But certainly one major difficulty is simply that there are so many more children in school.

We have a larger population, with more young people of school age, and our schools increasingly are becoming overcrowded and inadequate. Communities find it hard to raise sufficient money under our antiquated system of financing schools. Yet in this modern world, with all the intricacies of modern communications and education, young people more than ever need personal attention and the support of a one-to-one relationship.

In many communities, programs of volunteer aides are being developed in the school systems. This is an excellent means for mothers, especially those who want to be home when their children are there, to make an important contribution to revitalizing the moral fiber of our country. If mothers would volunteer to help in their local schools, to be teachers' aides, and give individual attention to youngsters who badly need it, they would find that their own children and their entire community would benefit.

Coping with the generation gap appears to be a universal problem. It's a very real problem and always has been. There always has been a tremendous gap between the older and the younger generations. They live in different worlds and are governed by different standards. But most knowledgeable observers concur that there may never have been a more abrupt generation gap than the present one.

Anthropologist Margaret Mead suggests that this is because the generation that has grown up since the end of World War II has lived all of its life in a world radically different than that which its parents knew. Youth never has known peace in the sense that the older generation knew it between the two World Wars. It is a world—to youth—in which the threat of atomic annihilation always

Cynthia Clark Wedel, 61, a psychologist and the author of five books on the role of women in American church life, is the wife of a prominent Episcopal theologian, Dr.

Theodore O. Wedel. Last December she was elected president of the National Council of Churches, the first woman to hold that office. The Council, composed of 33 Protestant and orthodox denominations with 45 million members, is the largest cooperative religious body in the United States.

New Morality for Our Youth

psychologist and church woman which could bring a constructive

By Dr. CYNTHIA CLARK WEDEL

President, National Council of Churches

has been present. It's also a world in which space exploration has been expected and not something out of science fiction. And it is a world in which youth grew up with electronic media, particularly television.

All of these things have made youth a quite different people, leading Margaret Mead to observe that only persons born since 1945 are natives of the modern world. The rest of us are immigrants from an older world, burdened with all sorts of older ideas, which we probably will have to change. She points out that it always is difficult for persons from another culture to learn from the natives but adds that this is what we may need to do.

This means that today's parents may have to make a very real effort to understand their children as the children grow up—probably a greater effort than their own parents ever made toward understanding them.

Many parents currently are struggling with the problems of seeing their children rebel against their dictates, sometimes to the point of the children leaving home to live in communes, dropping out of school, and taking up drugs.

Although it is easy for parents to despair, even in these extreme circumstances it is vital that they never take any step to sever relationships with their children. In the sometimes difficult job of trying to keep a communications channel open, to resume or establish a dialogue, it usually is the mother who is in the best position to act as intermediary, since she has been closest to her children's development.

Unfortunately, this very fact may make her the first one to feel the injured party, and wounded pride may cause her to toss everything into her husband's lap. While the father's role is important, the mother can never opt out just because the going gets rough.

Having been closest to their children in the youngsters' formative years, women often may be in the best position to extend the sympathy and understanding needed to bridge the generation gap. But to do this, they must listen intently to their children's ideas and views without instantly judging them on the standards by which things were judged a generation ago.

Many women's organizations, church bodies, and Parent-Teachers Associations have set up discussion groups at which panels of parents and children not related explain the things which trouble them. In discussions, both generations can describe the problems they face in communicating with the other. When these same problems are aired in the emotionally charged atmosphere of the family, neither side really listens. But when the panel participants are not related to one another, they hear each other out—and learn.

One aspect of today's youth is their deep interest in religion, both Western and Eastern mysticism, something I am afraid many older church members do not appreciate fully. For many persons, religion is a formalized affair. It is a matter of attending church and living "a good Christian life."

But it appears to be something considerably deeper for many young people. They are concerned about theology and about following humane religious precepts in a confused, often hostile world. Even the use of drugs suggests a misguided effort to find

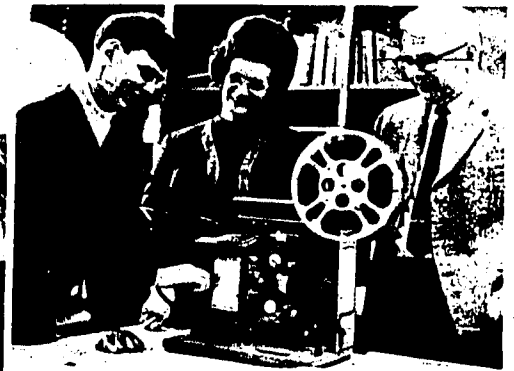

an experience that transcends the apparent emptiness of the materialistic world.

Similarly, much of the rebellion of youth today is rooted not in what seems to be just anti-social behavior, but in high ideals, concern with helping others, about universal justice and freedom and peace. These are ideals that do them and their parents credit, although admittedly their approach sometimes takes bizarre and

bewildering turns. It is the result of youth's search for values in a world that changes more radically than it did in our own youth.

I believe that women have greater freedom than men to work with these young people, providing guidance and also learning from them, to create a more meaningful role for the church and for morality in this new world.

It is our opportunity, challenge, and our responsibility. ♦

Mrs. Stephanie McCormick (left) is a theology teacher at St. John Fisher College, Rochester, N.Y. Women are helping out at the community level by being teachers' aides (above).

Other women are serving as nurses' aides. Here two enlist the help of Girl Scouts in a hospital benefit.

WIN A PAIR OF PRIZES

5 GRAND PRIZES:

Each winner receives a 1970 Plymouth Sports Fury Suburban Station Wagon packed with PUNCH, plus the EXTRA PUNCH of a 1970 Plymouth Sports Fury 2-door Hard-top Sedan

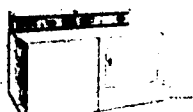

PACKED WITH PUNCH®

CLEAN IN THE \$200,000 PUNCH DETERGENT
"MATCH THE STAIN" SWEEPSTAKES

1. To see if you are a winner and what prize you have won, compare the sequence of stains depicted on your entry form with the five winning sequences on the special Punch display at your participating store.
2. All entries will be validated by Marden-Kane, Inc., an independent judging organization whose decision is final.
3. To claim your prize, complete the entry form and send it by registered mail to the Punch "Match the Stain" sweepstakes, P.O. Box #673, Rosemount, Minnesota 55068. All prize claims must bear the secret validation mark of the judging organization whose decision is final. Entries that are altered or mutilated in any way are void. Valid winners will be notified within 30 days following receipt of entry. Unclaimed prizes will not be awarded.

4. A facsimile of the winning stain combinations and corresponding prizes is available by sending a stamped, self-addressed envelope to: Punch "Match the Stain" sweepstakes, P.O. Box #673, Rosemount, Minnesota.
5. Sweepstakes are not open to employees (or their families) of Colgate-Palmolive, its subsidiaries, affiliates or advertising agencies, Marden-Kane, Inc., and publications carrying this advertisement. Void in Wisconsin, Georgia, Washington, Missouri, and wherever prohibited or restricted by law.
6. All prize claims must be postmarked by May 1, 1970 and received by May 15, 1970. Entries received later will not be acknowledged. Correspondence will not be entered into relating to invalid prize claims. No purchase required.

Southern hospitality and Americana highlight

South Carolina's 300th Birthday

Visitors to Charleston can take carriage ride past old mansions and, near Greenville, visit geodesic pavilion (artist's conception).

SOUTH CAROLINA, until recently, has done little to lure tourists its way.

But this year the state celebrates its 300th anniversary of the first permanent settlement in South Carolina, and every effort is being made to have the world share in the gala event.

The fact is that South Carolina does indeed have a lot to be proud of—great men and historic deeds to boast about and a variety of unique attractions to show off.

Though the 300-year mark is official, South Carolina's history actually goes back to French attempts to settle the land in 1562 and Spanish attempts in 1526, less than 35 years after Columbus.

Because of the penchant of so many South Carolinians to think in terms of family and history, Americana will be a focal point of the celebration. But the present and the future also are included.

Here is how South Carolina intends to entertain its visitors:

To make sure the visitor gets an accurate picture of all its history, permanent pavilions will be opened.

Charleston, appropriately, will depict the first 100 years. It was here that the first settlement—then called Charles Towne—was made, and where most of South Carolina's history is displayed.

Walking tours are encouraged along cobblestone streets past wrought-iron fences that surround the grand old homes, still painted white to ward off the hot sun.

Some still have iron spikes protruding from their columns to prevent pirates from climbing and entering the houses.

Before leaving Charleston, you might want to study a local idio-

syncrasy based on geography. Charleston, on the coast, is part of the "low country." Columbia, the capital, is in the "midlands," and the Piedmont region is considered "upcountry." But there's more than geography involved. The industrialized upcountry looks to the future. Columbia tries to bridge the gap.

By all means, start in Charleston. Its celebration begins Saturday, April 4, and besides its living museums, it will feature a reconstruction of the landing site.

Further inland, Columbia will feature South Carolina's second 100 years, centering on a new and exciting museum.

All the way upcountry, between Greenville and Spartanburg, the third 100 years plus a peek at the future are seen in the most striking of the new pavilions, a geodesic cube designed by noted architect, Buckminster Fuller.

South Carolina invites you. So y'all come on over.

—KEVIN V. BROWN

Southern Elegance at a Glance—Save \$71

Family Weekly readers desiring their own guided tour through 51 of Charleston's finest homes may send for the picture-filled book, "Southern Interiors"—more than 300 photos by world-famous photographer Samuel Chamberlain! It shows design, ornamentation, furnishings! 9 1/4" x 12 1/4". Originally published at \$15. Mail \$7.95 to 53509 "Southern Interiors," 2044 Book Bldg., 4500 N.W. 135 St., Miami, Fla. 33054.

After you've washed your face, what do you do to clean it?

Soap can wash off surface make-up, but you need something to deep cleanse after that. Jaquet's Klee Tone. QUIPS AND QUOTES

A man walked into a restaurant
one busy noon and when the har-
ried waitress finally got around to
taking his order, he told her:

"I want a club sandwich, and
this is the way I want it made: I
want it on white bread, slightly
toasted, the bacon and tomato in
the lower third, the chicken in the
middle third, and the lettuce and
dressing in the upper third. Then
I want the crusts trimmed, the
sandwich cut in three parts with
toothpicks holding the parts to-
gether, then I want two sweet
pickles sliced and laid on top. Is
that understood?"

"Okay," replied the waitress.
Then she turned toward the kitch-
en and shouted, "One club sand-
wich for an architect!"

—Dan Bennett

Nothing makes the cost of liv-
ing more reasonable these days
than pricing funerals.

—Franklin P. Jones

Growth

What a captivating child—
Unaffected, cheerful, mild.
Well-behaved, and acquiescent.
What a shame it will become
A resentful, quarrelsome,
Stubborn, sullen adolescent.

—William Walden

The joy of motherhood: What a
woman experiences when all the
children are finally in bed.

—Lucille J. Goodyear

A couple of husbands met and
one said: "How's your bachelor
friend George these days?"

"I saw him last night," came
the reply, "and he was mending
slowly."

"I didn't know that he had
an accident."

"He didn't. He was sewing but-
tons on his shirt."

—Lane Olinghouse

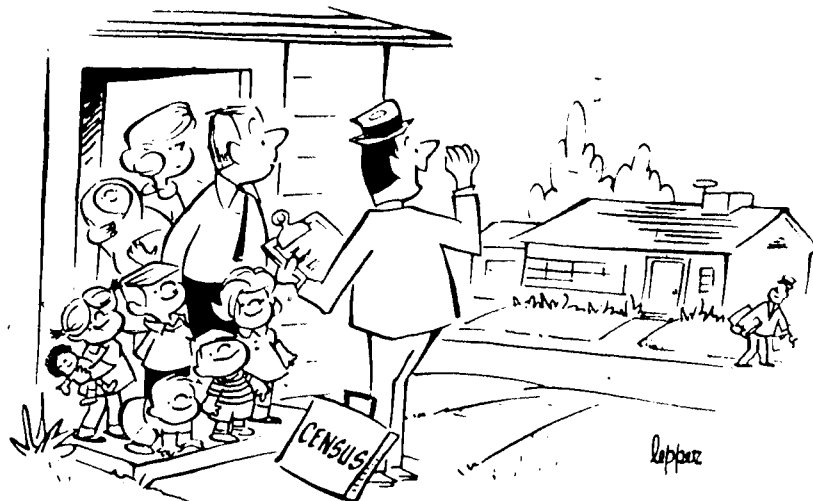

The Soviets may brag, but we
still haven't heard of many Amer-
icans arriving penniless in Russia
and becoming millionaires.

—John K. Young

After attending the weekly
church service, a woman with a
reputation for being overly criti-
cal was talking to her neighbor.
She insisted that the seats in her
pew were too hard, that the hymns
were sung off-key, and that the
sermon was poor.

At that point, her little girl
spoke up. "But, Mommy, what can
you expect for a dime?"

—Dorothy Kent

"Hey, Larry! I hit the jackpot!"

PRICES SLASHED ON PROCESSING KODAK FILM!

to boost our volume to 80 million pictures this year

Introductory Opportunity CLIP A COUPON and PAY ONLY the LOW PRICE PRINTED ON IT!

Here's great money-saving news for KODAK film users! One of the country's largest Kodak film processors, BALL PHOTO, has slashed processing prices to the very lowest level in modern times!

Yes, if you act now, you can use the coupons on this page to have your film processed at introductory low prices. We make this remarkable offer to introduce you to our famous photo processing quality and EVERYDAY LOW PRICES—prices that will always save you really big money on your picture taking. Last year, our plants processed 75 million pictures. Because we want to make it 80 million pictures this year, we are making this lowest-price Introductory Offer. AND YOU PROFIT! Once you see the great pictures and service you get when you send your film to us, we think you'll want to become one of our regular satisfied customers.

Kodak Standards, Materials,
Trained Technicians
for Over 35 Years.

1934, when BALL PHOTO started, wasn't a particularly good time to start in any kind of business. But, we had an idea which is as important today as it was then. OUR IDEA... deal directly with the public... eliminate all middlemen... standardize on KODAK supplies... fast service and low, low prices. Did it work? You bet! Here we are thirty-five years later and more than 575,000 camera owners now depend on us for the very finest work—and keep coming back to us year in and year out. And why not? We have fulfilled our promise of QUALITY and CUSTOMER SATISFACTION, at low prices. We have created the most modern, most advanced film processing laboratories in the world. We insist, absolutely, on processing all film to

KODAK standards under the direct supervision of KODAK-trained technicians. We use only KODAK supplies and materials—exclusively!

And we insist that "the customer is always right!" You are never "just a number" to us. We insist on giving every film order we handle the most careful personal attention! Anytime you have a problem, or a question, you'll always get a straight and honest answer from a Customer Service Representative. You are always protected—fully and completely—by our famous DOUBLE GUARANTEE proudly printed below.

You Do Business "Direct" When You Do Business with BALL PHOTO

How can BALL so consistently deliver guaranteed quality at unbeatable low prices? There's a sound business reason. We do all our own work! We are not merely "middlemen" who farm out your films to other plants, tacking on an extra profit in the process. Often, these other plants are manned by people whose credentials are completely unknown to you. But there's no such risk when you send your film to BALL! You know who you're dealing with. And you know that we back up our reputation for quality and fair dealing with an unconditional guarantee of satisfaction!

Mail Order Form Below to Take Advantage of This Special Introductory Offer. Don't delay! Don't miss this opportunity! Join the over 575,000 camera owners who enjoy Guaranteed Quality Photo Processing at unbelievably Low Prices. Mail your first roll of film to BALL PHOTO today!

Use the following postage on your envelope—12¢ for each roll of still film—18¢ each roll of movies.		

HERE'S HOW TO SEND IN YOUR FILM

1. Fill out the Order Form at left.
2. Put the Order Form, along with your film and remittance and money-saving Introductory Coupons, in an envelope.
3. Use a REGULAR envelope—the kind you use for ordinary letters will carry your film quickly to us.
4. Mail your envelope to BALL PHOTO at the address shown on the Order Form.

BALL PHOTO FAMOUS DOUBLE GUARANTEE

Does all we've said sound too good to be true? We don't blame you if you're skeptical. But just to prove we mean what we say, here is the BALL PHOTO famous Money-Back Double Guarantee.

1. With your first and every roll of film, BALL PHOTO guarantees you finest quality processing to KODAK standards under the direction of KODAK-trained personnel and processed with genuine KODAK paper and chemicals. Yours at tremendous savings.
2. If you are not satisfied with the work, for any reason whatsoever (even if you "groomed"), simply return the complete order of prints and negatives or slides, or full roll of movies. We will immediately give you a cash refund for the processing and film even if film was purchased elsewhere. In case of reprints or enlargements return the complete order, and the full cost of processing will be refunded. No questions asked.

DUSTIN HOFFMAN: From Odd Jobs To Superstar

He's the kind of person you pass without seeing—even though he's Hollywood's hottest property

By PEER J. OPPENHEIMER

JUST A LITTLE over 10 years ago Dustin Hoffman was pounding the pavements of New York City looking for a job. He got quite a few.

He wore Hawaiian leis, checked coats, typed, was an aide in a mental hospital, sold shirts at Macy's, was a short order cook in a coffee shop, and did a little janitoring-at a dance studio on the side. Occasionally, he even acted in summer stock.

Today Dustin Hoffman strolls around his spacious Greenwich Village townhouse sifting through scripts and movie offers and says with great confidence: "I am in the very fortunate position of being able to choose the films I want to do. I will no longer accept anything unless the character is rich, the story important, and the director acceptable."

That's called stardom!

This new status has transformed Dustin Hoffman from just another face in the theatrical crowd to the hottest young actor of the day, and it has affected his whole family. His wife has to keep replacing the nameplate on their door because fans rip it off.

I was anxious to meet the Oscar-award hopeful and find out how it feels to have three hit movies—"The Graduate," "Midnight Cowboy," and "John and Mary"—playing simultaneously. In his next film, "Little Big Man," he portrays the only survivor of Custer's Last Stand and ages from 16 to 121.

When I walked into the reception room of his manager's office, I started to move past the other faceless individuals in the room when an arm shot forth and a pleasant voice said, "Hi, I'm Dustin Hoffman." I hadn't even recognized the man whose performances I had admired.

Without any coaxing, Dustin launched into a discussion about himself. "I didn't start out to be an actor," he said. "When I was a boy,

I wanted to be a piano player."

Hoffman tried college but washed out after one year at Santa Monica City College. "I got bad grades, due to disinterest and hostility on my part, I would say."

In those days, he didn't have much confidence in himself, partly because he was slight of build. He's only 5-feet-6 and barely hits 145 pounds. He was also convinced that he was unusually homely and considered himself an outsider.

He ended up in acting "because it was the only thing I could do painlessly." When he finally ventured into the theatrical world on his own in 1958, he headed for New York "because I didn't want to fail at home."

"I never had any really close childhood friends," he admits. "I can count only about half-a-dozen friends even now. The rest are acquaintances, mainly because I don't put myself in a position to make new friends. I don't dance, and I hate parties."

He met his wife, the former Anne Byrne at a laundromat. "I had already gone through my motorcycle period, wore long hair, a sheepskin vest, and rode bare-chested," he recalled. "That was eight years ago. She was 19 and I was 24. I was really waiting for an acting job."

"One day I went to this laundr-

Dustin and Anne had long courtship.

Dustin Hoffman and Jon Voight both won acclaim for roles in "Midnight Cowboy."

mat. That's where I met Anne. She was with the Philadelphia Ballet at the time. And we had quite a romance until I went to North Dakota to direct a play. After that, she got married and had a baby.

"It wasn't until three years later that I saw her picture in the paper. I wrote her a letter. It just so happened she had broken up with her husband, and I had just broken up with a girl I was going with." They went together almost three years, most of which was a time of struggle for Dustin. Then came the call from Mike Nichols telling him he had the part of Benjy in "The Graduate."

"Anne and I looked at each other and got depressed," Dustin recalled. "It wasn't just that we were going to be apart for five months. We knew that our lives would be changed. An experience like that could either solidify a relationship or explode it. In our case, it fell apart at first. Now it's wonderful!" They were married in May of last year.

Dustin and Anne and her three-year-old daughter Karina live quite modestly in a \$400-a-month brownstone across the street from his original \$125-a-month Greenwich Village apartment.

His one indulgence when he came into money was a huge \$700 desk which he considered worth the price since it was a "lifetime" purchase. He has no intention of forgetting his brother's advice: "If you ever hit it big, don't change your standard of living. If you do, you'll have to start accepting roles for the money, and then you're not your own man."

Dustin has remained his own man. And he has remained honest with himself. He knows his greatest talent lies in character roles, although his idea of "character roles" would differ from many others. He admits, "Playing eccentrics all the time is a cop-out for me. I have this fear that if I am just myself, I'm dull."

But he never is! ♦

even for thousands
who perspire heavily

A different formula has been found to keep underarms absolutely dry—even for thousands who perspire heavily. A formula so different it has far more anti-wetness agent than it is possible to put in any aerosol can. By anybody. After decades of common "deodorants," it took a chemical invention to make this truly effective protection possible—with the same safety to clothing—the same skin mildness as popular "deodorants." Called Mitchum Anti-Perspirant, it is the product of a trustworthy 57-year-old laboratory and guaranteed by Good Housekeeping. By the thousands, women with problem perspiration are finding the protection they need—and never could find before. And fully effective as a deodorant, too, of course. If you perspire more than average—even heavily—get the positive protection of Mitchum Anti-Perspirant. Your choice, liquid or cream. Ninety-day supply, each \$3.00. Available at your favorite drug or toiletry counter.

Mitchum
ANTI-PERSPIRANT
More Security With
FALSE TEETH
At Any Time

Don't be so afraid that your false teeth will come loose or drop just at the wrong time. For more security and more comfort, sprinkle famous PASTEETH Denture Adhesive Powder on your plates. PASTEETH holds dentures firmer longer. Makes eating easier. PASTEETH is alkaline—won't sour under dentures. No gummy, gooey, pasty taste. Dentures that fit are essential to health. See your dentist regularly. Get PASTEETH at all drug counters.

JOG IN YOUR OWN HOME

cut-away
view

**Bill Emmerton,
World's
Greatest
Runner,
Recommends
this New
Low-Priced
Jogger**

— only \$9⁹⁵ —
plus \$1.00
p.p. & h.d.g.

■ Bill Emmerton is the world's longest distance jogger—the only man known to have run 105,000 miles in his lifetime! At 55, he's as trim as a 30-year-old. In 1968, he made international headlines with an incredible run through Death Valley. He enthusiastically recommends the Executive Jogger.

Now you can use it to jog indoors, and get in shape! Get all the form-trimming and health-giving benefits of real jogging without the effort of going outdoors, exposing yourself to the weather, unfriendly dogs, or neighbors' stares! The amazing Executive Jogger is scientifically built, with unique coil springs specially embedded in a proportionately constructed high-density foam, to duplicate the "action-reaction" of outdoor jogging. Provides all the spring of an open field.

**Start the Emmerton Way Now to
Trim-Down — Shape Up — Feel Great**

Bill Emmerton says that only three minutes in the morning and three minutes in the evening on the Executive Jogger give the same benefits as jogging two miles.

Use the Executive Jogger anywhere you like. Takes little room. Its unique action helps you get the most out of your exercise. The secret is the slant and the spring construction. Jog on it for just three minutes—and you've done your body as much good as jogging a mile.

It's a fun, simple way to provide health-giving, body-toning recreation for the whole family... take it from a champ. Use the coupon below to get your Executive Jogger now.

Cling Peach Recipe Medley

MELANIE DE PROFT Food Editor

■ Keep an assortment of canned peaches on pantry shelf or in refrigerator for instant use. Sliced, diced, or halves—chilled and served with their syrup—make a perfect ending to a meal. Use them, too, as a major recipe ingredient as well as to enhance flavor and appeal of other recipes.

Peach-Crowned Rice and Meat Casserole

- 1/2 cup butter or margarine
- 1/2 cup chopped onion
- 1 clove garlic, minced
- 1 cup uncooked regular long-grain white rice
- 1/2 teaspoon salt
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon ground allspice
- 1/2 cup golden raisins
- 2 1/4 cups canned chicken broth
- 1 can (16 oz.) sliced cling peaches, drained
- 1/2 cup peach syrup
- 6 panbroiled lamb chops

1. Heat butter or margarine in a large heavy skillet or saucepan. Add onion and garlic and cook until onion is soft.

2. Add rice gradually, stirring constantly. Cook 2 to 3 min. Add a blend of salt and spices, then the raisins and broth; mix well. Bring to boiling; cover and cook over low heat until rice is tender.

3. Transfer cooked rice to a 2-qt. casserole. Mix in 1/2 cup peach syrup. Tuck in the lamb chops and spoon peach slices between chops and around edge of casserole. Brush the peaches lightly with melted butter or margarine.

4. Tightly cover casserole with aluminum foil. Heat in a 350°F. oven before bringing to the table.

6 servings

Peach 'n' Deviled Ham Salad

- 1 can (29 oz.) cling peach halves, chilled and drained
- 1 can (4 1/2 oz.) deviled ham
- 2 to 2 1/2 oz. Cheddar or Swiss cheese, shredded
- 1/2 cup mayonnaise
- 2 teaspoons prepared horseradish
- 2 teaspoons grated onion
- 1/2 teaspoon Worcestershire sauce
- 1/4 cup finely chopped pimiento-stuffed olives

1. Mix deviled ham with remaining ingredients for dressing. Chill thoroughly, if desired.

2. When ready to serve, nest peach halves in lettuce cups and arrange

on a platter for buffet service or salad plates for individual service. Generously spoon ham mixture into peaches and garnish with watercress or parsley sprigs.

6 to 8 servings

Peach Whip Topping for Gingerbread

- 2 cups (1 1/2-oz. container) thawed frozen whipped topping
- 1 snack-pack can (5 oz.) diced cling peaches
- 1/4 cup chopped salted nuts
- Gingerbread (prepared from your favorite mix)
- Chopped maraschino cherries

1. Gently fold the peaches with syrup, one half can at a time, into the whipped topping. Mix in nuts just until blended.

2. Spoon onto squares of warm gingerbread and garnish each serving with cherries. *About 2 cups topping*

Note: The topping may be served as a dessert. Pile lightly into sherbet glasses and serve with brownies.

Peach-Glazed Cheese Cake

- 1 1/2 cups graham cracker crumbs
- 3 tablespoons sugar
- 6 tablespoons butter or margarine, softened
- 4 tablespoons lemon-flavored gelatin (1/2 of a 3-oz. pkg.)
- 1/2 cup boiling water
- 8 oz. (1 pkg.) cream cheese, softened
- 1/2 teaspoon vanilla extract
- 1/4 cup sugar
- 1/2 cup chilled heavy cream, whipped
- 1 can (16 oz.) sliced cling peaches, drained
- 1/2 cup peach syrup
- 2 teaspoons lemon juice
- 1 teaspoon unflavored gelatin

1. Butter bottom and sides of an 8-in. round layer cake pan with removable bottom. Mix the crumbs and 3 tablespoons sugar in a bowl. Using a fork or pastry blender, mix in the butter or margarine. Press crumb mixture very firmly into an even layer over bottom and up sides of the pan. Bake at 375°F. 8 min. Cool on a wire rack.

Serve Peach-Crowned Rice and Meat Casserole with a well-chilled lettuce and tomato salad and warm crusty rolls for a delectable luncheon or supper menu.

2. Pour the boiling water over lemon-flavored gelatin in a bowl; stir until dissolved. Cool; chill until slightly thickened.

3. Meanwhile, mix the softened cream cheese and extract in a bowl. Add the remaining 1/4 cup sugar gradually, beating until blended. Stir several tablespoonfuls of thickened gelatin into cheese mixture. Continue adding gelatin mixture while stirring constantly until well blended. Gently fold in whipped cream. Pour into cooled crust. Chill until set, about 1 hr.

4. Soften unflavored gelatin in reserved peach syrup and lemon juice in a saucepan. Stir over low heat until gelatin is dissolved. Chill until slightly thickened.

5. Arrange peach slices in a swirl pattern on top of chilled cheese cake. Spoon syrup glaze evenly over peaches. Chill until glaze is set.

6. To serve, remove rim from pan and cut cake into small wedges.

One 8-in. cheese cake

Spiced Peaches en Casserole

- 1 can (29 oz.) cling peach halves, drained
- 1/2 cup peach syrup
- 1/2 cup packed brown sugar
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon ground nutmeg
- 1/2 cup butter or margarine, melted
- 1/2 cup oat, wheat, or bran flakes
- 1/2 cup finely chopped pecans

1. Put peach halves, cut side up, in a shallow 1 1/2-qt. baking dish. Pour a mixture of the syrup, sugar, spices, and 2 tablespoons of the butter or margarine over peaches.

2. Bake at 350°F. 10 min. Spoon a mixture of the remaining ingredients over peaches. Turn oven control to 400°F. and continue baking 10 min.

4 to 6 servings

Peach-Macaroon Mold

- 1 doz. 2-in. dry macaroons*
- 1 can (29 oz.) sliced cling peaches, drained and diced
- Peach syrup and water to make 1 1/2 cups liquid
- 1 cup cold water
- 3 env. unflavored gelatin
- 1 tablespoon lemon juice
- 1/2 teaspoon almond extract
- 2 cups heavy cream, whipped
- 2 egg whites
- 1/2 teaspoon salt
- 1/2 cup sugar

1. Gently crush macaroons to make fine crumbs (about 1 cup); set aside.

2. Soften gelatin in cold water in a saucepan. Stir over low heat until gelatin is dissolved. Remove from heat and stir in peach syrup and water, lemon juice, and extract.

3. Chill until slightly thickened. Fold in macaroon crumbs, diced peaches, and whipped cream.

4. Beat egg whites and salt until frothy. Gradually add sugar, continuing to beat until peaks are formed. Spread over gelatin mixture and gently fold together until blended. Turn into a 2-qt. mold. Chill at least 6 hrs. Unmold onto a chilled serving plate.

About 12 servings

*If necessary, dry macaroons on a baking sheet in a 325°F. oven about 10 min.; cool.

Now...a new way to get stereo tape cartridges
—at great savings!

As your introduction, choose

ANY 3
8-TRACK CARTRIDGES
\$1.00
FOR ONLY plus mailing and handling

If you join now, and agree to purchase as few as four additional cartridges during the coming year, from the more than 600 to be offered

THAT'S RIGHT! You may have any 3 of the best-selling 8-track cartridges shown here — ALL 3 for only \$1.00! That's the fabulous bargain for new members who join and agree to purchase as few as four additional selections in the coming year. AS A MEMBER you will receive, every four weeks, a copy of the Service's buying guide. Each issue offers scores of different cartridges — the best-sellers from over 50 different labels!

If you want only the regular selection of your musical interest, you need do nothing — it will be shipped to you automatically. Or you may order any of the other cartridges offered... or take no cartridge at all... just by returning the convenient selection card by the date specified. What's more, from time to time the Service will offer some special cartridges which you may reject by returning the special dated form provided... or accept by doing nothing.

YOUR OWN CHARGE ACCOUNT! Upon enrollment, we will open a charge account in your name. You pay for your cartridges only after you've received them — and are enjoying them. They will be mailed and billed to you at the regular Service price of \$6.98 (some special cartridges somewhat higher), plus a mailing and handling charge.

YOU GET FREE CARTRIDGES! Once you've completed your enrollment agreement, you'll get a cartridge of your choice FREE for every two cartridges you buy! That's like getting a 33 1/3% discount on all the 8-track cartridges you want... for as long as you want!

COLUMBIA STEREO CARTRIDGE SERVICE
Terre Haute, Indiana 47808

OH, MY ACHING BACK

Nagging backache, headache and muscular aches and pains may come on with over-exertion, emotional upsets, or everyday stress and strain. If this nagging backache, with restless, sleepless nights, is wearing you out, making you miserable and irritable, don't wait, try **Duan's Pills** — an analgesic, a pain reliever. Duan's pain-relieving action on nagging backache is often the answer. Get **Duan's Pills** — not a habit-forming drug but a well-known standard remedy used successfully by millions for over 70 years. See if they don't bring you the same welcome relief. For convenience, always buy **Duan's** large size.

What Do Many Doctors Use When They, Themselves, Suffer From Hemorrhoids?

Exclusive formula gives prompt, temporary relief from pain, itching in many cases... and actually helps shrink swollen hemorrhoid tissues—caused by inflammation.

A recent survey among doctors showed that fifty-eight per cent of the doctors reporting named one particular formula which they either use or recommend for their families. This medication in case after case gives prompt relief for hours from pain and burning

itch of tissues and helps shrink swelling of inflamed hemorrhoid tissues. Tests upon hundreds of patients showed this to be true. The medication used was **Preparation H**—there's no other formula like it. And **Preparation H** needs no prescription. Ointment or Suppositories.

**OVER 27
NEW IDEAS
DIRECT-BY-MAIL
FROM MAILBOX USA**

It means standing on tiptoe to be kissed by a tall teenager. It means many football-training table meals. It means running when they walk. And it means having my heart ache when they try on their clothes.

Why? Because the clothes my 6'4" husband and 6'6" son wore never seemed to fit right. I'd almost cry to see my two handsome men in skimpy shirts or slacks, or in clothes that just weren't in style.

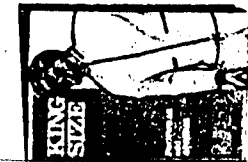

In our town there are many good men's shops, and I tried shopping for them myself. But whatever I picked out, the answer was always the same: "Sorry. Ma'am, we just don't have it in those sizes."

Then one day a friend showed me the new King Size catalog. It was a revelation. I could see these people were big men specialists. They understood. For here were 128 pages crammed with smart, stylish clothing and shoes — sweaters, slacks and jackets — all specially designed for tall and big men. Neck sizes to 22", sleeves to 38". Slacks, including New Flare Bottoms with inseams to 42". And would you believe, such famous brand names as McGregor, Arrow, Manhattan, Jantzen, Weldon? 200 Shoe Styles in sizes from 10 to 18, widths AAA to EEE — including DuPont Corfam, Hush Puppies, Bates Floaters, and many more.

What's more, the King Size people don't give you just an ordinary guarantee. They say you must be satisfied BEFORE and AFTER wearing, or you get an immediate refund or exchange. What could be fairer?

If you have a king size problem with your husband, son, brother, or boyfriend, why don't you solve it the way I did? Just sit down and write for the King Size Catalog. It's FREE. When it comes, you and the big men in your life will discover how much fun buying the right clothes can be.

Now! MOTALOY gives your car's rings and valves a replating job while you drive!

SEE HOW ONLY \$6 WORTH OF MOTALOY RECONDITIONS YOUR ENGINE—HELPS PREVENT THE NEED FOR A \$100 RING & VALVE JOB!

HERE'S HOW MOTALOY WORKS!

Here's all you do and you do it only once!
Just drop 4 Motaloy Tabs into your gas tank
and this single treatment does all this . . .

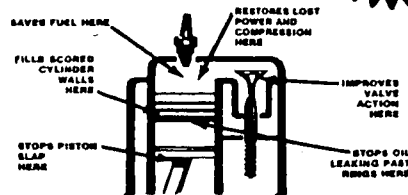

**A SINGLE MOTALOY TREATMENT
DOES ALL THIS FOR YOUR ENGINE!**

The more you drive, the more protection Motaloy deposits in the form of a fine, anti-friction metal plating that rebuilds, smooths, and protects vital surfaces! As Motaloy continues to plate and re-plate, engine compression is increased without a ring and valve job! Gas mileage improves, your engine eats less oil! And, over fifteen years of use by over a million motorists — some of them with cars that have clocked over 100,000 miles after a single Motaloy treatment — prove that Motaloy can keep your engine running younger and peppier for years longer!

**PROTECTS NEW ENGINES...
REJUVENATES OLD ONES!**

Getting a new car? Start it off with a Motaloy treatment — 6 dollars of protection that can mean invaluable extra engine life for your car. Can actually help maintain full factory compression for the life of your car... so you'll get better performance for years longer... and a better trade-in or resale price whenever you decide to sell! And Motaloy's track record on cars that have rolled up 50,000... 70,000... even 90,000 miles shows fantastic results in improved compression, lower gas and oil consumption, better pickup, smoother running — just as if the engine were years younger! Give your car's engine a new... and longer... lease on life with amazing Motaloy! Remember — a single Motaloy treatment lasts for the life of your car! And Motaloy cannot harm even the finest engine in any way!

TRY MOTALOY AT OUR RISK!

A complete Motaloy package (4 tabs) is only \$6.00. Try Motaloy in your car for 30 days, to give its plating action a fair chance. If at the end of that time your car's engine isn't running smoother... if you aren't using less oil... if your gas mileage hasn't started to improve (as it will continue to do until you've reached full factory compression)... if you don't agree that Motaloy has given your engine a new lease on life — just return the empty Motaloy package, and we'll send you back every penny of your purchase price! If you do find Motaloy does all the wonderful things we say it will, tell your friends about it. They'll thank you for spreading the good word!

• Gold Medal, Naples, Bronze Medal, Brussels, 1964

Complete Motaloy Package (4 Tabs) Only \$6.00
(2 car families: 2 packages — \$11.50)

TESTS BY TRINITY TESTING LABS PROVE MOTALOY RESULTS!

Radioactive Isotope Tracer Tests
Confirm Motaloy's Plating Action!

The activation of the Motaloy and the subsequent tracing operations of the activated Motaloy was conducted by an independent research laboratory especially licensed by the Atomic Energy Commission to supervise the industrial application of radioactive isotopes.

Approximate Amounts of Activated
Motaloy Deposited on the Surfaces
(after approx. 60 hours of operation)

Piston Rings.....	Light
Piston.....	Light
Cylinder Walls.....	Light
Intake Valve Face.....	Very Heavy
Exhaust Valve Face.....	Heavy
Intake Valve Seat.....	Heavy
Exhaust Valve Seat.....	Medium

The above tracing of the radioactive Motaloy is positive proof of the actual transfer of the Motaloy particles from the gasoline tank on to the surfaces of the above surveyed parts of the engine.

"About 1960 I put some Motaloy tabs in my gas tank, and I have driven this Mercedes-Benz 135,000 miles since!"

L. A. M., Sioux City, Iowa

"About 5 years ago I put Motaloy tablets in my Cadillac. I drove this car 125,000 miles and it never used any oil between changes 1,500-2,000 miles!"

V. V. G., Cincinnati, Ohio

"My Chevrolet had 49,000 miles on it. It had noisy valves and other troubles. Motaloy corrected all this. It is running better than new."

L. F. M., Walterboro, S.C.

"After using Motaloy in my Chevrolet my compression increased an average of 31 1/4 pounds per cylinder, which to me is conclusive proof that Motaloy will do everything that is claimed for it."

W. P. C., Elkview, West Va.

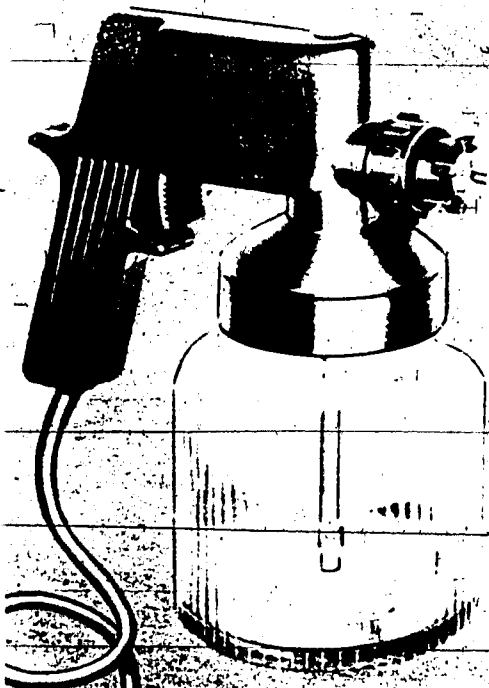

"My Dodge used one quart of oil every 225 miles. After using Motaloy I drove 1,245 miles and did not have to add any oil."

G. W., Cincinnati, Ohio

"Since adding Motaloy I have driven more than 1,500 miles, and I must say that I am amazed about the wonderful results. My gas consumption improved 40%, and my oil consumption is practically nil."

W. G. K., Fort Atkinson, Wash.

Family Weekly, March 29, 1970

You'll never need to buy another pair of socks again— for the rest of your life! *(unless your laundry loses them)*

6 pair
only \$7.98
12 pair for \$14.98

When our new merchandise man was offered an exclusive on these indestructible nylon socks, he called the manufacturer a liar.

"Can't be done!" he said. "If the socks are as strong and durable as you claim, they've got to be so stiff underfoot, they'll be unwearable!"

"Kitten-soft," said the manufacturer.

"Then they won't wash satisfactorily."

"Always come out like new," barked the manufacturer. "Permanent colors, lasting texture and shape."

"Or you'll weasel the guarantee," added our man, doubtfully.

"Unconditional!" snapped the manufacturer.

"What's the catch?"

"No catch, no secret!" said the manufacturer happily. "8-ply yarn of DuPont nylon—instead of the usual 4. Woven so closely, they make ordinary socks look like they're three-quarters air, by comparison! Styled by one of the world's great sock designers—for perfect proportion and fit. This yarn is guaranteed to wear forever, in normal use. That 'normal use' simply means regular ordinary wear—don't burn holes in them deliberately, or try to cut them with a scissors or razor."

We still had to be shown. So we got samples. And we wore them. And wore them. And machine washed them. And laundromatted them. And tortured them. Like wearing one pair for a week straight—till we thought they'd drown in sweat.

Then we washed them—with no sweat! They looked and felt like new. The socks didn't surrender. We did. They're for real—and forever!

So here they are. The forever socks. All black, or in a 6-pair assortment of smart solid colors to complement any wardrobe, 2 pair black, 2 charcoal, 1 navy, 1 loden. Ankle length, with elastic tops for snug fit. Fit any size 10½ to 13.

6 pair only \$7.98

If you've got a slow laundry (or grown-up kids), take us up on our discount dozen offer... 12 pair—only \$14.98. Same assortment (only doubled)... same forever guarantee!

**START-OF-SEASON
FACTORY SALE —**

**ONLY
\$14.95**

(COMPARABLE
VALUE \$40)

FREE:
**PERFECTLY MATCHED
TO YOUR VERY
OWN HAIR COLOR**

You'll adore "ADORA" — the new short 'n sweet length with its tapered back and headful of soft, bouncy curls. It's the look beauty experts decree is in for fall and winter! Tapered back stays nicely shaped — like you've had a \$5 trim! No setting necessary, ever — come what may, the curls lie in to stay. Easily teased or brushed into smoother styles!

It's the world's most comfortable s-t-r-e-t-c-h wig — not too tight, not too loose. Stretches 4 ways, slips on as easily as a swim cap. Light, airy, specially-made elasticized net base! Constructed from 100% new wonder Dynel for

completely natural look, greatest ease in care-free wear. All you do is shampoo... rinse... shake... put right back on. Color-fast, non-flammable... just made for the party season! Order today. **Only \$14.95.**

HUMAN HAIR STRETCH WIG (not shown) — So lavish, so glamorous! Comparable Value \$39.95. Our factory discount price only **\$19.95.**

BOTH WIGS: Send hair sample, or order: Ash Blonde, Golden Blonde, Platinum, Salt & Pepper, Red, Brown, Black, Grey, any color. Money-back guarantee.

NEVER-BEFORE SALE!

100% HUMAN HAIR WIGLET

... now create dozens of new
hair-do's — everything from
CHIGNON to CURLS
to **MINI-FALL!**

FACTORY SALE \$4.44
(COMPARABLE VALUE \$25.00)

FREE: PERFECTLY MATCHED TO
YOUR VERY OWN HAIR COLOR

Never before offered at this amazing discount sale price! Imagine — without setting foot (or head) in beauty shop, you can create fashionable chignon, mini-fall, side swizzle, curly pouf, beehive, cluster of curls, princess twist, classic coil, bouffant, fan of curls, flapper curls, practically any hair style that suits your mood. Now you can add luxurious young body to thin or limp hair! This is real human hair — may be combed, brushed, curled, teased, restyled, even colored. For elegant evenings, gala styles, wear two, even three! Quality-made with contoured skullcap and anchor-tight comb. Limited quantity — hurry! **Only \$4.44.**

DEUXE HUMAN HAIR WIGLET — thicker, fuller, even more luxurious. Comparable Value — \$39.50. Our factory discount price only **\$9.95.**

SUPER DELUXE HUMAN HAIR WIGLET — nothing finer! 10"-12" long, 3" base. So thick, so full, so lavish, you can actually make latest-fashion, long banana curls! Comparable Value — \$59.95. Our factory discount price only **\$13.95.**

ALL WIGLETS — Money-back guarantee. Matched to any hair color — blonde, red, salt 'n pepper, grey, brunette, etc. Send hair sample. Order today.

NEW! The Fabulous Dynel SWINGER

20 FUN HAIRPIECES IN ONE!
**LOW INTRODUCTORY
FACTORY DISCOUNT
PRICE ONLY \$1.00**

(COMPARABLE VALUE \$2.98)
FREE: PERFECTLY MATCHED TO
YOUR VERY OWN HAIR COLOR

What a fabulous fun idea — instant glamour in one marvellously versatile hairpiece! Today's gal uses her head — has at least one convertible Swinger matched to her very own hair color. Thick, 18" long, luscious 100% wonder Dynel — looks like, feels like your very own hair, does so much more than your own hair ever dreamed of!

Wash it, part it, swing it, twist it, swirl it, flip it, cut it, style it according to your own creative urge at least 20 different ways including: ponytail, bonnie 'n clyde swizzle, double braid, fall, bun, chignon, mod tail, beehive, wiglet, super flip, empire cone, bangs, Grecian curls, French twist, pouf, dome, lover's knot, cascade, band o' hair, cloche. **Only \$1.**

DOUBLE SWINGER — Even longer, thicker, more luxurious! Comparable Value \$4.98. **Only \$2.** We match to your hair color free — blonde, red, black, platinum, brown, salt 'n pepper, any color. Send hair sample. Order today.

EXAMINE FOR 10 DAYS AND RETURN FOR PROMPT REFUND IF NOT DELIGHTED

FASHIONS U.S.A. Dept. 608, P.O. Box 311106, Norfolk, Va. 23517

PLEASE! We must have hair sample on everything except wigs (Only wigs may be ordered by color. Wigs may also be matched to your hair sample if you wish). Send sample of hair from area in which hairpiece will be worn.

Advanced New Omni-Directional Outdoor Antenna

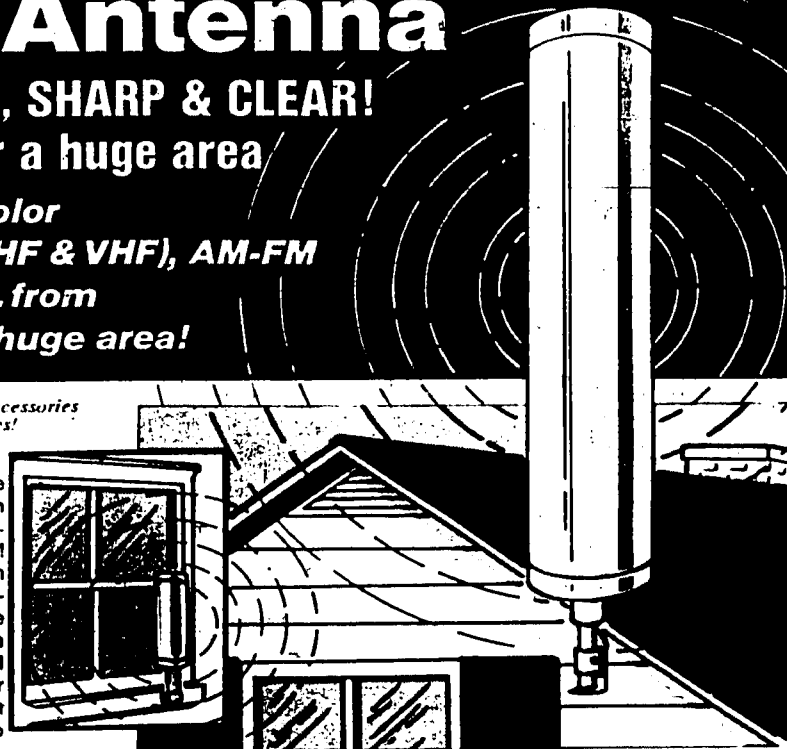

PULLS in 360° CIRCLE, SHARP & CLEAR!
Receives signals over a huge area!

**STRATOSCAN Pulls in Color
and Black & White TV (UHF & VHF), AM-FM
Stereo Multiplex Radio... from
Every Direction — over a huge area!**

*Pre-assembled—includes all hardware and accessories
so you can mount it yourself in minutes!*

See how sharp the pictures and how clear the sound you can receive in your own home, when you've installed this advanced new STRATOSCAN, omni-directional antenna system! STRATOSCAN—the result of electronic research—with a uniquely efficient cylinder shape—receives signals over a 360° circle...over a huge area! Color pictures come in clear and stable in critical color and contrast! Your TV set and FM receiver live up to their potential! To get better results, you'd need a costly roof antenna system or a motorized, rotating antenna selling for 5 to 10 times STRATOSCAN's low price!

ONLY \$12.98 EACH

JAY NORRIS CORP., 31 Hanse Ave., Dept. L-355, Freeport, N.Y. 11520

NEXT BEST THING TO A COSTLY ROOF ANTENNA SYSTEM!

- Cylinder shape replaces costly motorized systems!
- Receive color and black & white!
- Clear sound reception!
- Separate reception units—for TV, FM Stereo!
- Pre-assembled with 2 30-foot lead-in wires—one for TV—one for FM Stereo!
- Only 18" high—mounts outside window or on roof!
- Practically windproof!
- No exposed metal—can't corrode!
